# Introduction

This is the fifth book in a five book series called the “ET 2041 Book Series.” Those books deal with the gradual discovery of a very large series of event-patterns. The events in each pattern all have exactly the same time gap between them and the themes are the same in each event. The denominations of the time gaps are all numbers that God often used in the Christian Bible and each one was used in such a way that we can extract its theme. The themes were those that God apparently chose to use in his dealings with his people on earth in order to bring about the ultimate purpose for his will. That is defined in Eph 1:8-10 as follows; to bring everything in heaven and on earth together in unity under Jesus when time reaches its fulfillment.

This book has two sections which are quite different in general theme but which still tie together in a very important way. We will next reveal the general theme of the two sections and how they tie together:

Section 1; Since this book series is so involved in events and events are defined by dates it would be very important to know the years of two very important dates, the conception and birth of Jesus. It would also be very important to determine if and how these events fit into our event-pattern database. That will be the topic of this section; determining the dates of the conception and birth of Jesus.

Many people all over the world have been puzzling over the true birth date for Jesus for the last nearly 2000 years. For the first time in history we now have the resources necessary to answer that question. We believe we may have solved that puzzle and will reveal it in the first section. The image on the front cover of this book is a key part of solving that puzzle.

Section 2: The first four books in this series all had one overarching question that they were trying to answer; is our generation a good fit for God’s end time scenario? We found that the answer to that question was a resounding “yes.” Not only that but the year 2041 was the one year that stood out in many ways. With that said we decided to write this book to summarize the many reasons for the year 2041 standing out so prominently. In doing that we also want to address which event in the end time scenario would most likely take place in that year.

We discovered in our research that Jesus conception may have taken place on 9/11 of 3 BC. That date was therefore associated with Jesus’ First Coming to earth. That then leads to the following question; will 9/11 also be associated with Jesus’ Second Coming to earth? Answering that question will be addressed in both sections, thus further tying them together.

For those who might be interested in going much deeper into the topics presented in this book we will now list the titles and general topics covered in each of the first four books in this series:

Book 1: *The Search for the Tribulation Code*; reveals the results of searches for the Jubilee, tribulation and exile event-patterns.

Book 2; *God is Cooking Up Something Incredible*; Will it Be Ready to Serve in 2041?; Reveals the discovery of event-patterns of 200, 2000 and several other long time gap event-patterns with all converging in the year 2041.

Book 3; *The Angel of Death Supercode*; reveals the identity of the Angel of Death supercode as well as several other ominous death and destruction event-patterns.

Book 4: *Cracking the Twin Global Reset Code*; reveals the nature of the end time scenario and whether or not our generation is a good fit for the end time scenario.

The author of this book was well qualified to do the necessary research, conduct the analysis and reach the conclusions presented in this book series. His college degree was in mathematics and physics which led to his career as a senior scientist, manager and systems analyst during his working career. He was an avid lifelong astronomer and thus he was very familiar with the nighttime heavens. He was also a theologian who concentrated on Biblical studies dealing with either answering the toughest Bible questions or on Bible prophecy.

Many of his writings on this topic are included on his website [www.proofthruprophecy.com](http://www.proofthruprophecy.com) . He has been a Bible teacher for the last 30 years and has written about 18 books which he taught to his students. Finally, he has had a lifelong passion for studying history, both secular and Biblical.

Thus the author is well versed in the four topics necessary for researching and writing this five book series, the four topics of science, Bible prophecy, astronomy and world history.

All quotes from the Bible within this book were taken from the New International Version. All Scripture quotations, unless otherwise indicated, are taken from the Holy Bible, New International Version®. NIV®. A Great Sign in the Heavens

The Woman, the Child and the Serpent

Demonstrating How that Sign

May Be Pointing to Both

Jesus' First and Second Comings

# Chapter 1

## Revealing A Possible Connection Between the Ancient Signs in the Heavens at the Time of Jesus' Conception and His Future Second Coming

### What Were the Ancient Signs in the Heavens Pointing to the Conception and Birth of Jesus

The front cover describes an amazing alignment of heavenly bodies in the Zodiac on 11 September 3 BC. That is right, nine eleven again, only this time the original nine eleven. In this book we will not only demonstrate how the signs depicted in that alignment apply to the First Coming of Jesus to earth, but also to his Second Coming. As we will see, they also apply to both the original and second comings of Israel as a nation. Explaining that will be a big order, but it will be an exciting one for us to prepare and serve.

In particular we will show that this alignment actually took place in the heavens on 9/11/3 BC from our studies of the heavens and that Jesus was conceived on or about that very day. That sign is presented in Rev 12:1-5 and it presents a woman who is about to give birth to a child. The sign seems to have multiple fulfillments as we will demonstrate. We will first present the sign as presented in Rev 12 and then go into each of the fulfillments of the sign.

Our study of the topics being presented in this section were studied and written about at four separate times during the last 22 years. We first conducted these studies in the year 2002 and then updated them in the years 2012, 2017 and 2024. For that reason there will sometimes be duplication and things may seem a bit disjointed as we go from topic to topic.

#### Revelation 12:1-5

(1) A great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet and a crown of 12 stars on her head. (2) She was pregnant and cried out in labor and agony as she was about to give birth. (3) Then another sign appeared in heaven: there was a great fiery red dragon having seven heads and ten horns, and on its heads were seven crowns. (4) Its tail swept away a third of the stars in heaven and hurled them to earth. And the dragon stood in front of the woman who was about to give birth so that when she did give birth it might devour her child. (5) She

gave birth to a Son, a male who is going to rule all nations with an iron rod. Her child was caught up to God and to his throne.

## **Our Interpretation of the Sign Taking Place in the Heavens in Rev 12:1-5**

We have noticed a great bit of disagreement among Bible scholars about whether this passage points to the birth of Israel or Jesus. I have quite a different interpretation. It applies to both, and with two different and separate fulfillments for each one. Before describing those we feel it very important to demonstrate how God uses prophetic “models” in the Bible and how he may use them several times and in different ways for each key event being modeled. Basically, one type of model uses events or sets of events in the lives of key Old Testament people to perfectly model some key future set of events that will be fulfilled in the life and work of Jesus. The sacrifice of Isaac by Abraham in Gen 22 is a model of the then yet future sacrifice of Jesus for our sins. That model and several others are included in my book, *Cracking the Twin Global Reset Code*, and on my website [www.proofthruprophecy.com](http://www.proofthruprophecy.com) for those who are interested. Sometimes the same event is modeled several times and in different ways in the Old Testament. Again, these models have features or design characteristics that are very similar to yet future very key events. They are like the real thing will be but are not the real thing. God uses them as very important teaching tools concerning very key coming events or persons.

That is precisely the way in which I see this passage being used. The ultimate fulfillment of Rev 12:1-5 was in a sign that would announce the conception and coming birth of Jesus to all in the world who knew how to interpret it. That included the wise men from Persia. Daniel had been in charge of the Persian wise men for many years when he was serving under Nebuchadnezzar in Babylon. Daniel would quite likely have presented the gospel in the stars to them along with the signs that would take place in the heavens before and surrounding the birth of Jesus. Daniel knew the timeframe in advance of the coming of Jesus and he would have informed his wise men. Thus they would have been expecting Jesus when he came. The same was true of the Essences who were also expecting Jesus when he arrived. See the book of Enoch and writings of Ken Johnson for much more on this.

The passage in Gen 37:9-10 presents the way in which the “birth” of Israel was a model of the coming birth of Jesus in a unique way. In the case of that model Israel was in the “womb” for about 750 years. With that as background we will now go through Rev 12:1-5 verse by verse:

**Verse 1:** It seems that God created the whole Mazzaroth in such a way that he could present the whole gospel story symbolically in the nighttime heavens. It was

one way to teach his people on earth that they would need a Savior and how he would make him available in the future. We have evidence that first the patriarchs and then later the Jewish people had been made aware of this and used it to teach the gospel in advance to their children and others.

An image of the Virgin Mary, the mother of Jesus, is seen in the Mazzaroth at the time of the conception of Jesus in broad daylight. She is clothed in the sun. Just as the sun provided light to the physical world so too does Jesus, the one called “the light,” the light that illuminates the spirit. He brings even the hidden things into the light. Since Mary has Jesus, the light, within her even her body shines brightly, just as if the sun was covering her body. The moon, which represents Satan, the ruler of the darkness, of the dark side, the archenemy of all that is good, knew that the one who was within Mary would overcome the darkness, would one day eliminate it, eliminate him. There is a crown on her head that would signify royalty since the one who is the true ruler of the universe was then within her. The crown was composed of twelve stars which would stand for “the complete, ultimate ruler of all things” since the one within her is the “King of kings and Lord of lords.” Of course it could also stand for the 12 apostles or the 12 tribes of Israel. These would represent the totality of all who follow Jesus.

**Verse 2.** This verse simply makes it very clear that the virgin was about to give birth.

**Verse 3.** This verse says that another sign also appeared in the heavens. This sign was a great fiery red dragon with seven heads, ten horns who was wearing 7 crowns. This sign not only pointed to events that would take place at the first coming of Jesus but they also will apply to the end times when Jesus will return to earth a second time, this time to do battle with the antichrist and destroy him. Daniel’s description of the end times fits this sign perfectly. He tells us that the antichrist will take over the world, rule the world which will then be composed of 10 nations which will only have 7 leaders since he will personally be leader of several of them, thus leaving only 7 total kings with him being the leader of all of them. He would be “king of kings” so to speak, thus again emulating Jesus, the real King of Kings. This passage gives us a preview of the seven year tribulation period of the end times.

**Verse 4.** This verse clearly shows that Satan is behind the antichrist in the end times. Meanwhile, even before the creation of mankind on earth he, who was also a created being, but one with huge pride, fell to his pride, wanted to become a god himself and in his greed convinced one third of all created angels to follow him in his efforts to become like God. The verse also points out that one major feature of

Satan's plan is to become like God, to thwart the plan that God had for containing him. We will present a bit more about Satan to clarify all of this.

The fiery red dragon represents Satan in this whole passage. He will attempt to devour Jesus not only through inspiring King Herod to attempt to kill Jesus soon after his birth, but he will again attempt to devour Jesus in the end times. This will take place in several ways. He will attempt to thwart Jesus' plans by killing every Jewish person on earth, thus not allowing Jesus to fulfill his plans for his people. When this fails Satan will attempt to assemble the largest army ever assembled, one composed of not only millions of humans but also the whole array of his evil angels. This will be the battle of Armageddon. It will result in the end of both Satan and all of his angels as they will be hurled into the Abyss by Jesus for the next 1000 years

**Verse 5.** This verse doubles down on the fact that this passage is about Jesus and his initial birth to the virgin Mary. It does so in several ways. First it says that the woman did give birth to the child. It says that he would one day rule the earth with an iron scepter or rod. This is later confirmed in Rev 2 and 19 in those exact words. He would rule earth with an iron rod or scepter. This will never be fulfilled by any human or by Satan and his followers. Next it points out that Jesus would be taken to heaven and rule with God on his throne. Amen.

## **Presenting the Four Fulfillments of this Sign**

We will next tackle the four fulfillments of this great sign, with two involving the nation of Israel and two involving Jesus.

### **First Fulfillment Involving Israel:**

There is a passage in Gen 37:9-11 that seems to be parallel to Rev 12:1-5 and in that passage the birth would be the birth of Israel as a nation. However, that is not unusual and it does not imply that Israel would be the only fulfillment for the identity of the child in the Rev 12 passage. There are literally dozens of prophecies in the Bible that can be shown to have multiple fulfillments. The Gen 37 passage seems to clearly apply to the coming birth of Israel as a nation, but that does not preclude it from also pointing to a second possible fulfillment involving Jesus. Likewise, we will show that the Rev 12 passage is certainly primarily pointing to the birth of Jesus, but it could also, at the same time be pointing back to the birth of Israel as a nation. We will clearly show that Jesus is the child being pointed to in this passage in Revelation.

It is quite interesting to note that Jesus was conceived on 9/11 in our scenario while the passage primarily involving Israel in Gen is in verses 9-11. I have heard Chuck Missler, the great Bible prophecy teacher say on various occasions, “coincidence is not a kosher Jewish word.”

The passage in Gen 37:9-11 is most clearly pointing to the first birth of the nation of Israel. This would take place during a 400 year incubation period while the family of Jacob, who was renamed Israel by Jesus, was in slavery in Egypt. During that 400 years this small family became a people group of about 1.5 million people. The Bible book of Exodus describes this whole process and how the enslaved people obtained their freedom and then became a nation called Israel. They overtook the land mass that God had promised to them and were really “born” as a full bred nation in 1399/1400 BC after wandering for 40 years in a large wilderness before God would let them claim the land he had given them. Again, this marked the first birth of Israel.

## **Second Fulfillment involving Israel:**

This is actually the fifth book in a series that we originally called “The ET 2041 Book Series.” In the fourth book in that series, we developed an end time scenario based upon a huge number of event-patterns that kept pointing to the year 2041 as a very likely candidate for being a key year in God’s end time scenario.

We constructed an end time scenario that we called the “13 year end time scenario,” one that went from Jesus’ rapture to the time of his anointing of a new millennial temple in Israel. This 13 year end time scenario was presented in our book, *Cracking the Twin Global Reset Code* and will be repeated later in this book. The huge amount of evidence that we discovered pointed to the celebration of Pentecost in 2051 as being the likely date for the time when Jesus would anoint that new millennial temple. The Biblical book of Daniel refers to a seven year period of tribulation in this 13 year scenario as the “tribulation period.” In Matthew 24 Jesus called this a period of great destruction the greatest ever, even worse than that of the great flood. The 13 year scenario also calls for Jesus’ Second Coming to take place at the end of the year 2045.

The huge amount of destruction all over the world would call for nearly a complete rebuilding of all of the worlds infrastructure. Thus the time of the anointing of the millennial temple in 2051, six years after the Second Coming of Jesus, might be the first time that Israel could be rebuilt enough to again become a fully operative nation. Ezekiel 40-48 says that Israel will be significantly enlarged and divided into 13 parallel strips of land, about 25 miles wide and stretching from the Mediterranean Sea to the Euphrates River. Each of the twelve tribes will be given one

of these strips of land to occupy for the next 1000 years, etc. Thus Israel could possibly be ready to celebrate its “rebirth” in the same timeframe as the anointing of the temple. Jesus would likely be at the center of the ceremony. Of course this is very speculative on our part, but the Bible points out that these types of things must take place.

The timeline that we developed in our four book series clearly points to both 2041.53 and 2051.4 as being very key dates in the end time scenario. The key event in 2051 would be in the timeframe of the Tabernacles celebration on God’s 360 day/year calendar. The birth of Jesus and the original coming of the Holy Spirit to earth also took place in Jewish feast seasons. In those cases the feast season was that of Pentecost. This would be the time to celebrate the “birth” of the Holy Spirit within those who had chosen Jesus as their Savior and Messiah. In these cases both the Tabernacles and Pentecost dates represented extremely key births. The birth here in 2051.4 would be the rebirth of a now much larger nation of Israel. It would be necessary since Israel had been destroyed and taken over in the middle of the tribulation period. Thus Jesus might take the opportunity to recognize the rebirth of Israel during the time of the celebration of Tabernacles in 2051. That time would also be appropriate since Zechariah 14 says that during the millennium Jesus will require people from all nations to come to Israel year by year to celebrate Tabernacles with Jesus. Again, this is speculation on my part but it certainly fits the narrative of things that would be taking place in that time period.

### **First Fulfillment Involving Jesus:**

If we go forward nine months from 9/11/3 BC, the time of the conception of Jesus, we come to the Pentecost in 2 BC. That would be the time of the Birth of Jesus. This would be the ultimate fulfillment of the sign presented in Rev 12 that was pointing to an extremely important birth in the life of the nation of Israel and its people. Since we presented a complete interpretation of the Revelation 12 passage and its context above we will not repeat it here. We will however follow this discussion with an extensive presentation on the actual signs that appeared in the heavens in 3 BC and the years surrounding that year.

### **Second Fulfillment Involving Jesus:**

I have attempted to find some event-pattern string that converged in either the year of his conception or his birth but I always struck out. This search began in 2012 when I found my first event-pattern string, the Jubilee year event-pattern string. When I began writing this book in late 2023 I seriously intensified that search. I finally had success in January 2024. My reasons for intensifying that search was because I wanted to find some connection to the dates of the conception and birth of

Jesus to the dates on the rapture and Second Coming that we found in the 13 year end time scenario in our generation.

The basic reason for my intensified interest in finding such a pattern was just this. Since I am and have long been a serious student of Biblical end time prophecy and also since I had discovered a whole myriad of event-patterns that pointed to the year 2041 and our generation being a good fit for the end time scenario I wanted to find as many clues as possible to validate my conclusions.

There are literally dozens of these clues in the Bible that clearly fit the narrative that our generation is a good fit for the end time scenario starting in 1844. Since these signs have been the subject of so many prophecy books written in the last few years I will not repeat them here. However, I will present a few of the very most important clues in my opinion:

- Israel was reborn as a nation once more in 1948. Jesus said in Matt 24 that the end time scenario would occur in the generation in which this took place. Really, this says it all.
- There would be a great falling away from the faith in the years leading up to the end times.
- The Word would have to be preached to all nations before Jesus would return. The internet is available everywhere which does finally make the Word of God available to all nations.
- Jerusalem would have to be the capital of Israel once more.
- There would be a knowledge explosion in the world.

I unearthed dozens upon dozens of new clues in my fourth book in this series, *Cracking the Twin Global Reset Code*, but there was one very special clue that I had not found yet, but suspected that it did exist. That is the clue that we are now presenting. It is a clue that connects the very year of the conception to the start of the seven year period of tribulation pointed to by both Daniel and Revelation.

How can we possibly connect the sign that took place at the conception of Jesus with the seven year period of tribulation in the end time scenario being pointed to as a good candidate for taking place in our generation? Before presenting that we will need to first present an analysis of the sign on the cover of his book, the sign of Revelation 12:1-5.

## Demonstrating That All of Rev 12 Clearly Points to the End Time Scenario, the Antichrist, the 7 Year Tribulation, etc.

Since we now understand the sign in Rev 12 we can now continue our attempt to demonstrate a connection of that sign with the 13 year end time scenario postulated for our generation. We will next do this point by point:

- The sign took place on 9/11 of 3 BC. That was the year 3.3 BC. It was exactly 70 (69 calendar years) years from 3.3 until the very start of the seven year Roman/Jewish war. This war paralleled the seven year period of tribulation postulated for our generation precisely. That means that the starts, middles and ends of the periods were exactly 2000 years apart in our date database. We will present more on the themes of these parallel events later in this section in Hosea's prophecy. They are covered extensively in our book, *Cracking the Twin Global Reset Code*. The year 66.7 is 3 ½ years before AD 70.23, the 4000<sup>th</sup> year after the end of the 7<sup>th</sup> day of creation. 2041 is the 6000<sup>th</sup> year, precisely 2000 years after AD 70.23.
- This means that the year AD 66.7, 70 years after Jesus' conception parallels the year 2038.0, which would be the start of the tribulation period in our generation. The Bible clearly points out in many places that the rapture of the saints will take place at or before that time, the start of the period of tribulation. 1 Thessalonians points this out in several ways for those who are interested.
- Since 66.7 is tied to Jesus' conception by an event-pattern of 70 years and the year 66.7 is tied to the year 2038.0 as a parallel 2000<sup>th</sup> year, that means that the year AD 2038.0 is tied to Jesus' conception year. That year, 2038, is the year of the start of the 13 year end time scenario which is tied to the rapture of the saints conducted by Jesus. The year 2038 is also tied to a visit to earth by Jesus in the "Long Time" pattern presented in our book, *Cracking the Twin Global Reset Code*. What this really shows is that Jesus' first two comings to earth, his conception and his rapture of the saints are separated by exactly 2000+70 years, or a period of 2000 years followed by another period of 70 years.

This is all a bit complicated but we have finally reached our goal of tying 2038 to the sign shown on the front cover of this book. We wanted to show that Jesus' first and second comings were both tied to the sign on our cover in some way.

**Important Footnote:** It should be clearly obvious that the sign that appeared in the heavens at the time of the conception of Jesus would have been hidden to everyone except those who were looking for and expecting it. This would have been the

Essenes and the wise men. The sign itself would have been hidden since it took place in broad daylight so the only parts of the sign that could have been easily seen were the sun and the Day Star. The moon and the stars that made up the images in the Mazzaroth could not be easily seen in the daytime. Those who were expecting a sign such as this would have seen it gradually coming together in the months preceding the sign finally coming together. Another reason why the Essenes and wise men would have been the only groups to have been expecting such a sign was that they were likely the only groups who were aware of the ancient prophecies of Daniel and Enoch who forecast the very time that Jesus would come to earth. Thus they were aware of both the fact that the Messiah was due to come to earth and the fact that there would be signs in the sky that would reveal when it was actually taking place. There are also current indications that there may be specific fulfillments of Bible prophecy and astronomical signs in the heavens which will accompany Jesus' next visit to earth. We will discuss that in the last chapter of this book.

Thus we have finally completed our very complex task, one of showing that the original sign taking place on 9/11 of 3 BC can be connected to the first and second births of both the nation of Israel and the first and second comings of Jesus to earth.

## Chapter 2

# Revealing the Dates of Jesus' Conception and Birth as Revealed by Astronomical Signs in the Heavens in 7-1 BC

### Conditions That Must Be Met in Determining the Years of the Birth and Death of Jesus

1. Daniels famous seventy sevens prophecy of the year of the death of the Messiah. Dan 9:24-27 says that the Messiah will be cut off in  $69 \times 7$  Jewish years from the Artaxerxes' decree allowing the Jews to rebuild the walls and the city of Jerusalem. The date of the decree seems well established and unless this date is shown to be in error, it predicts that the Messiah will be killed in the spring of AD 32.
2. Jesus was born a short time before the death of Herod the Great, king of Judea. Josephus reported that Herod died in the period between an eclipse of the moon and Passover. This condition was met in both the years of 4 BC and 1 BC. In the past most historians have selected 4 BC but recent evidence shows that 28 January 1 BC was the date of Herod's death. There was a full eclipse of the moon on 9/10 January of 1 BC and of course Passover was in the spring. Herod's death was likely on 28 Jan 1 BC.
3. The birth must have been at a time of year when shepherds would have been outside at night with their sheep.
4. The birth had to be at a time when there was a census of the entire Roman Empire since Joseph and Mary were going to Bethlehem at the time of Jesus' birth to participate in a census. There were taxation censuses in 28 BC, 8 BC and AD 14. None of these fits the scenario. However there was another type of census in 3/2 BC. The Roman Senate bestowed a significant new honor on Caesar Augustus at that time, naming him "Father of the Empire." This led to the census and oath of loyalty pledge that Mary & Joseph had to participate in sometime around that date. Caesar Augustus ordered that all adults be enrolled and pledge their allegiance to him. This would have placed Jesus' birth in 3 or 2 BC, most likely 2 BC.
5. The ministry of Jesus would have begun when he was 30 years old due to Jewish regulations regarding Rabbis, Luke 3:23. This was in the 15<sup>th</sup> year of the reign of Tiberius Caesar, Luke 3:1. He began his reign in AD 14. His first year would have been reckoned to be in the year from AD Aug 13 to Aug 14. Thus Jesus' ministry would have begun in the period between AD Aug 28 to Aug 29. If our interpretation of the signs surrounding Jesus' birth is correct, he would have been 30 years old in AD June 28. It seems his ministry began in the fall of AD 28.
6. There is historical Biblical evidence that Paul's Damascus Road experience took place in AD 33/34. The constraint of likely events in Paul's life seems to restrict the death of Jesus to earlier than AD 33, placing it likely in AD 32. If it were in AD

33 that would mean that there was no more than about 1 year between Jesus' death and Paul's conversion. If so Paul must have been unbelievably busy harassing Christians in that short span of time.

7. Quirinius was governor of Judea when Jesus was born, John 2:1-3. He was governor from 7-4 BC and again from 2 BC to AD 1. This seems to place the birth most likely in 2 BC. This later period has only recently been confirmed by archeological finds.
8. Most Jewish scribes in the second and third centuries AD place Jesus' birth in 2 BC.
9. Elizabeth was 6 months pregnant in the sixth month of the Jewish calendar, Luke 1:26, 36. This would be Aug/Sept on our calendar. That would mean that John the Baptist was conceived in Feb/Mar and would be born in Nov/Dec. If Jesus was born 6 months later that would place his birth in the May-July time frame. That presumes use of the Levitical calendar. If Luke was using the civil calendar the dates would be six months later. That is unlikely since Jesus' birth would then be in Nov/Dec which would present weather issues.
10. The preponderance of evidence points to 2 BC as the year of Jesus' birth. To make everything fit properly without contradictions. That means that Artaxerxes' decree had to be in 444 BC and not 445 BC. If so all of the events can be made to fit together and Jesus' death would have been on Passover AD 32.
11. Jesus would have been conceived during the Feast of Trumpets, the Jewish New Year, born on the Feast of Pentecost, and died during the Feast of Passover. John would have been conceived during the Feast of Passover and born during the Hanukkah celebration. Some believe that he was beheaded during the Feast of Purim, about a month before Passover.

## **An Introduction to Key Signs in the Heavens Pointing to the Birth of Jesus and to Key Events Surrounding that Birth**

The front cover of this book is a depiction of a sign that took place in the daylight hours on the very day that Jesus was conceived. The Bible depicts how the conception was miraculous in that Mary, the mother of Jesus, was a virgin. She was engaged to Joseph but was still a virgin. This sign is described in detail in Revelation 12:1-5. It turns out that very significant signs also appeared in the nighttime heavens at every significant event surrounding the whole timeframe of the conception and birth of Jesus. We will present all of those signs and their significance in this chapter as necessary background before tackling the challenging questions that will be the subject of this chapter.

Thus we will next present that topic. We first began researching this topic in the year 2002 and taught it to our two Sunday morning Bible study classes. I have been an avid astronomer since about age 15, have seriously studied astronomy, have

built over 30 telescopes and really enjoyed using them to study the night skies over many years. Thus I was well equipped to do this study. I was thoroughly versed in both the Bible and astronomy.

Our study of the nighttime skies in the years surrounding the conception and birth of Jesus will be presented in this chapter. I will also use my skills as a physicist and astronomer to analyze the possible nature of the “star” which led the wise men from Persia (Iran) to first Jerusalem and then to Bethlehem. You will likely be surprised at my conclusions.

## **Revealing the Nature of and Purpose for the Signs that Appeared in the Heavens at Every Major Event Surrounding the Conception and Birth of Jesus**

The Star of Bethlehem has captured our imaginations and been a puzzle to Christians since at least the second century. We aren't sure what it was or even when it happened and may never have a certain answer, but it's still interesting to speculate. We do continue to unearth new archeological discoveries and computers now allow us to view the heavens as they appeared centuries ago. Today I'll go over some of the latest scientific and scholarly thinking and present some of my own ideas. One of the reasons that we have trouble dating the birth of Christ is that errors were made in translating from the old Roman or Julian calendars (which dated events from the founding of Rome in 753 BC) to the new calendars which dated from the birth of Jesus. This lesson will be a science and history lesson as well as a Bible lesson. Hope you find it interesting, insightful and enjoyable.

### **An Astronomy and an Astrology Lesson**

Astronomy is the scientific study of all of the celestial bodies and material in the universe, while astrology is the study of the apparent relationship between the positions of the sun, moon, planets, and stars and events which happen on earth. In general, science now rejects the principles of astrology. However, in ancient times this wasn't the case and they started as one endeavor. We will look at what the ancients thought of the Zodiac and the significance that they attached to it. The Bible mentions the constellations in general and by name many times (Job 9:9, 38:31-33, Amos 5:8, Acts 28:11). God originally named the stars (Isa 40:26, Ps 147:4). Each of the twelve constellations in the Zodiac was originally associated with one of the twelve tribes of Israel. It appears that God originally taught the gospel story to his people using the constellations and planets, with each having special significance. However, over the centuries the story got polluted by Satan's pagans, principally in Babylon, with the result being astrology was changed to lead people away from God rather than to him.

## **Who Were the Magi and Why Were They So Interested?**

The Magi seemed to be a priestly group who were skilled in astronomy and astrology and who interpreted dreams and signs. They probably lived in Media, a part of the Persian Empire, which is roughly where the present Tehran, Iran is located. This was about 1000 miles east of Judea, about a two-three month trip by caravan. Coming from that part of the world they would have likely ridden horses and not camels. Daniel had been in Babylon, in modern day Iraq, when his prophecies originated. Daniel had a position akin to prime minister in both the Babylonian and Persian empires and one of his jobs seemed to be head of the large group of king's wise men. Daniel had apparently made them aware of many of the signs that would precede the birth of the Christ. Thus, the Magi certainly knew from Daniel's prophecies (Dan 9:24-27) that a great Jewish prophet and king would come and they were looking for the signs. The wise men likely knew the year when the prophesied Messiah would die from this prophecy, AD 32, and they knew that when the first sign appeared that the year of his death was less than 40 years away. Thus they knew that the time of the birth was nearing when they witnessed the signs appearing in the heavens. They also knew that Daniel's prophecies were coming true when they saw the signs and that they were from God. This motivated them to want to worship the child "born king of the Jews." This gave them sufficient faith that they were willing to travel nearly 1000 miles by caravan over rough terrain to see and worship this new baby born "king of the Jews."

## **What Do All of These Signs Mean?**

I have been collecting and reading articles on the "Star of Bethlehem" since the 1970's. Most of the articles are by scientists and scholars trying to "prove" when Christ was born and that one of the signs was "the sign." I disagree with all of the articles to some extent because I think that all of the signs and maybe some that we don't even know about "all" pointed out that the "Savior", "Messiah", "King of kings", was to be born to a virgin of the Jewish tribe of Judah. The signs were all very significant. God set the universe in motion thousands or millions of years ago, depending on your perspective, in such a way that all of these physical signs would occur at just the right time to bring about His purpose. I liken the amazing confluence of signs to the "grand finale" at a great fireworks show. It is really something to behold and takes away our breath. The myriad of signs all pointing to Bethlehem would have been hard to miss, but apparently most still missed the most important event in the history of the world. What a wonderful and powerful God and Creator we have and serve! This was all part of His master plan for us.

Geocentricity.com has the following to say about the events preceding the birth of Christ:

However exciting the events presented by the planetariums at Christmas time may be, they pale in comparison to the astronomical events that took place during a 20-month period from Mar 3 BC to January 1 BC. This was one of, if not the most remarkable series of celestial events since creation. At the time, these celestial events inspired many wonderful interpretations by the priests, astrologers, and politicians of the time. Moreover, the celestial pageantry occurred when the entire Roman Empire was in celebration. To Rome and to Augustus Caesar, it was as though

the heavens were confirming their greatness. But after a year of euphoria, a visit of several wise men to Jerusalem—seeking audience with whom they knew would be the greatest king ever—doused the euphoria and replaced it with a paranoia that would drive kings and emperors mad for millennia to come.

I came to the conclusion in the late 1990's that the evidence available to me pointed to Jesus being born in 2 BC and dying of crucifixion in AD 32 at age 33-34 after 3 ½ years of public ministry. As a Rabbi he could not have begun his ministry until age 30. There is current historical evidence that this began in AD 28. The account of Jesus' ministry presented in the four gospels seems to account for 3 ½ years. Based upon Daniel's seventy sevens prophecy in Daniel 9:24-27 and counting from the Persian edict which historians have dated to 445-444 BC, Jesus would have died at Passover in the spring of AD 32. With a 3 ½ year ministry he would have begun his ministry in the fall of AD 28. If he died in AD 32 he would have to have been born in 2 BC. Also, as we will see as we study further, it seems that Herod the Great died in early 1 BC, likely on 28 January. This would mean that Herod would have died about 7 ½ months after the birth of Jesus. This fits our scenario perfectly.

In 2012 and again in 2017 I took an extensive look at the new scientific evidence that had been developed since my earlier studies on this topic concluded in 2002. Astronomers have developed a much more complete picture of what was in the skies in the years surrounding the birth of Jesus, with much more complete information on dates of conjunctions, how close they were, etc. Star chart apps available to anyone using iPhones, iPads or PC's make it possible to closely inspect what appeared in the heavens at any date in history. I have compiled the information that I developed in 2012 using these and other tools into a table and a large chart containing the description of 21 separate signs taking place in the heavens surrounding Jesus' birth. I tried to interpret what was in the skies in the years surrounding Jesus' birth as they might have been interpreted by the Jews, Romans and Magi of those days. I was able to justify my previous conclusions with much more certainty and to make several startling new discoveries. Some of these discoveries include:

1. The birth of John the Baptist was forecast by God in the signs presented in the heavens. This sign was precisely six months preceding the conception of Jesus. John was six months older than Jesus as we know.
2. The time lapses between the signs in the skies correspond precisely with what is presented in Scripture. This is an absolutely amazing insight and another proof that God is who he says he is.
3. We see new insights into what the star of Bethlehem might have been.

We will now go to the attached table and chart and study them to discover these new insights.

## **The Biblical Setting For the Birth of Christ**

We will look at the scriptural accounts of the visit of the Magi or wise men so that we may interpret our scientific study of the Star of Bethlehem in the proper context. The account is in Matthew 2:1-12. Let's read it and pick out the key points.

1. Jesus was born in Bethlehem of Judea during the time of King Herod.
2. Magi from the east came to Jerusalem saying that they had seen the star of the one born King of the Jews and had come to worship him.
3. Herod was told that the prophets had predicted that the Christ was to be born in Bethlehem.
4. Herod asked the Magi for the exact time that the star had appeared.
5. The star that the Magi had seen in the east led them to the house where the child was, and they bowed down and worshipped Him.
6. They presented Him with gifts of gold, incense and myrrh.
7. Having been warned in a dream not to go back to Herod, they went home by another route.
8. Herod ordered that all boys in the vicinity of Bethlehem under two years old be killed in accordance with the date given to him by the Magi.
9. The Lord appeared to Joseph in a dream and told him to take the Child and His mother to Egypt and to stay there until he was told to return.
10. When Herod died an angel again appeared to Joseph and told him to return home.
11. When Joseph heard that Archelaus, one of Herod's sons, was ruling in place of Herod, he went to Nazareth in Galilee instead of Bethlehem in Judea.

What is not said here that we often see portrayed in scenes, plays, songs and stories?

Let's continue reading to the end of the chapter and pick out other key points.

We note that Luke 1:26, 36 tells us that Elizabeth was 6 months pregnant in the sixth month. That is a huge clue to the month of the year that both John and Jesus were born. Mary was not yet pregnant but very soon would be. After Gabriel and then the Spirit visited Mary she must have told Joseph she was pregnant. The angel then visited Joseph to confirm what Mary had told him. Mary then hurried to visit Elizabeth. She was very recently pregnant when she visited Elizabeth. Close reading confirms this.

## **Account of the Visit of the Magi in Matthew 2:1-23**

### **The Visit of the Magi**

2 After Jesus was born in Bethlehem in Judea, during the time of King Herod, Magi from the east came to Jerusalem <sup>2</sup> and asked, "Where is the one who has been born king of the Jews? We saw his star in the east and have come to worship him." <sup>3</sup> When King Herod heard this he was disturbed, and all Jerusalem with him. <sup>4</sup> When he had called together all the people's chief priests and teachers of the law, he asked them where the Christ<sup>[c]</sup> was to be born. <sup>5</sup> "In Bethlehem in Judea," they replied, "for this is what the prophet has written:

<sup>6</sup> "But you, Bethlehem, in the land of Judah, are by no means least among the rulers of Judah; for out of you will come a ruler who will be the shepherd of my people Israel."<sup>[d]</sup>

<sup>7</sup> Then Herod called the Magi secretly and found out from them the exact time the star had appeared. <sup>8</sup> He sent them to Bethlehem and said, "Go and make a careful

search for the child. As soon as you find him, report to me, so that I too may go and worship him.”

<sup>9</sup> After they had heard the king, they went on their way, and the star they had seen in the east went ahead of them until it stopped over the place where the child was. <sup>10</sup> When they saw the star, they were overjoyed. <sup>11</sup> On coming to the house, they saw the child with his mother Mary, and they bowed down and worshiped him. Then they opened their treasures and presented him with gifts of gold and of incense and of myrrh. <sup>12</sup> And having been warned in a dream not to go back to Herod, they returned to their country by another route.

### **The Escape to Egypt**

<sup>13</sup> When they had gone, an angel of the Lord appeared to Joseph in a dream. “Get up,” he said, “take the child and his mother and escape to Egypt. Stay there until I tell you, for Herod is going to search for the child to kill him.” <sup>14</sup> So he got up, took the child and his mother during the night and left for Egypt, <sup>15</sup> where he stayed until the death of Herod. And so was fulfilled what the Lord had said through the prophet: “Out of Egypt I called my son.”<sup>[f]</sup>

<sup>16</sup> When Herod realized that he had been outwitted by the Magi, he was furious, and he gave orders to kill all the boys in Bethlehem and its vicinity who were two years old and under, in accordance with the time he had learned from the Magi. <sup>17</sup> Then what was said through the prophet Jeremiah was fulfilled:

<sup>18</sup> “A voice is heard in Ramah, weeping and great mourning, Rachel weeping for her children and refusing to be comforted, because they are no more.

### **The Return to Nazareth**

<sup>19</sup> After Herod died, an angel of the Lord appeared in a dream to Joseph in Egypt <sup>20</sup> and said, “Get up, take the child and his mother and go to the land of Israel, for those who were trying to take the child’s life are dead.” <sup>21</sup> So he got up, took the child and his mother and went to the land of Israel. <sup>22</sup> But when he heard that Archelaus was reigning in Judea in place of his father Herod, he was afraid to go there. Having been warned in a dream, he withdrew to the district of Galilee, <sup>23</sup> and he went and lived in a town called Nazareth. So was fulfilled what was said through the prophets: “He will be called a Nazarene.”

## **Account of Jesus’ Birth From Luke 2:1-40**

2 <sup>1</sup> In those days Caesar Augustus issued a decree that a census should be taken of the entire Roman world. <sup>2</sup> (This was the first census that took place while Quirinius was governor of Syria.) <sup>3</sup> And everyone went to his own town to register. <sup>4</sup> So Joseph also went up from the town of Nazareth in Galilee to Judea, to Bethlehem the town of David, because he belonged to the house and line of David. <sup>5</sup> He went there to register with Mary, who was pledged to be married to him and was expecting a child. <sup>6</sup> While they were there, the time came for the baby to be born, <sup>7</sup> and she gave birth to her firstborn, a son. She wrapped him in cloths and placed him in a manger, because there was no room for them in the inn.

### The Shepherds and the Angels

<sup>8</sup> And there were shepherds living out in the fields nearby, keeping watch over their flocks at night. <sup>9</sup> An angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were terrified. <sup>10</sup> But the angel said to them, “Do not be afraid. I bring you good news of great joy that will be for all the people. <sup>11</sup> Today in the town of David a Savior has been born to you; he is Christ<sup>[a]</sup> the Lord. <sup>12</sup> This will be a sign to you: You will find a baby wrapped in cloths and lying in a manger.” <sup>13</sup> Suddenly a great company of the heavenly host appeared with the angel, praising God and saying,  
<sup>14</sup> “Glory to God in the highest, and on earth peace to men on whom his favor rests.”  
<sup>15</sup> When the angels had left them and gone into heaven, the shepherds said to one another, “Let’s go to Bethlehem and see this thing that has happened, which the Lord has told us about.” <sup>16</sup> So they hurried off and found Mary and Joseph, and the baby, who was lying in the manger. <sup>17</sup> When they had seen him, they spread the word concerning what had been told them about this child, <sup>18</sup> and all who heard it were amazed at what the shepherds said to them. <sup>19</sup> But Mary treasured up all these things and pondered them in her heart. <sup>20</sup> The shepherds returned, glorifying and praising God for all the things they had heard and seen, which were just as they had been told.

### **Jesus Presented in the Temple**

<sup>21</sup> On the eighth day, when it was time to circumcise him, he was named Jesus, the name the angel had given him before he had been conceived. <sup>22</sup> When the time of their purification according to the Law of Moses had been completed, Joseph and Mary took him to Jerusalem to present him to the Lord <sup>23</sup> (as it is written in the Law of the Lord, “Every firstborn male is to be consecrated to the Lord”<sup>[b]</sup>), <sup>24</sup> and to offer a sacrifice in keeping with what is said in the Law of the Lord: “a pair of doves or two young pigeons.” <sup>25</sup> Now there was a man in Jerusalem called Simeon, who was righteous and devout. He was waiting for the consolation of Israel, and the Holy Spirit was upon him. <sup>26</sup> It had been revealed to him by the Holy Spirit that he would not die before he had seen the Lord’s Christ. <sup>27</sup> Moved by the Spirit, he went into the temple courts. When the parents brought in the child Jesus to do for him what the custom of the Law required, <sup>28</sup> Simeon took him in his arms and praised God, saying:

<sup>29</sup> “Sovereign Lord, as you have promised, you now dismiss<sup>[d]</sup> your servant in peace. <sup>30</sup> For my eyes have seen your salvation, <sup>31</sup> which you have prepared in the sight of all people, <sup>32</sup> a light for revelation to the Gentiles and for glory to your people Israel.”

<sup>33</sup> The child’s father and mother marveled at what was said about him. <sup>34</sup> Then Simeon blessed them and said to Mary, his mother: “This child is destined to cause the falling and rising of many in Israel, and to be a sign that will be spoken against, <sup>35</sup> so that the thoughts of many hearts will be revealed. And a sword will pierce your own soul too.” <sup>36</sup> There was also a prophetess, Anna, the daughter of Phanuel, of the tribe of Asher. She was very old; she had lived with her husband seven years after her marriage, <sup>37</sup> and then was a widow until she was eighty-four.<sup>[e]</sup> She never left the temple but worshiped night and day, fasting and praying. <sup>38</sup> Coming up to them at that very moment, she gave thanks to God and spoke about the child to all who were

looking forward to the redemption of Jerusalem. <sup>39</sup> When Joseph and Mary had done everything required by the Law of the Lord, they returned to Galilee to their own town of Nazareth. <sup>40</sup> And the child grew and became strong; he was filled with wisdom, and the grace of God was upon him.

Below is a list of the books, publications and articles which I had read prior to conducting my original study, preparing it as a manuscript and then presenting it as a Bible lesson which I taught in the year 2002.

1. Witness of the Stars, E.W. Bullinger, 1893, Kregel
2. The Gospel in the Stars, Joseph R. Seiss, 1882, Kregel
3. The Star that Astonished the World, Ernest L. Martin
4. The Christmas Story, Chuck Missler, 1994, Koinonia House
5. The Signs in the Heavens, Chuck Missler, 1994, Koinonia House
6. Personal Update, Chuck Missler, Koinonia House, Dec 1998
7. The Star of Bethlehem, Richard Binder, 1996, Internet
8. The Star of Bethlehem. Bill Overn, Internet
9. Microsoft Encarta 96 Encyclopedia
10. Nelsons Illustrated Bible Dictionary, 1986
11. geocentricity.com
12. new.discovery.com by Ian O'Neill
13. Hope of Israel Ministries

## Prophetic Signs in the Heavens Preceding and Shortly After the Birth of Jesus

I was an amateur astronomer and telescope builder for most of my life starting at age 16. As a scientist I had often wondered about the signs in the stars that preceded the birth of Jesus. I had read many speculative articles over the years on this topic. Finally by 2012 technology had reached the point where I could research the topic on my own. Star charts on iPhones had reached the point where one could go back in time on the app and view the heavens at any time in ancient history. So in 2012 a friend and member of one of my Bible classes and I decided to use the app to see what we could discover about the signs in the heavens surrounding the birth of Jesus.

Thus over a period of a few weeks in the fall of 2012 Ken and I gradually discovered the pattern of events that were taking place in the heavens between the years of 7 and 1 BC. With that in hand I produced the charts contained on the next few pages. I taught the material in the charts to my Bible classes in the Christmas season of 2012. As you will see as you go through the charts, I tried to show how the Jews, the Magi and the Romans would interpret the incredible array of signs that were showing up in the heavens at that time. I also show the background material that will help the reader understand the charts.

This study fits into this book for two good reasons. First, it allowed us to discover the likely dates of both Jesus' and John the Baptist's conceptions and births. Second, since the apparent motions of the sun, moon, and stars move in predictable patterns in the heavens, this topic fits right into this book about God's patterns.

I said these were the likely dates of Jesus' and John's births because they fit perfectly into the event-patterns presented in this series of books.

## Information Necessary for Understanding How the Romans, the Magi and the Essenes Would Understand the Signs in the Heavens at the Time Surrounding the Birth of Jesus

Heavenly Bodies proper names	Category	Associated Mazzaroth Symbols Significant to the Jews (Essenes) and Understood by the Magi	Associated Zodiac Symbols Significant to the Romans
JUPITER	PLANET	The king planet (ruler of the universe). Also known as righteousness by the Jews.	Guardian & ruler of the Roman empire. The one who determines the course of human affairs.
VENUS	PLANET	The mother planet	Mother of the family of Augustus Caesar.
SATURN	PLANET	The Jewish planet (protector of the Jews)	Roman god of agriculture, liberation, time, fertility. Said to be the father of Jupiter.
MARS	PLANET	Associated with the red dragon of Rev 12:3-4, representing Satan trying to kill the Child	Planet of war, associated with Mars, the Roman god of war
MERCURY	PLANET	The messenger. The heavenly messenger for Jesus was the archangel Gabriel and his earthly messenger was John the Baptist.	The messenger of the gods.
REGULUS	STAR	The king star	The king star.
LEO, the lion	CONSTELLATION	Represents Jesus as victorious King of kings, the lion of the tribe of Judah who defeats the Serpents seed, sin	The royal constellation. Bestows royalty & power to those planets found within it.
VIRGO, the virgin	CONSTELLATION	A young virgin holding a branch, representing the branch of Jesse	A maiden associated with service and harvest. May have been daughter of Jupiter.
PISCES, the fishes	CONSTELLATION	Two fish representing Jews & Gentiles who are both bound to Satan until they are redeemed by Jesus	
LIBRA, the Scales	CONSTELLATION	Justice in the battle between the seed of the woman and seed of Satan, red dragon of Rev 12	
COMA, infant	CONSTELLATION	Represents the infant Jesus, born of a virgin	
CAPRICORN, the goat	CONSTELLATION	The goat associated with Jesus' mercy in his first coming as a humble servant	
TAURUS, the bull	CONSTELLATION	The bull associated with Jesus' coming as a sacrificial sin offering for his people's sins	
GEMINI, waring twins	CONSTELLATION	Represents the bride, the brothers of Jesus who battle over his true identity until they are finally reunited in love by Jesus	
CANCER, crab	CONSTELLATION	Signifies Jesus as the bread of life for Jews & Gentiles	
SUN	STAR	The ruler, king of the day, the light, Gen 1	The supreme father or king
MOON	MOON	Ruler of darkness, of the night, Gen 1:16	Mother

The dates within the following dialogue are keyed to Luke 1:26 and following with the interpretation that Jesus would be born 6 months after the birth of John (and with both conceptions taking place nine months before the births). We suggest that the reader keep the information in the previous chart in mind as they study the

following list of signs and their interpretations. When we mention “Jewish” interpretation of the signs in the heavens we are pointing to the Essenes, the only Jewish religious group which was expecting the visit of the Messiah to earth at the time when he actually appeared. They were relying upon prophecies made by both Daniel and Enoch who had each very accurately forecast the time when the Messiah would visit earth. Also, we relied heavily upon [egocentricity.com](http://egocentricity.com) for historical Roman information.

## **Prophetic Signs in the Heavens Surrounding the Birth of Jesus**

### **SIGN 1**

#### **A New Super Star has Appeared in the Heavens**

Date of the Sign: 125 BC-AD 150

Description of the Sign as it Appeared in the Heavens: A Super Nova is in Coma Berenices, just above Virgo the virgin in the sky and a super bright nova, visible even in the day as a “day star;” highlighting the infant child of the Virgin, who is the center piece of Coma, Rev 12:2.

A Likely Intended Message Contained in the Sign: A very different type of major new world leader is coming to earth. He will be the child of a virgin.

Relationship of the Message in the Sign to the Birth of Jesus: Coma was considered the “Son of the Virgin.” The super nova appeared at the head of the boy and many believed it to be a sign of the coming of the Messiah. A super nova is an exploding star. This was an unusual nova, visible for 275 years. Jesus’ message literally exploded upon the earth, permanently changing it forever in unparalleled ways, like nothing that had ever happened before.

### **SIGN 2**

Date of the Sign: May/Oct/Dec 7 BC

Description of the Sign as it Appeared in the Heavens: There is a Triple Conjunction of Jupiter and Saturn in Pisces.

A Likely Intended Message Contained in the Sign: ATTENTION!! The Messiah is coming. He will be the long awaited redeemer for all people, both Jews and Gentiles.

Magi and Jewish (Essenes) Response to the Sign: There was a long held tradition among the Magi that the Messiah would appear when the king planet, Jupiter and Jewish planet, Saturn meet in Pisces, constellation of the redeemer.

Relationship of the Message in the Sign to the Birth of Jesus: This would have gotten the attention of the Magi and Essenes. They would then be looking for other signs of the soon coming of the Messiah.

### SIGN 3

Date of the Sign: 6 BC

Description of the Sign as it Appeared in the Heavens: There is a conjunction of 3 planets, Jupiter, Saturn and Mars in Pisces. This was extremely rare; it only happens every 10,000 yrs.

A Likely Intended Message Contained in the Sign: A massive war was coming between the King and the red dragon, Satan. The king of the whole universe was coming to earth to provide a way of protection for both Jews and Gentiles from their greatest enemy, Satan and his lies.

Magi and Jewish (Essenes) Response to the Sign: The red planet, Mars, representing the red dragon, Satan, of Rev 12 appears as he plans war against Jesus and the Jews after the birth.

Relationship of the Message in the Sign to the Birth of Jesus: There is additional confirmation to the Magi that the time of the birth of the Messiah was coming and that Satan would cause serious problems.

### SIGN 4

Date of the Sign: Apr 5 BC

Description of the Sign as it Appeared in the Heavens: A nova, an exploding star, appears in Aquila, and is visible for 70 days.

**A Likely Intended Message Contained in the Sign:** The long promised redeemer for mankind is coming. In this sign Aquilla was the eagle that carried the powerful, loud message of God to the world.

**Magi and Jewish (Essenes) Response to the Sign:** A new sign, a new star, was appearing in a constellation associated with the coming Messiah, one who would be wounded and die for the sins of all mankind.

**Relationship of the Message in the Sign to the Birth of Jesus:** There is additional confirmation of the approaching birth of the Messiah. It confirmed that he would be a suffering servant who would be wounded to redeem mankind.

## **SIGN 5**

**Date of the Sign:** Spring 5 BC

**Description of the Sign as it Appeared in the Heavens:** A spectacular comet appeared in Capricorn, visible for 70 days (70 stands for ultimate fulfillment or completion).

**A Likely Intended Message Contained in the Sign:** 2<sup>nd</sup> NOTICE! The Redeemer of man's sins is coming.

**Magi and Jewish (Essenes) Response to the Sign:** Capricorn was associated with the goat that was slain for the sins of mankind in Jewish tradition and also with the Messiah coming in mercy as a suffering servant.

**Relationship of the Message in the Sign to the Birth of Jesus:** This was additional confirmation of the approaching birth of the Messiah. It was additional confirmation that he would be the redeemer. A second consecutive 70 day sign implies ultimate assurance of this occurring. It also implies that the deliverance brought by the Messiah would be complete and enduring.

## **SIGN 6**

**Date of the Sign:** Mid Feb 3 BC

**Description of the Sign as it Appeared in the Heavens:** There is a Conjunction of Mercury and the Sun in Pisces.

**A Likely Intended Message Contained in the Sign:** The CONCEPTION of John the Baptist is taking place. A second message was that the true light of the world was coming to earth to redeem all of mankind from their sins. This sign has two key messages. These are (1) There is a coming conjunction on earth of the one who would be the light of the world with the messenger who would come before that “Light” and proclaim his coming, and (2) Jesus’ messenger angel, Gabriel, was about to visit John the Baptist’s parents to announce his conception. John was the one who would precede and announce the one who would be the light to both Jews and Gentiles.

**Magi and Jewish (Essenes) Response to the Sign:** A heavenly messenger, Gabriel, visits Zechariah and tells him of the soon to come conception of John the Baptist to he and his wife, Elizabeth, Luke 1:24.

**Relationship of the Message in the Sign to the Birth of Jesus:** Pisces represents the coming redemption of Jews and Gentiles from the seed of Satan, sin. John’s message would be repent, for the redeemer of sins is coming.

## **SIGN 7**

**Date of the Sign:** 19 May 3 BC

**Description of the Sign as it Appeared in the Heavens:** There is a conjunction of Saturn and Mercury in Taurus on 19 May. Mercury represents the heavenly messenger for Jesus. Saturn was the protector of the Jews. Taurus represents Jesus coming to earth as the redeemer for his peoples sins.

**A Likely Intended Message Contained in the Sign:** Mercury represents the heavenly messenger for Jesus. Saturn was the protector of the Jews. Taurus represents Jesus coming to earth as the redeemer for his people’s sins. This coming together presents a message of soon coming protection and coming redemption.

**Magi and Jewish (Essenes) Response to the Sign:** Message from the heavens that all would be protected through the upcoming events and that the one who would redeem the world of its sins was coming soon.

**Relationship of the Message in the Sign to the Birth of Jesus:** The coming together of Jesus’ heavenly messenger and the protector planet for the Jews represents the fact that Jesus will be protected from the efforts to kill him while he is a young baby. It could also mean that the one who would provide the ultimate means

for protection from punishment for sins for all of those who accept his message is about to be born on earth.

## **SIGN 8**

Date of the Sign: 12 June 3 BC

Description of the Sign as it Appeared in the Heavens: There is a conjunction in Taurus of Saturn and Venus on 12 June.

A Likely Intended Message Contained in the Sign: The mother of the Messiah will be protected during the coming events.

Magi and Jewish (Essenes) Response to the Sign: Venus is associated with the virgin mother. Taurus and Saturn as shown above. Message concerns protection for Mary.

Relationship of the Message in the Sign to the Birth of Jesus: The coming together of Venus and Saturn in Taurus may signify to Magi that the mother of the Messiah will be protected through the coming events.

## **SIGN 9**

Date of the Sign: 12 Aug 3 BC

Description of the Sign as it Appeared in the Heavens: There is a double conjunction of Jupiter and Venus in Leo and Cancer; another in a series of signs to the Magi that the Jewish King was about to come.

A Likely Intended Message Contained in the Sign: A major new King is coming soon.

Magi and Jewish (Essenes) Response to the Sign: Jupiter, the king planet, and Venus, the mother planet, have a double conjunction in Leo the lion, associated with the Jewish tribe of Judah, and Cancer representing Jesus as the bread of life. This would be additional confirmation to them about the nature and purpose for the King's visit to earth.

Relationship of the Message in the Sign to the Birth of Jesus: The Messiah, also called the Lion of the tribe of Judah, was about to be conceived. The messenger, Gabriel, was hanging out close by to bring an important message to Mary, the one who would be the mother of the Messiah.

## **SIGN 10**

Date of the Sign: 31 Aug 3 BC

Description of the Sign as it Appeared in the Heavens: There is a conjunction of Venus and Mercury in Leo.

A Likely Intended Message Contained in the Sign: Gabriel is making the CONCEPTION announcement to Mary.

Magi and Jewish (Essenes) Response to the Sign: Gabriel visits Mary to tell her that she will conceive the Messiah, the King, as a virgin and that she is to name him Jesus. The Magi and Essenes would have recognized that this sign pointed to this taking place.

Relationship of the Message in the Sign to the Birth of Jesus: Gabriel brings the message to Mary that, even though she is a virgin, she is about to conceive the King of kings of the whole world.

## **SIGN 11**

Date of the Sign: 11 Sept 3 BC

Description of the Sign as it Appeared in the Heavens: The Sun and moon are in Virgo. An alignment of the sun, moon and super nova appear in Virgo and Coma. The dragon was nearby with his mouth wide open. Jesus was conceived in the fall feast season, on the Feast of Trumpets, at the time of the beginning of the Jewish new year. The fall season would have begun two-three weeks earlier in those years due to the Precession of the earth's poles.

A Likely Intended Message Contained in the Sign: A Wondrous Sign appeared in the heavens signaling the CONCEPTION OF JESUS and that Satan would try to devour the Baby after it was born.

**Magi and Jewish (Essences) Response to the Sign:** Rev 12:1-2 says that a wondrous sign appeared in the heavens. The woman was bathed in the sun, the moon was under her feet and a crown of 12 stars was on her head with the super-star shining down on her. She was about to conceive. This occurred on 9/11 in 3 BC. The Magi and Essenes would likely have recognized this sign and its meaning.

**Roman Interpretation:** All kings will be subservient to the new super-star, the king of kings, the Roman emperor.

**Relationship of the Message in the Sign to the Birth of Jesus:** The sun, moon and super nova in Coma would have appeared in alignment on 9/11 of 3 BC. With the sun and moon in Virgo this would have been significant confirmation to the Magi of the impending birth of the Messiah at the very time revealed to them by Daniel, their leader, over 500 years before the appearance of the sign. This was a daylight event.

## **SIGN 12**

**Date of the Sign:** 14 Sept 3 BC

**Description of the Sign as it Appeared in the Heavens:** The first of a Triple conjunction of Jupiter and Regulus in Leo over a *9 month period*. 1<sup>st</sup> conjunction: Gabriel visits Joseph to announce that he is to take Mary as his wife. Gabriel had previously told Mary that she would conceive a child and that he would be the Son of God. She was to name him Jesus and he would become the King of kings. He also announced to Mary that Elizabeth was 6 months pregnant.

**A Likely Intended Message Contained in the Sign:** The 1<sup>st</sup> Conjunction occurred during the Feast of Atonement. An angelic Birth announcement is made to Joseph that Mary is already pregnant, Matt 1:20.

**Magi and Jewish (Essences) Response to the Sign:** Jupiter, the king planet, and Regulus, the king star, come together on 3 separate occasions over a 9 month period in Leo. The 1<sup>st</sup> was during the Feast of Atonement. This may have been a sign that the baby being conceived would be the real son of God and that he was coming to earth to make atonement for the sins of all of mankind. This series of conjunctions likely led the Magi and Essenes to expect that the long awaited arrival of the King of kings was about to take place. The fact that these three conjunctions took place over a nine month period might have led them to recognize that this matched the gestation period for a baby. Wow??

**Roman Interpretation:** For a year the king planet seemed to be circling the king star, first passing just below and then just above Regulus. This signaled that a great

new king was about to appear. This was not only the silver Jubilee year for Caesar Augustus but also the 750<sup>th</sup> anniversary of the founding of Rome. The Senate bestowed upon Caesar Augustus the supreme title of “Father of the Empire.” It seemed as though the signs in the heavens were giving their approval. The Roman Senates action of bestowing a significant new honor on Caesar Augustus on 5 Feb 2 BC led to the census and oath of loyalty pledge that Mary and Joseph had to participate in later that year, likely in June 2 BC. Caesar Augustus ordered that all adults be enrolled and pledge allegiance to him.

**Relationship of the Message in the Sign to the Birth of Jesus:** While the Romans were looking within Rome for fulfillment of the unbelievable wealth of heavenly signs the Magi were looking toward Jerusalem in Judea. They understand that the Lion of the tribe of Judah is about to become the King of the physical universe.

## SIGN 13

**Date of the Sign:** 1 Dec 3 BC

**Description of the Sign as it Appeared in the Heavens:** As part of the triple conjunction of Jupiter and Regulus we described directly above, Jupiter began its retrograde motion when it arrived in the womb of the Virgin. It appeared to stop in the womb for 6 days and then begin moving back toward Regulus. Jupiter stops in the womb of Virgo the virgin during the triple conjunction.

**A Likely Intended Message Contained in the Sign:** The one who would prepare the way for Jesus, John the Baptist, is likely born on or about this date. This occurred on 1 Dec of 3 BC, possibly during Hanukkah. This emphasizes how the lives of John and Jesus will be intertwined.

**Magi and Jewish (Essences) Response to the Sign:** If the Magi were looking up in the predawn hours on 1 Dec, Jupiter would have appeared to be directly over them and not moving with respect to the stars. This was just one in a long series of signs which were taking place that would have gotten the attention of the Magi. It would have been easy for the Magi to interpret this sign to be pointing to the birth of the Messiah.

**Roman Interpretation:** Pagan cultures would have been celebrating the re-birth of the sun god on the winter solstice, the day when the sun reaches its lowest point in the sky and from that day forward it appears a little higher in the sky each day. Pagans would have been celebrating the rebirth of the sun god at this time.

## SIGN 14

Date of the Sign: 17 Feb 2 BC

Description of the Sign as it Appeared in the Heavens: The second of a Triple conjunction of Jupiter and Regulus in Leo over a 9 month period from Sept 3 BC to May 2 BC.

A Likely Intended Message Contained in the Sign: This 2<sup>nd</sup> conjunction emphasized the soon coming of the king of kings. The same conjunction taking place three times could be emphasizing the three in one nature of the Godhead.

Magi and Jewish (Essences) Response to the Sign: The king planet would appear to be circling the king star, homing in on it and pointing to the imminent coming of the King, the Messiah, to earth.

Roman Interpretation: The Roman Senate bestows a significant new honor on Caesar Augustus leading to a new census and oath of loyalty for all people.

Relationship of the Message in the Sign to the Birth of Jesus: The Magi would have recognized that the king star and planet conjuncting multiple times was pointing to the soon coming birth of the Messiah.

## SIGN 15

Date of the Sign: May 2 BC

Description of the Sign as it Appeared in the Heavens: The last of a Triple conjunction of Jupiter and Regulus in Leo over a 9 month period was taking place.

A Likely Intended Message Contained in the Sign: With the 3<sup>rd</sup> conjunction, the Magi leave for Jerusalem seeing as they are expecting the birth to take place near Jerusalem in the near future.

Magi and Jewish (Essence) Response to the Sign: This signified to the Magi that it was time to leave for Jerusalem. The Magi knew from their ancient leader, Daniel, that there would be signs in the heavens of the coming of the Messiah to earth, and how they should interpret them.

**Relationship of the Message in the Sign to the Birth of Jesus:** The Magi would continue looking for “the final” sign, the sign that would indicate that the birth was imminent. That sign was the third conjunction of Jupiter and Regulus in Leo which would take place over a nine month period. This nine months would be the trigger point since the gestation period for a baby is nine months. This sign told the Magi that it was time for them to leave Persia so that they could find the baby Godman, worship him and give him gifts. The Magi would have recognized that the King of kings was about to be born. As king makers, they wanted to welcome him, since they knew from signs passed down to them from their one time leader, the prophet Daniel, who had been their leader under Nebuchadnezzar, that he was to be the Jewish Messiah and King.

## **SIGN 16**

**Date of the Sign:** 17 June 2 BC

**Description of the Sign as it Appeared in the Heavens:** There is a Conjunction of Jupiter, the king star, and Venus, the virgin, in Leo, the lion of the tribe of Judea, a title given to Jesus, where they were so close they became like one. They became one and then separated indicating the birth of Jesus in a manger in Bethlehem of Judea was taking place at that time.

**A Likely Intended Message Contained in the Sign:** THE BIRTH OF JESUS WAS TAKING PLACE IN A MANGER NEAR BETHLEHEM IN JUDEA.

**Magi and Jewish (Essences) Response to the Sign:** They may have recognized this as God coming to earth as a God-man to make it possible for humans to go to heaven, was happening on this day. This appears to be pointing to Jesus coming to earth on Pentecost, 2 BC as a humble suffering servant.

The messenger who always comes to earth to proclaim prophecies about Jesus' coming is Gabriel. Angels are often called stars in the Bible. The messenger for the Lion of the tribe of Judah is leading the way for the Magi. He likely came from the east as heavenly messengers do and Scripture says that he shone brilliantly!!

THE ANGEL GABRIEL, THE PROCLAIMING MESSENGER FOR JESUS, MAY BE THE STAR OF BETHLEHEM

**Roman Interpretation:** Those dedicated to the origins of Rome and the sovereignty of Augustus were coming together in marriage during one of the most glorious years in the history of Rome.

Mary and Joseph arrive in Bethlehem to participate in the census of all who live in the Roman Empire.

Rome would have been greatly troubled by just who this was, that was said to have been born King of the Jews.

**Relationship of the Message in the Sign to the Birth and Early Life of Jesus:** This coming together of the king and mother as one and then separating from each other would have signified the actual birth was taking place. The Magi, the Persian king makers, would already be on the road to Jerusalem in a large caravan.

The Magi had quite a story to tell to Herod when they arrived. They were intensely interested in finding the new king born to the Jews. Herod was very puzzled but inquired of the priests and teachers of the law as to where the Messiah was to be born. They told him it was prophesied that he would be born in Bethlehem of Judea. Herod asked for them to find him and then return and tell him where he was so that he too could go and worship him. His real intent was to kill this new born king.

## **SIGN 17**

**Date of the Sign:** 26/27 Aug 2 BC

**Description of the Sign as it Appeared in the Heavens:** Conjunction of Mars, Mercury, Jupiter and Venus in Leo, forming what looked like a sword. The king planet, the mother planet, the messenger planet and the planet of Satan were all in alignment in Leo, the constellation of Judah, home of the king star representing the lion of the tribe of Judah. The sun was just entering Virgo, the virgin and the moon was just entering Leo the lion. This was all taking place at the same time! Everything had come together!

**A Likely Intended Message Contained in the Sign:** King Herod would have his sword ready to kill Jesus, the one who would be born king of the Jews. This sign also miraculously fulfilled the prophecies of Num 24:17 which says that a star will come out of Jacob (Israel); a scepter will rise out of Israel and Gen 49:9-10 about the scepter not departing until Jesus comes. Satan would also be there to try to kill the new born baby. The sword in the sky indicated that Herod would try to have Jesus killed by the sword.

**Magi and Jewish (Essences) Response to the Sign:** The wise men would have arrived in Jerusalem about 7-9 weeks after the birth if they left Persia in mid May 2 BC. The Magi first went to Jerusalem to inquire about the location of the place where the new King would have been born. They were told that Bible prophecy said that it would be in Bethlehem. Thus the wise men left Jerusalem and as they did the star in the east appeared again to guide them to the place of the birth. The star, actually Gabriel glowing brilliantly, stopped over the house where Jesus was staying

**Roman Interpretation:** This sign in the sky signified a new common agreement of purpose and heralded a new and powerful beginning for Rome and the rest of the world. Herod wanting to kill the child was a fulfillment of Rev 12:4, as the red dragon, Satan, was awaiting the birth so that he could devour the child. Satan, indwelling Herod, was represented by Mars in the 27 Aug 2 BC conjunction.

**Relationship of the Message in the Sign to the Birth and Early Life of Jesus:** The Magi, the Persian king makers, were there to greet and worship the one born King of the Jews. They presented gifts of gold, frankincense and myrrh. Having been warned in a dream not to go back to Herod, they returned to their country by another route.

## **SIGN 18**

**Date of the Sign:** 31 Aug 2 BC

**Description of the Sign as it Appeared in the Heavens:** There was a conjunction of Venus and Mercury in Leo.

**A Likely Intended Message Contained in the Sign:** An angel appears to Joseph in a dream, warning him to take Mary and Jesus to Egypt because Herod wants to kill the child. The trip was 100 mi. or more depending on the destination. Joseph was warned to take Jesus to Egypt.

**Magi and Jewish (Essences) Response to the Sign:** The Magi and Essences would likely recognize that a heavenly messenger would have an important message for the parents of the newborn child.

**Relationship of the Message in the Sign to the Birth and Early Life of Jesus:** The messenger warns Joseph and Mary that Herod is about to kill all children under 2 years of age in the area of Bethlehem. Joseph and Mary lived in Nazareth and had gone from their home in Nazareth to the home area of Joseph's ancestors in order to register as was required by Rome. As a result of the warning, Joseph and Mary quickly left Bethlehem and headed to Egypt to hide from Herod.

## **SIGN 19**

**Date of the Sign:** 9/10 Jan 1 BC

Description of the Sign as it Appeared in the Heavens: A full eclipse of the moon.

Magi & Jewish (Essences) Response to the Sign: Some major event would eclipse the efforts of Herod to kill the baby Jesus.

Relationship of the Message in the Sign to the Birth and Early Life of Jesus: Josephus said Herod died between an eclipse of the moon and Passover. This would likely have been the time of the death of Herod. This meant that Herod would no longer be available to enforce the killing of the baby Jesus.

## **SIGN 20**

Date of the Sign: 28 Jan 1 BC

The Major Event or Sign Taking Place on This Date: The death of Herod the Great.

Magi and Jewish (Essences) Response to the Sign: Josephus said that Herod died between a full eclipse of the moon and Passover. There was a full eclipse of the moon on 9/10 Jan 1 BC and of course Passover was in Mar/Apr 1 BC. Evidence says it was on 28 Jan 1 BC that Herod died.

Relationship of the Message in the Sign to the Birth of Jesus: Joseph, Mary, and the baby Jesus could now return to Nazareth as stated in Matthew and Luke.

## **SIGN 21**

Date of the Next Significant Event in the Early Life of Jesus: Feb/Mar 1 BC

The Next Major Set of Events Affecting the Early Life of Jesus: Events surrounding the death of Herod the Great prompted an angel of the Lord to visit Joseph and Mary in Egypt in a dream with the message that Herod had died and they could therefore now return to their home. This set of events resulted in Joseph, Mary and Jesus' return from Egypt. Thus was fulfilled the prophecy that the Messiah would come out of Egypt. Their return ended in Nazareth of Galilee, not in Judea because Herod's son was now ruling in Judea. Nazareth was a small town of a few hundred people but was near the large city of Sepphoris where there were large building

projects going on. Joseph and Jesus likely would have worked there as carpenters and builders.

Our conclusion from the research presented in the above charts is that Jesus was conceived on 9/11 of 3 BC and then born on 6/17 of 2 BC. This research was conducted in 2012. We had never seen confirmation of these dates until finally on 11 February of 2024 we asked Siri on our iPad a question about the Day Star that was visible in Coma Berenices at the time of Jesus' birth. She took us to a site that also used these same two dates. The difference was that they assigned 9/11 of 3 BC as the birth date rather than the conception date for Jesus. The site from which we got this information was [www.Godsworldexplained.com](http://www.Godsworldexplained.com) . However, we still feel that the dates that we found are a much better fit within our event-pattern database. Thus we feel confirmed in that they found some of the same signs in the stars that we found but at the same time we differ slightly with their interpretation.

We will conclude our argument for why we believe our interpretation of the signs is an excellent fit for the Biblical narrative. We believe that the way in which we matched the signs in the heavens with the events described in the Bible is a near perfect match. For example the Bible narrative shows John being born six months before Jesus was born. That and the gestation periods lasting nine months for both Jesus and John are precisely what we see in the signs. The sign pointing to the exact time for the Magi to leave Persia and head for Jerusalem also closely matches the time period that would have been required for a trip from Persia to Jerusalem in the first century. Finally, the way in which the meaning of the various astronomical signs in the heavens presented in our chart preceding the presentation of the 22 signs matches the events taking place on earth at the precise time that the events took place. That is truly incredible.

My scientifically and mathematically trained mind tells me that this whole scenario must have been planned and set in motion many thousands of years before the events actually took place. The orchestration of the events on earth with those in the heavens was so perfect that supernatural forces must have been involved. The God of the Christian Bible had prophesied that they would occur in events recorded about 600 and 3200 years before they actually took place. That means that we know the identity of the conductor of the orchestra. In my opinion it would have been Jesus himself planning his very own birth as the Savior of humanity from its sins, the Messiah, the Word, Son of YHWH, the Creator, the King of kings, the only way to heaven, the truth, the life, etc.

## Chapter 3

# Identifying the Nature and Identity of the Star of Bethlehem

There has been much speculation down through the centuries about the nature and identity of the star of Bethlehem by scholars and layman alike. I am one of those who fit this category. Being both a scientist and amateur astronomer I had a bit of a different take on this from any of those that I had encountered in my research. I will present my conclusions on that topic in this chapter. My conclusion was that the angel Gabriel was the most likely candidate to be the star of Bethlehem. I will present my reasons for that conclusion below.

### Clues Indicating that Gabriel Might Be the Star of Bethlehem

**CLUE 1:** Gabriel is the archangel always associated with announcements having to do with Jesus' coming to earth. Sometimes he was referred to as "an angel of the Lord," Luke 1:11 and sometimes he was referred to as Gabriel, Luke 1:19. The name Gabriel appears four times in the Bible, in Dan 8:16, 9:21, Luke 1:19, 26. We see in Daniel that he looked and sounded like a man but that he could fly through the air at high speeds and hover over objects on earth. We see in Luke 1:19 that he was an angel who stood in the presence of the Lord. In both places we see him delivering messages concerning the coming of Jesus, the Messiah.

It is likely that Gabriel is the angel that Jesus refers to as "his" angel in Rev 1:1, the angel through whom he gave John his Revelation. In Rev 10:1 John sees a mighty angel coming down from heaven with several messages from God. These messages all relate to Jesus Christ and the details of his coming to earth. There is a mighty angel seen previously in Revelation who God sent with messages about the coming of Jesus. That angel is Gabriel. He was sent to Daniel in Dan 8 through Daniel 12 with prophecies about the future Second Coming of Jesus. Just as the angel in Rev 10:4 told John to seal up the words that had been given to him, so too did the angel Gabriel tell Daniel to seal up the words that had been given to him. That same angel, Gabriel, was sent to Zechariah and Mary with messages pertaining to the first and second coming of Jesus in Luke 1:11-33. The similarities lead me to believe that this great angel in Rev 10 is Gabriel. There is a similarly described angel in Rev 5:2 and 8:3 who makes special pronouncements and does special things for God in relation to the coming of Jesus. Again, I suspect that this angel is Gabriel. This sounds so much like Jesus himself that it is easy to assume that it is him. However, in Rev 1:1 we are told that Revelation is "The revelation of Jesus Christ," and that "he made it known by sending his angel to his servant John." So we see that this is likely Jesus' special angel, Gabriel. *Might Gabriel be the heavenly messenger sent to lead the wise men to Jesus?*

**CLUE 2:** Gabriel was said to “*shine brilliantly*” and light up the area when he visited the shepherds, Luke 2:9. This terrified the shepherds, Luke 2:9. Later a whole host of heavenly angels joined Gabriel in the presence of the shepherds and began praising God and speaking prophetically of what the little baby would do. So we see that it must have been possible for *Gabriel to shine brilliantly enough to light up a large area.*

**CLUE 3:** Gabriel was said to be “*hovering up in the air*” over the Euphrates River in Dan 12:7 when he was relaying a prophecy of Jesus’ Second Coming to Daniel. When he first appeared to Daniel he was said to be in “*swift flight,*” Dan 9:21. We can trace this angel to being Gabriel in Dan 8:15-16, 9:21, 10:10-11 & 12:7. So we see that Gabriel could fly swiftly through the air and then hover over objects on earth just as the star in the east and star of Bethlehem could do. Matt 2:9 tells us that when the wise men left Herod in Jerusalem to go to Bethlehem “the star that they had seen in the east went ahead of them until it stopped over the place where the child was.” So we see that *Gabriel could do just what the star that was leading the wise men could do.*

**CLUE 4:** *Angels are sometimes called “stars”* in the Bible. This is most obvious in Rev 1:20 where Jesus is seen holding seven stars in his right hand and we are told that “*the seven stars are the angels of the seven churches.*” Also in Rev 8:10-11 and 9:1 we see a picture of a star falling to earth and being given the key to the Abyss where evil angels are being held for judgment by God. This star turns out to be the angel Satan who is then given the key to the Abyss so that he can release the evil angels being held there upon the earth for a period of five months during the tribulation period. In Rev 6:13 & 12:4 we see the evil angels in heaven being cast down to earth and referred to as stars. This is also in the tribulation period. Satan is also referred to as a star in Isa 14:12. Job 38:7 and Isa 14:13 are other places where angels seem to be referred to as stars. So we see that *it is possible that the star that the wise men saw on different occasions was in fact an angel, likely Gabriel as we will see.*

**Clue 5:** The star of Bethlehem was referred to as the “*star in the east*” by the wise men. Whatever led the wise men from Jerusalem to Bethlehem is something that they had previously seen when they were in Persia before their departure, Matt 2:9. *When heavenly beings come to earth they seem to come from the east.* It is possible that each time Gabriel came to visit Zechariah, Mary or Joseph that he approached Israel from the east and was seen shining brightly in the skies as he approached from east to west. The Holy Spirit is seen coming from the east when he approaches the millennial temple in Ezek 43:2. He enters the new temple through the eastern gate. Jesus at his future Second Coming is seen coming from the east and moving to the west, Matt 24:27. These may be clues that *when heavenly visitors visit earth they approach from the east. This might also apply to Gabriel, the heavenly messenger for Jesus.*

**Clue 6:** The star that led the wise men to the house in Bethlehem and stopped over the house where Jesus and his family were residing could not have been a star or a planet. Bethlehem is due south of Jerusalem and a star or planet always seems to be moving from east to west relative to any point on earth, due to the rotation of the earth. The star from the east was moving north to south in leading the wise men from Jerusalem to Bethlehem. *This could not have been a traditional star or planet.* To determine which star or planet appears to be directly above a house would require very sophisticated devices not available in the first century. Besides which any particular star or planet would only be directly above a particular house for a second or so. You can move several miles in any direction and to the naked eye the same bright star might appear to be right above you. For several reasons the star that led the wise men to Bethlehem could not have been a traditional star or planet. The planets in their apparent interactions within particular constellations of the Mazzeroth would have been signs to the Magi and others about the birth of the King, Jesus, but *they could not have led them to a particular house in Bethlehem.* Luke 21:25 "There will be SIGNS IN THE SUN, MOON AND STARS." On the earth, nations will be in anguish and perplexity at the roaring and tossing of the sea. *Gabriel could have been the star in the east that led the wise men to Bethlehem but a planet or star could not have done so.* This same argument also applies to comets and nova.

**CLUE 7:** The wise men were "overjoyed" when they saw the star as they left Jerusalem for Bethlehem. They would not have been overjoyed if the star was just some commonly occurring object such as a star or planet. They were very familiar with the heavens and the many signs that had been appearing over the last couple of years. The star that the wise men saw when they left Jerusalem was not the reappearance of one of these signs or they would not have been "overjoyed." They would have been overjoyed if they saw something miraculous; something that they never expected to see again. The wise men may have seen Gabriel glowing brilliantly, Luke 2:9, in the sky south of Persia, appearing in the east, Matt 2:9, and quickly moving in the direction of Israel where he disappeared from sight. They would have seen this happening two or three times in the last 18 months. They did not need a star or planet or anything else to lead them to Jerusalem. They knew very well the way to Jerusalem. However, they were overjoyed when they saw something that they were not expecting, Gabriel glowing brilliantly in the sky above and in front of them as they made their way from Jerusalem to the unknown house where Jesus was living in Bethlehem. He went ahead of them, moving north to south, and stopped when he was right above the house where Jesus was staying. *The star of Bethlehem was something very unexpected and reassuring to the wise men. They were overjoyed at the sight!!*

**CLUE 8:** The wise men might have been the only persons other than the shepherds who could see Gabriel. There is a supernatural event recorded in 2 Kings 6:17 where Elisha the prophet could see the hills surrounding him were full of protective angels as the army of the king of Aram was about to attack. Elisha's servant was afraid and could not see the angel army. Elisha prayed that God would open the servant's eyes

so that he also could see the army of angels. The servant could then see that “Those who are with us are more than those who are with them.” This could have also been the situation with the wise men and Gabriel. *The wise men might have been the only ones who could see Gabriel as he was glowing brilliantly as he led them to the house in Bethlehem.* If Herod’s and his staff had also seen Gabriel leading the wise men they would likely have immediately sent an army to Bethlehem to kill the child.

**Conclusion;** We have just presented eight strong clues that Gabriel might have been the star in the east and the star that led the wise men to the house in Bethlehem where Jesus was staying. We have ruled out other things such as stars and planets often concluded as being the star in the east as not being scientifically feasible and/or not fitting the context. After concluding this bit of research *my conclusion is that the very strong and powerful angel Gabriel, the special angel of Jesus, the angel who stands in the presence of God is the most likely candidate for being the STAR IN THE EAST, THE STAR OF BETHLEHEM.*

***Other Interesting Sidebars About Gabriel:*** Gabriel was indeed a special angel. No other angel is represented with having the array of characteristics ascribed to Gabriel. No other angel is described as looking like a man (apparently no wings), yet moving in swift flight and later hovering over a river. Gabriel may also be a trumpet player. As he is introducing himself to Zechariah in Luke 1:19 Gabriel says, “I am Gabriel. I come from standing in the presence of God.” In Rev 8:2 which presents the seven angels who sound their trumpets to introduce the seven trumpet judgments, we read “And I saw the seven angels who stand before God, and to them were given seven trumpets.” This must be the inspiration for the words of the song which proclaims, “Gabriel blow your horn.” However, it is more likely that Gabriel is the angel in Rev 8:3 who initiates the seven trumpet judgments and may be the one who hands the trumpets to the seven angels. He must also be standing before God as he stands before the alter in heaven in Rev 8:5. Quite a multifunctional character, that Gabriel!

# A Study of the Use of the Word “Stars” in the Bible With Special Emphasis on Gabriel, God’s Special Messenger With Revelations About Jesus

## A Study of Gabriel, His Characteristics and His Actions

1. The name Gabriel means “God’s Hero.” He is God’s special angel who always seems to be sent to earth with revelations concerning either Jesus’ first or second coming.
2. Gabriel is one of only three angels named in the Bible; himself, Michael the Archangel and Lucifer, also called Satan and several other names.
3. Gabriel stands in the presence of God. The seven angels who blow the seven trumpets in Revelation 8:2 are also said to stand before the Lord.
4. The Catholics and Jews refer to Gabriel as an archangel, but the Bible does not give him this title. The Apocryphal book Tobit refers to angels who stand in the presence of God as archangels. The Greek word archangel means “ruling or chief.”
5. Gabriel seems to frighten people when they first see him; Daniel, Zechariah, Mary.
6. Gabriel looks like a man and thus does not have wings, but he can fly swiftly and hover in place.
7. Gabriel appears in both the Old and New Testaments.
8. Gabriel appeared over a span of hundreds of years: Dan 8:16 in 550 BC, Dan 9:21 in 538 BC, Dan 10:1 in 536 BC, Luke 1:19, 26 in 2 BC, AD Rev to John 97.

## Scriptures Where Heavenly Beings Are Referred to as Stars

### *Evil Angels as Stars*

1. Jude 13 as wandering stars
2. Isa 14:12-13 Satan as morning star which falls (2 Cor 11:14 angel of light)
3. Rev 6:13, 8:12, 12:3-4, 8-9 the 1/3 of all angels who fall, turn dark
4. Rev 8:10-11, 9:1-2, 12:7-9 the angel, Satan, who falls to earth

### *Jesus as the Morning Star*

1. 2 Peter 1:19
2. Rev 22:16

### *Scriptural Quotes Regarding Angels as Stars*

Num 24:17 "I see him, but not now; I behold him, but not near. A **star** will come out of Jacob; a scepter will rise out of Israel. He will crush the foreheads of Moab, the skulls of all the sons of Seth.

Isa 14:12 How you have fallen from heaven, O morning **star**, son of the dawn! You have been cast down to the earth, you who once laid low the nations!

Rev 22:16 "I, Jesus, have sent my angel to give you this testimony for the churches. I am the Root and the Offspring of David, and the bright Morning **Star**."

Matt 2:2 and asked, "Where is the one who has been born king of the Jews? We saw his **star** in the east and have come to worship him."

Matt 2:10 When they saw the **star**, they were overjoyed.

Rev 2:28 I will also give him the morning **star**.

Rev 8:10-11 The third angel sounded his trumpet, and a great **star**, blazing like a torch, fell from the sky on a third of the rivers and on the springs of water-- the name of the **star** is Wormwood. A third of the waters turned bitter, and many people died from the waters that had become bitter.

Rev 9:1 The fifth angel sounded his trumpet, and I saw a **star** that had fallen from the sky to the earth. The **star** was given the key to the shaft of the Abyss.

Job 38:7 while the morning **stars** sang together and all the angels shouted for joy?

Isa 14:13 You said in your heart, "I will ascend to heaven; I will raise my throne above the **stars** of God; I will sit enthroned on the mount of assembly, on the utmost heights of the sacred mountain.

Luke 21:25 "There will be SIGNS IN THE SUN, MOON AND **STARS**. On the earth, nations will be in anguish and perplexity at the roaring and tossing of the sea.

Rev 1:16 In his right hand he held seven **stars**, and out of his mouth came a sharp double-edged sword. His face was like the sun shining in all its brilliance.

Rev 1:20 The mystery of the seven **stars** that you saw in my right hand and of the seven golden lampstands is this: THE SEVEN **STARS** ARE THE ANGELS OF THE SEVEN CHURCHES, and the seven lampstands are the seven churches.

Rev 6:13 and the **stars** in the sky fell to earth, as late figs drop from a fig tree when shaken by a strong wind.

Rev 8:12 The fourth angel sounded his trumpet, and a third of the sun was struck, a third of the moon, and a third of the **stars**, so that a third of them turned dark. A third of the day was without light, and also a third of the night.

Rev 12:1 A great and wondrous sign appeared in heaven: a woman clothed with the sun, with the moon under her feet and a crown of twelve **stars** on her head.

Rev 12:4 His tail swept a third of the **stars** out of the sky and flung them to the earth. The dragon stood in front of the woman who was about to give birth, so that he might devour her child the moment it was born.

## Chapter 4

# Hosea's Two Days Equals Two Thousand Years End Time Prophetic Pattern Leading to the Years AD 2038 and 2041

### How That Prophecy May Have Dual Fulfillment in Parallel Event-Patterns Surrounding the 4000<sup>th</sup> and 6000<sup>th</sup> Years

This topic adds considerably to the narrative of this book. It takes us to the apparent year of the rapture, 2038, the day that parallels the year AD 66.7, the year of the start of the seven year Jewish/Roman war which is exactly 70 years after Jesus' conception in 3 BC. <sup>3</sup> This fits our narrative about the signs in the heavens. It also fits the 2041 narrative since Hosea's prophecy seems to take us to that year as we will see in this chapter.

Hosea was an Old Testament prophet in the period of about 785-720 BC. In the book of Hosea God expresses his ultimate desire for his people. He is telling them that they have abandoned him to pursue idol worship. He tells them that very serious consequences await them if they do not return to him. These consequences include their destruction, loss of their land and a long period in exile among the nations. This includes both Judah and Israel. God further reveals a prophetic word to them about Jesus' first and second comings, about his return to heaven after his first coming and finally about the events and circumstances, ending with their eventual return to him. We will present and analyze Hosea 5:13-6:6 so we can get the full context.

Hosea 5:13-15<sup>13</sup> "When Ephraim saw his sickness, and Judah his sores, then Ephraim turned to Assyria, and sent to the great king for help. But he is not able to cure you, not able to heal your sores. <sup>14</sup> For I will be like a lion to Ephraim, like a great lion to Judah. I will tear them to pieces and go away; I will carry them off, with no one to rescue them. <sup>15</sup> Then I will return to my lair until they have borne their guilt and seek my face—in their misery they will earnestly seek me."

Hosea 6:1-7 <sup>1</sup> "Come, let us return to the LORD. He has torn us to pieces but he will heal us; he has injured us but he will bind up our wounds. <sup>2</sup> *After two days he will revive us; on the third day he will restore us, that we may live in his presence.* <sup>3</sup> Let us acknowledge the LORD; let us press on to acknowledge him. As surely as the sun rises, he will appear; he will come to us like the winter rains, like the spring rains that water the earth." <sup>4</sup> "What can I do with you, Ephraim? What can I do with you, Judah? Your love is like the morning mist, like the early dew that disappears. <sup>5</sup> Therefore I cut you in pieces with my prophets, I killed you with the words of my mouth—then my judgments go forth like the sun. <sup>6</sup> For I desire mercy, not sacrifice, and acknowledgment of God rather than burnt offerings. <sup>7</sup> As at Adam they have broken the covenant; they were unfaithful to me there."

This passage had both historical and prophetic implications for the Jewish people. Historically, it was a warning to the Jews about what was soon going to happen to them because of their unfaithfulness to God. Prophetically speaking, its ultimate fulfillment will be in the end time tribulation, the Second Coming of Jesus and the millennium. This passage was written shortly before Israel was conquered by the Assyrians in 719 BC and carried away into captivity. They were essentially scattered among the nations and would not exist as a nation called Israel again until the year AD 1948. In this passage we see the following prophetic message:

1. Both Israel and Judah would be conquered and the people scattered among the nations.
2. The lion of the tribe of Judah, Jesus, would be responsible for enacting this judgment against the Jews for their unfaithfulness in both cases.
3. After Jesus accomplished his mission on earth many years later during his first coming as a suffering servant for man, he would go away; he would return to his lair, to his home in heaven with the Father.
4. Jesus will then remain in heaven until the Jews admit their guilt, and earnestly seek him as their Savior.
5. In the latter stages of the end time tribulation, when the Jews finally recognize that Jesus is the only one who can save them, they finally call upon him as their Messiah and Savior. See Matt 23:39 and Psalm 118:26 from the Tabernacles celebration. Also see Zech 12:10, 13:9.
6. Jesus will wait for two days, then return to save them from total destruction on the third day, modeling his death and resurrection.
7. Jesus will restore the Jews to their Promised Land and live on earth with them during the 1000 years of the millennium, Rev 20:1-7.
8. Just as surely as the summer and winter rains meet the needs of the earth's crops, so too will Jesus meet the needs of those he has planted. They will produce a bountiful harvest; this time a soul harvest.
9. I interpret Hosea 6:6 to be telling us that Jesus wants the following of the Jews and us:

Jesus' real interest is not in sacrifices and burnt offerings in and of themselves. His real interest is in having us express our love for him through (1) our faithfulness to him, (2) our loving kindness and goodness to our family, friends and neighbors, and (3) our honoring him through acknowledging our remembrance of and thankfulness for what he did for us, through our belief in him, through acknowledging that he is the one and only God of the universe and by placing him above everything else.

Jesus quotes this passage, Hosea 6:6, in Matt 12:7 during his encounter with the Pharisees in which he accuses them of committing the unpardonable sin. He was basically telling them that if they understood this Hosea passage they would recognize that he was their Messiah, their God. He was telling them in somewhat veiled terms that this was an Old Covenant prophecy of his first coming to earth. He was the fulfillment of this prophecy.

Prophetic passages such as this often have double or multiple fulfillments. The obvious fulfillment concerning verse 6:2 is that Jesus will return at his Second Coming

during the Feast of Tabernacles when the Jews finally accept him as their Savior and Messiah when they call for him, Jesus, to come to earth to save them as they repeat Psalm 118:26, "Blessed is he who comes in the name of the Lord," as Jesus prophesied in Matt 23:39.

However, there is also a second possible interpretation, a second fulfillment if you will, of this passage in Hosea 6:2. That fulfillment involves the 5<sup>th</sup> and 6<sup>th</sup> 1000 year days of man. In our study of the 1000 sequential year date pattern we found that there are exactly 6 1000 year periods from 3873.37 BC to AD 2041.5. We also recall that the 4<sup>th</sup> 1000 year day ended in AD 70.2 with the destruction of Jerusalem and the temple. Going back to Matt 23 and continuing into Matt 24, where Jesus prophesied that he would return to save the Jews when they repeated Psalm 118:26, we see the context being a prophecy by Jesus that the generation of that time would live to see the destruction taking place in AD 66-73. That destruction is one of the very most important events in all of Jewish history. Again, it marked the end of the 4<sup>th</sup> 1000 year day of man.

We know that Jesus was aware that this passage in Hosea 5-6 was a prophecy of his coming to earth from Matt 12:7, where he tells the Pharisees that if they understood this passage they would know that he was the Messiah. So we have Jesus' personal confirmation of what this passage is all about. Now back to the 2<sup>nd</sup> fulfillment. Hosea and Jesus may also be referring to the two days as two thousand year days and the third day as another thousand year day. In that case we see the following:

1. Jesus would return after two 1000 year days. That would be in the year ending in AD 2041.5. Hosea 6:2 says <sup>2</sup>After two days he will revive us; on the third day he will restore us, that we may live in his presence. That might be saying that after 2000 years Jesus would revive the Jews, meaning that they would return from spiritual death in that they would finally become believers in him and receive his Spirit within them.
2. Then on the third day they would be restored, in that they would be in his physical presence again. This day would start in 2041.5 and would include the 1000 years which we refer to as the millennium. Rev 20 tells us six different times, once each in verses 2-7, that this lasts for 1000 years.
3. This interpretation is hugely confirmed by the punishment patterns that we presented in our earlier books. There we saw that all of the punishment sentences that God had given each of his nations, Israel, Judah and Judea will be ending in the 200 year period from AD 1844 to AD 2041. We recall that Israel's punishment was for 2800 years, Judah's for 2520 years and Judea's for 2000 years and all of these finally end in the year AD 2041. The last punishment was exactly 2000 years or two days in God's timetable, since to him both Isaiah and Peter tell us that two days to God can be like two thousand years to man. We recall in Hosea 5:15 that we quoted above, God said that Jesus would return to his lair, his home in heaven until the Jews had borne their guilt. When will the Jews have finally borne all of their guilt according to this? It will be in the period surrounding the year AD 2041.

Another thing that is so compelling about this interpretation is that it merges with an extraordinary number of other patterns and prophecies in the year 2041.5. A final compelling argument is that exactly 1000 years later, in the year 3027.2, there is another huge confluence of patterns merging and that year is also the year of convergence of the 7<sup>th</sup> 1000 year day of man and the 7200<sup>th</sup> year after the fall of man.

We will now present a chart that shows a possible way in which the key 1<sup>st</sup> century dates might be repeated in our generation with each of the events being separated by exactly 2000 God years.

## Projecting the End Time Scenario onto Parallel Events Surrounding the 4000<sup>th</sup> and 6000<sup>th</sup> Years

Original Event Date	Original Key First Century Events  End Time Scenario Model	Original Event Dates (+1971.3 Yrs)	Series of Prophetic End Time Events Which Precisely Fit the 2000 Year Pattern Convergence Taking Place in our Generation  End Time Scenario Fulfillment?
66.7	Start 7 yr Roman/Jewish war. Judean groups attack Roman sites in north Galilee due to harsh treatment by the new Roman Emperor. The Romans retaliate starting the Roman-Jewish war, a 7 year period of Tribulation for the Jews.	2038.0	Start 7 yr end time tribulation. Christmas season; Rapture?? End time encounters start?? Pattern fits precisely but it may be just another intermediate fit (every 2000 yrs?).
3.30 BC + 69= 66.7 AD 1.23 +65.71= 66.7	The Roman/Jewish war starts 70 yrs after Jesus' conception and 66.66 years after Jesus and his family returned from self-exile in Egypt in AD 1.23.	AD 1969 +69= 2038.0 1972.5+ 65.71= 2038.0	1968-69 started the Hong-Kong worldwide pandemic. If 2038 finally starts the end time scenario, a war would erupt and then the Antichrist would enact a 7 year peace treaty between Israel and her attackers. Would 2038 feature the Rapture?
66.7+ 3.45= 70.2 Yr 4000	At the mid- point of the 7 year Roman-Jewish war the siege of Jerusalem begins. Nero is a type of antichrist.	2038.0+ 3.45= 2041.5 Yr 6000	At the mid- point of the 7 year tribulation; the antichrist takes control, seizes Jerusalem?
70.23 + 5 mo = 70.6	Time of the destruction of the temple and city of Jerusalem. The abomination of desolation takes place in the temple on the 9 <sup>th</sup> of Av.	2041.5+ 5 mo = 2041.9	Time of the fifth trumpet judgment which involves death, resurrection and rapture of the two witnesses and tribulation saints. Killing of all believers is akin to destroying God's spiritual temple.
70.23+ 3.45= 73.7	Siege of Masada by the Roman army begins. Fall of last Jewish stronghold and of Masada, ends the 7 year Roman-Jewish war.	2041.5+ 3.45= 2046.0	Satan and antichrist mobilize a huge army in attempt to destroy Israel. If the pattern holds, then 2 <sup>nd</sup> Coming, Armageddon, defeat of Satan and his followers takes place.
73.7+ 2300 days= 80.1 Jubilee	End of 30 <sup>th</sup> Jubilee, 2300 days after the end of the 7 yr war. Eruption of Mt. Vesuvius destroys idol worshipping temples.	2045.0+ 2300 days= 2051.4 Jubilee	Millennium beginning 75 days later in 2045.19, Dan 12. End of 70 <sup>th</sup> Jubilee 2300 days later. First Jubilee in new temple in the millennium? Temple anointed?

If we use the 1<sup>st</sup> century 7 year tribulation as a model we see that 70.23 was the exact middle of the 7 year period. Starting at the exact end of the 7 year period, that is 3.45 years after 70.23, and go forward exactly 6.4 years we come to the exact time of the next Jubilee year or AD 80.07. There is exactly 2300 days between these two events. Likewise, if we go exactly 3.45 after 2041.53 we come to 2045.0 which is exactly 2300 days before the next Jubilee year, 2051.39.

The tribulation period lasts exactly 7 years according to Dan 9 and 12. Thus the 2<sup>nd</sup> coming would be included in the 7 year period. It would very likely be the last event in the 7 year period. However there are still several events that must take place before the millennium begins, including the sheep-goat judgment of Matt 25:31-46. Dan 12 says that there is another 75 day period at the exact end of the 7 year period. He further says that a very blessed event will take place at the end of this 75 day period. The events within the 75 day period would likely include the soul harvest of Rev 14 and the sheep-goat judgment. The event at the end of the 75 day period would likely be the start of the 1000 year millennial kingdom of Rev 20.

Again, as in the 1<sup>st</sup> century model there would be exactly 2300 days between the end of the 7 year tribulation period and the next Jubilee year. This works out perfectly on the calendar in both cases. This 2300 day period was prophesied in Dan 8:13-14. *It is certainly possible that any 1<sup>st</sup> century parallel events which may take place between 2038 and 2051 may simply involve another punishment for Israel for not accepting Jesus as their Messiah. This would not necessarily involve the 2<sup>nd</sup> Coming and start of the millennium.* Mathematically speaking there are similar parallel patterns every 2000 years, and those key events may still be far in the future.

## **Might Hosea's Two Days Equals 2000 Years End Time Prophetic Pattern End in Our Generation in 2041?**

Perhaps we should consider this prophetic pattern to be a bit speculative on our part. However, it does fit with so many of the other end time prophetic patterns that it is difficult for us to dismiss it. It could certainly be coincidental but there are too many of these types of patterns for them to be mere coincidence. Again we see the year 2041 being closely associated with the end date in our scenario. In this case it fits the mid-point of the end time 7 year tribulation period perfectly. We also see that it provides a perfect fit for the 2300 days prophecy of Dan 8:14.

Thus the answer to our question concerning 2041 is a resounding **YES!**

The fact that God uses parallel events separated by 2000 years in so many cases may be confirmed by Eccl 7: Which says the following: That which has been is that which will be. Again we have seen this happening over and over in the event-patterns which we are documenting in this ET 2041 series of books.

Again, our primary purpose for presenting this study in Hosea was to demonstrate that the years 66.7 and AD 2038 are perfect parallel events. Since 66.7 is tied to 3.30 BC, our date for the conception of Jesus, would that then tie the year 2038 to the next return of Jesus to earth. The next expected visit of Jesus to earth is the rapture event. If so then we have a tie between 2038.0 and a 9/11 event.

Wake up world!!

Revealing Why  
Israel is Still  
The Apple of God's Eye

## Introduction to Section 2

We know from observation of the God created universe that it is obvious that he must be a God of extreme order. This order is extremely complex in many ways. We can also see that he created his physical universe to be this way and that one critical aspect of this whole universe and everything in it is that from the instant of creation until today it is steadily in a state of going from order to disorder. Everything in the physical universe has a life span associated with it, even the incredibly complex stars themselves.

With that as a foundation we might ask ourselves this question; is there anything that God placed within this extremely complex physical universe that he created that would not eventually die? Would anything in the universe have eternal life? God's Bible answers this question quite clearly. There is only one thing and the process of bringing that about is also incredibly complex. That process is also described in the Christian Bible. We see the sole reason for creating this physical universe was to set in place a way to create an eventual very close companion for God's equal partner in the Godhead, the one we call Jesus.

We can see from scientific observation that this whole process has been taking place over a period of many billions of years. That would be at least 13 billion years. However, we also see from the Bible along with the application of Einstein's theory of relativity that God seemed to cram these billions of years into what has now been 13 thousand 360 day years, with one more 1000 year period taking place before God's final goal in this whole process will be completed. This is described in Revelation chapters 21 and 22 for those who are interested and willing to take the time to do the Bible research necessary to understand it.

The ultimate end of this whole process will result in the final product that God was creating, the product that may have been the sole reason for his creation. That product is a composite bride for Jesus the Christ. This will be his bride, so to speak, for all of eternity future. The book of Ephesians, in particular, makes this quite clear. This bride will be composed of the only thing in the physical universe that is eternal in nature. It is the spirit being that lives within each and every human. That spirit clearly resides in the physical universe but it cannot be seen. It is currently immaterial. However, when Jesus arrives on earth to claim his bride he will change this combination physical/spiritual being into a resurrected, glorified being that can function equally well in either physical or spiritual dimensions. Whew!

Our reason for saying all of this comes with the realization that if God has always been so very mathematically and scientifically precise in his creation process, with seemingly nearly everything having a very intricate "pattern" associated with its very existence, then God would have been extremely likely to have also used complex mathematical patterns in the creation of his gift for Jesus. The search for that set of complex mathematical patterns is the topic of this discussion and in fact the whole "ET 2041 Scenario" series of books.

That set of patterns turned out to be patterns in the spacing between key events that God foreordained to take place to bring about the ultimate purpose for his creation. That is described in Ephesians 1:8-11. That says that this purpose was

“to bring everything in both heaven and on earth into unity under Jesus when time reaches its fulfillment.” That unity is described later in Ephesians as the union of Jesus with his bride and in Revelation chapter 21 where it says that “heaven and earth” will be unified, that there will then be a new heaven and a new earth. Chapters 21-22 describe the makeup of this unified heaven and earth.

The book series mentioned above documents my search for these patterns over a period of about 8-10 years in the general order in which we discovered them. We took a couple of years off during this writing process, one to recover from the Covid 19 pandemic and the other to update my Bible prophecy website, [www.proofthruprophecy.com](http://www.proofthruprophecy.com) . I was also considerably slowed down because I have been slowly going blind during this whole process and have now been legally blind since about 2017. This has been a serious challenge for me. I can still type on my computer in Word 7 which I know very well. I could only do this with God’s help in many ways and also with help from my wonderful wife in proof reading and from other computer smart family members from time to time in more challenging areas.

Since the whole book series may be too long and cumbersome for many possibly interested readers, I am preparing this summary of the major conclusions that can be taken from the four book series. I am leaving out most of the details and am focusing only on the one year which turned out to be the key focus of these books. I did not start out my research with any idea whatsoever that this would be the case. That year, 2041 just turned out to be the one year that was the convergence point for a great majority of the event-patterns that we discovered.

I have been asked; “why do you think 2041 will be so important?” My answer is this; I did not pick that date. It is not my year! I started what became this whole series of books with just one thought in mind; I wanted to see if I could discover any possible dateable event in the Bible that could lead to the dating of an ancient Jubilee year. My success quickly led me to the discovery of another event-pattern, the tribulation pattern. It turned out that every pattern that I discovered would lead to another pattern or to another whole set of patterns. None of this had been in my original plan. No particular date was in my original plan. Only one book was in my original plan. Almost none of this was in my original plan.

However, I truly believe that God has really been behind this. The vast majority of these numbers, dates themes, ancient historical information, etc. came directly from my meticulous study of the Christian Bible over a period of 25-30 years. For information on dates over the last 2000 years, after the completion of the writing of the Christian Bible, I would simply conduct an Internet search. I must admit that my whole database of ancient dates hinges on two ancient dates from secular history. These dates were the years 587-586 BC for the timing of the Babylonian siege and destruction of Jerusalem and the Temple and 931 BC for the year of the death of Solomon. With those dates as givens every other event in my historical date database can be derived from a very meticulous research and use of the genealogies, time gaps between events, etc. that are given in the Bible. Believe me, there is sufficient information in the Bible to be able to go all the way from 931 BC back to the fall of man. There is also sufficient information to go from 587 BC back to 720-719 BC. From there it becomes quite hairy to get back to 931 BC because there is redundant

material that is very complicated, but the basic material is there. I document much of my research in the books.

My major point in saying this is to show that these are not *my* patterns or *my* dates. They come directly from meticulous research of the Bible. I must also admit that I am a mathematician and former Senior Scientist with DOD, so I really enjoy doing this type of research.

With all of this now said let me next go on with my answer to the question; why 2041?

## A Broad Look at What We are Presenting in this Section

We titled this section Why 2041? Another equally valid title for the section could have been this; why are the vast majority of our critical event-patterns converging within the same 13 year period? There are a vast number of equally valid answers to both questions and they are essentially the same answer. That answer is this: it is the timeframe when God the Father chose, even before the creation of the world, to finally announce the identity of the bride of Christ and to conduct the wedding ceremony in heaven. It would also be the time when the Jewish people, in mass, would finally accept Jesus as their Messiah and the true Son of God. This would then lead to God the Father remarrying the Jewish people, just as he said he would in the book of Hosea. Does this then imply that the Old Testament Jews would be the bride of God the Father while believing New Testament period Jews would be the bride of Jesus?

There is a very specific criteria which will be used to decide who will be a part of the bride of Jesus. The criteria which must be met is that those chosen must be redeemed by the blood of the Lamb. How can one become redeemed and thus be a part of the bride? It is through becoming a true believer in and follower of Jesus.

A marriage takes place in one singular event. In this case God the Father picked the date for that event at or before the time of the creation. God apparently chose a large set of themes that he would use to bring this event to fruition on the very date that he chose. It seems that he chose coded mathematical algorithms to do this. We believe that we have discovered these algorithms and are presenting them in the whole 2041 series of books. He devised the mathematics and the themes in such a way that they would all converge on the dates that he chose.

The themes that God has chosen to use all have two individual characteristics and one shared characteristic associated with them. The two individual characteristics are as follows;

1. each one is associated with a specific number, usually a multiple of 10 years, numbers such as 40, 50, 70, and so forth, with only a couple of exceptions.
2. each one has a simple theme such as judgment, exile or testing.

The theme common to every pattern is that they are all designed to eventually provide a lasting benefit, redemption from sin through accepting Jesus' sacrifice of his blood for them, for those who will accept it.

When we analyze the event-patterns presented in this series of books it reminds us of a good parent disciplining his child. It often hurts the parent more than

it hurts the child but it is done in the best interests of the child. One common theme in both of these cases is the use of periods of time out from some activity that the child really likes. Just as in the case of the earthly parent, God also loves his children but he must discipline them to achieve his ultimate purpose for them and for him. After all, this life is very short while eternity lasts forever. As we have seen the Jews have been in several extended periods of timeouts, some lasting for thousands of years. These all seem to be coming to an end in our generation, but in comparison to eternity, these have really been short timeouts.

Again, this book is both a summary and extension of the first four books in this series, the ET 2041 book series. We are planning to write this section of this book with a bit of a different flavor from that of the first four books. In those books we were using a bit of a mystery format where God was encoding the things that he was doing to bring about his purposes for his creation. Once more his purpose was to create a gift for his companion in the Godhead that he referred to as his Son, the one we call Jesus. That gift was a lasting companion, created in the very image of himself, but one that would need to prove in very difficult circumstances that he wanted to be and deserved to be a part of that gift. God understood that he would need an opposing force in the universe that would also appeal to the potential gift. He would then give the gift, the humans, the free will to choose which force he would follow in a very difficult set of circumstances that the potential gift would encounter.

God gave the humans sufficient information for them to be able to realize the true nature of the opposing forces and their intentions and when it would be time for God to bring the whole process to its proper conclusion. However, God did encode the process that he was using and there were several codes that would have to be broken in order for the humans to be able to uncover God's hidden secrets. The first four books in this series were all about breaking those hidden codes.

In this book we will be taking a quite different path for presenting the techniques that God has been using to bring about the purpose of his will. We are doing that because we felt that it might appeal to a different audience or it might add additional credibility to what was presented in the original set of books. So, just what is different about the format of this book?

The format of this book relies on the very divine nature of God; of both the Father and the Son. As we will see, they were the same and yet they were a bit different at the same time. Our format relies on the fact that God was the Creator and at the same time, as Proverbs says, Jesus was the Craftsman at his side during the whole creation process. God was the "*Architect*" of the universe; he designed it down to the slightest detail. Jesus was the craftsman, the "*Carpenter*" who constructed every last infinite detail of the creation. They were the true "*Divine*

*Team,*” in every sense of the word. In order for a carpenter to be able to do his work he needs a set of tools and a toolbox to hold the whole large set of tools. In the case of the “*Divine Team*” in heaven all they need is the power of their spoken word. All that the Architect needs to do is to design it within his mind and it is fact. All that the Craftsman or Carpenter needs to do is speak the word and it is also then fact indeed.

When Jesus came to earth, born as a man, a human, who would live on earth for 33 ½ years, we can see that a very similar scenario was enacted. This was done so that Jesus could personally experience what it was like to be a human, to prove that it was possible to be able to face the very same set of the most powerful temptations, to encounter the very worst of human tragedies, and yet in spite of this to make all of the right decisions and live a perfect, sinless life. Then at the end of that sinless life Jesus would allow himself to be killed on our behalves, as a substitute for us, as a sin offering for all humans who would accept it. Hebrews 10:14 says that God’s criteria for entering heaven is “perfection.” That is something that humans cannot do. Thus we see that Jesus did for us something that we cannot possibly do for ourselves. We cannot not possibly live a sinless life. However Jesus did it for all of those who will choose him, those who will simply choose to believe that he is indeed God, that he died for forgiveness of our sins.

So now, just how did Jesus’ life on earth as a human emulate his life in heaven with the Father God? We will explain. In his earthly life we see that just as his Father in heaven was an architect, so too was Jesus’ earthly father an architect. His father, Joseph, was a carpenter, a furniture builder, likely a stone mason. In order to do this he would of necessity have been one who would create the design for the furniture that he would construct with his own hands using the tools that he had accumulated. Thus he would have had the skills of an architect. Thus, just as Jesus’ heavenly Father was an architect, so too must Jesus’ earthly father have been skilled as an architect.

Next, in heaven at the time of the creation we see that Jesus was the craftsman at the side of his Father. During his time on earth Jesus was called the Carpenter. A carpenter is by necessity a craftsman. Where would Jesus likely have been plying his trade as a carpenter, a craftsman? Before answering that it might be best to explain our understanding of what Jesus would likely have been doing in his 30 years on earth before he became a Jewish Rabbi and began his 3 ½ year ministry on earth. We will first discuss our understanding of his life in general during these 30 years.

Jesus came to earth to “walk a mile in our shoes.” That means that he came to earth to experience the very most severe set of our typical pains, heartbreaks and

tragedies as well as our most enjoyable experiences. Again, if both he and his earthly father were in the building business to support their family they would have needed to go to wherever the building trade was taking place. My understanding is that just a few miles from Nazareth and within walking distance there was a new Roman city being built during the time when Jesus was under 30 years of age. That would have been a possible place for them to ply their trade. If so, when Jesus got home at the end of a long, hard work day he would have had dusty, aching feet from walking several miles over hard, dusty ground. He would have been extremely tired after hours of pounding on and cutting hard stone to use for constructing buildings and/or furniture. He would also have very likely been very thirsty and hungry. He would have been ready for a good sponge bath or for whatever type of bath they had available to them at that time.

Another thing that Jesus must have had to suffer and endure was the loss of his precious earthly father at some time before he was 30. Joseph was not around during the years of Jesus' ministry as far as I have seen or heard. Thus Jesus would have suffered the type of pain that all humans have to suffer at times during their lives, the loss of a precious loved one.

Another type of severe pain of another sort was also something that Jesus had to suffer over and over. That is the pain of rejection, of being called many horrible names, of being falsely accused, of being severely hated and so forth. Indeed Jesus had to walk in the shoes of not just a few humans, but in the footsteps of all humans. He had to feel what every one of us feels in both the very darkest of times, and yet also in the very best of times. He indeed did it all. This included allowing himself to be tempted directly by Satan, under the most severe conditions possible, with him being promised great power if he would bow to the temptation of the evil one.

So we see that in Jesus' time on earth, in fact the whole 33 ½ years he was indeed living the life of a human, walking in our shoes. Our understanding is that when Jesus came to earth he left his divine nature at the door when he came in. He would not have performed any miracles when he was under the age of 30. When Jesus was 30 he began his ministry on earth. At that time he was baptized by John the Baptist and at that event we see the Holy Spirit entering Jesus' body. However, even after this Jesus was still a human as far as his body was concerned. However, even after this we see in Matthew 12 that Jesus said that he still performed his miracles through the power of the Holy Spirit that was then within him.

So we have now demonstrated some parallels between the relationships between Jesus and his heavenly and his earthly fathers. In both cases we see that Jesus' fathers were architects who would have been the designers of whatever they were creating and that in both cases Jesus was the craftsman at his father's side that

would have been crafting whatever his father directed him to build. In both cases they would have had the tools of the trade at their side with them. On earth Jesus would have needed at least a hammer, an assortment of cutting devices and some type of sanding device. I believe that this whole discussion makes it much easier to understand why initially Jesus' sisters and brothers did not believe that he in fact was the Messiah, the Son of God who had come to earth. They had seen him live the same type of life and had the same types of problems that they had all endured during Jesus' first 30 years on earth. They all became complete and huge believers in Jesus and advocates for him as their Messiah later on during his ministry and after his resurrection to life after having suffered death on a cross.

I have presented this set of parallels between the relationships between Jesus and his heavenly and earthly fathers for two basic reasons. The first is to demonstrate the technique that we will be using in this book to show how God is bringing about the ultimate purpose for his will in the end times. The second is to demonstrate how I believe that God has given me exposure to and a passion for the same sets of skills that we have been discussing to get me ready for writing this series of five books. Those skill areas are in architecture, in carpentry and in building or creating useful items. That makes it easier for me to be able to visualize the things that I am writing about in these books. I will next tell a bit of my life's story as I present my exposure to and passion for items that we have been addressing above.

## **CARPENTRY**

I was born in 1939 in a small coal mining community that was built and owned by those who owned and controlled Consol Mine No. 9, just a few miles from Farmington, West Virginia. The community also contained a company store for the miners who lived in the community. It featured groceries and other essentials for living. The community was full of small row houses with one larger, two story house for the carpenter who did the building for the mining company. The carpentry would obviously include the small houses, the company store, the timbers for supporting the deep mines, etc. My father was one of the coal miners and my mother was the daughter of the carpenter who lived in the one big house. Incidentally, Sam Huff, the famous football player for WVU, the New York Giants and Washington Redskins, who was about five years older than me, lived only a few houses down the street in what we called No. 9.

When I was six years old both my family and my grandfather all moved to Fairmont, West Virginia, a major coal mining center and railroad community. My father went to work for the B and O Railroad Company and my grandfather, Floyd

Allen Yost, the former coal company carpenter, started his own house building company. He built himself a large carpentry workshop full of every possible type of woodworking device. I would love to go play in the shop and watch my grandfather. He taught me a few tricks, such as how to build my own wooden stilts, etc. We built a wooden sled and a wagon with wooden wheels for me to play with. I simply loved walking around the community on my big stilts.

Woodworking or carpentry became one of my many hobbies and over the years I built several cabinets, finished several basements, remodeled a house, built two different garages, and so forth. I accomplished all of this with my own self labor. It was a pleasure and great fun for me.

## **ARCHITECTURE**

My favorite classes in high school, by far, were my mechanical and architectural drawing classes. My teacher, Mr. Cain, was a great teacher and he opened his drawing rooms an hour before school started for those students who wanted to spend some extra time on their drawings. That was me for certain. I would regularly get up an hour early and walk the half mile to school just to go work on my drawings. I designed my first house in those classes. I also took a couple of similar classes in college and had a desire to become an architect, but not knowing what that would lead to in the future, I instead decided to become a mathematician and physicist. I have designed and drawn the plans for the last three homes in which my family has resided and also homes for other family members. This has long been a passion for me.

## **BUILDING AND CREATING**

Another one of my long time hobbies has been astronomy. I simply fell in love with the beauty of the heavens as a young kid of about 14 or so. At age 16 I purchased parts from Edmund Scientific in Barrington, New Jersey to use in constructing my first telescope, a three inch reflector. I built my own tripods with materials purchased locally. I soon graduated to building a four and one fourth inch reflector and then a six inch reflector. Over the years I have pieced together over 30 telescopes. I personally used five inch refractors myself for most of the time.

For the ten year period of the 1970's the prime contractor for the missile system program that I was supporting was housed in the Philadelphia, Pa. area and I had to make a couple of trips each month up to that area. Guess what. I went right

by Edmund Scientific on each trip. They had a large scratch and dent room and on each trip I would stop by, buy mirrors with a small scratch, various lenses, pieces and parts. I would use them to create telescopes, eyepieces, etc. When I would get another telescope together I would usually give it away to some local teenager in the hopes of getting him interested in astronomy. I donated telescopes to a boy's home, to colleges, to astronomy clubs, to basically anyone who wanted one of them. I have long ago lost contact with all of them except one. I gave a telescope to a nephew when he was a young teenager over 40 years ago. He has been a lifelong astronomer and still uses his telescopes. He also became a house framer and is currently the building inspector for a local county government. These telescopes were simply my gift to let others see the astounding beauty and marvels of God's incredible creation. Unfortunately, I now only have the memories of that beauty to enjoy since I have been slowly going blind with glaucoma since 1982 and am now far too blind to see it with my eyes. I am personally looking forward with great anticipation of the even more spectacular beauty that will be available to us in the millennium in our new glorified and resurrected bodies which will have eyes with incredible vision.

We certainly believe that we could not have made the discoveries that we revealed in section 1 of this book without our background in studying the stars, so to speak. This was just a long term hobby for us but it was invaluable to us in being able to do those studies and reach those conclusions.

## **THE NEW PRESENTATION STYLE THAT WE WILL USE IN THIS BOOK**

We mentioned earlier that in our first four books in this series our style relied heavily on God's apparent use of codes of various sorts to hide his secrets from his creation. We will use the words code, super-code, etc. very sparingly in this book. Instead we will simply be referring to the fact that God had been dealing with his people in repeating patterns ever since the creation. In fact, even in just explaining this we were led to another pattern that God had been using when he deals with his creation. The use of these patterns will finally result in God meeting the ultimate purpose of his will in the end times. In this book we will expose the fact that Jesus will still be acting in his role as the chief craftsman, the chief carpenter for the Father in heaven as he brings about the ultimate purpose for his will from Eph 1:8-10, to bring everything in heaven and on earth into complete unity when time reaches its fulfillment.

In this book we will be revealing that we believe that we have discovered the makeup of the tool box that Jesus, the Craftsman, the Carpenter, has been using as he has slowly been bringing everything on earth into a state where it can finally reach

“unity.” That will be the time when he becomes “one” with his bride, the church of believers. We will gradually reveal the nature and make-up of the various “tools” that Jesus has been using. The whole array of tools will make up the Tool Box.

We will also reveal that the Architect himself, God the Father, revealed to Moses the blueprints for how this whole building project would take place and be completed. A short summary of that blueprint will be presented as “The Kings Scroll” of Lev 26. The Biblical Book of Deuteronomy is a vast expansion of that plan. These are presented in much more detail in my first book in this series, *The Search for the Tribulation Code*.

After completing our description of the various tools in the Master Toolbox we will spend the remainder of this book demonstrating how Jesus has been using the tools over the 6000 year period since the end of the seventh day of creation to bring about the ultimate purpose of God’s will. This purpose will finally result in complete, perfect “unity” under Jesus.

## Chapter 5

### An Introduction to the “TOOL BOX”

#### *The Tool Box That Was Used In Uncovering the Evidence that Led to the Conclusion that Our Generation and the Year 2041 are Good Fits for the Biblical End Time Scenario*

##### **Putting this Topic in the Proper Perspective**

Before beginning this topic we feel that it is absolutely critical to make certain that we place it in the proper perspective. That perspective is that the God of the Christian Bible is the one and only one who knew the “end” from the “beginning” as Isaiah chapters 41 to 46 make perfectly clear. That means that God had a plan from the very beginning of the creation of the physical universe and he has been and is still enacting that plan to perfection. He has given us clear proof of this all down through human history. How did he do that and how do we know about it? We will elaborate a bit on that topic. We will present the following as evidence.

Over one fourth of the Bible is prophetic in nature. That means that God gave us a detailed manual, the Bible, which would tell us the following: what his purpose for his creation was, how he planned to enact that purpose and then bring it to a conclusion, the identity of the “tools” that he would use to bring it about, the identity of the key events and milestones that he would use to bring it about, the specific timing of those milestones in advance to the very year, the method that he would use to keep humans aware of where they stood at all times while his plan was being enacted and finally a book that would contain all of this information for the first 4000 years of this process. That book is the Christian Bible.

The reason for much of this not being recognized in the past is quite complicated. Certainly many of the pieces have been discovered in the Bible, written about and taught by theologians over the centuries. However, I believe that the reason why the extreme details of this plan have not been put together more completely is that God was simply not ready for that to take place until our generation. With all of the vast resources that we have today to use in studying the Bible, secular history, etc. it is now being made possible because it seems that God is finally ready for that to happen.

God said in Daniel 12 that a “knowledge explosion” would take place in the end times. We are now in the middle of that knowledge explosion and therefore it is now much easier to understand God’s “big picture.” Taking advantage of all of those tools to better understand God’s plan for mankind and how he will bring it all to the conclusion that he planned from the beginning is exactly what we have been attempting to do in this series of books. We are summarizing all of that in this book but the details were given in the first four books of the series that were written in the order that we discovered them.

In this section we will be presenting the tool box that God seems to have been using to bring his plan together. There certainly must be parts of his tool box that we

know little about but we believe that those that we have discovered have enabled us to get a good understanding of God's plan and his timetable for enacting it. Each one of the tools that we will be presenting have been discovered and written about by very good Bible scholars, most of them prophetic scholars. We are aware of many of these and we have been studying their works for the last 30 years or so.

As an astronomer, mathematician, physicist, senior scientist and systems analyst each time we would become aware of these discoveries we would then do our own research, use our own parameters, etc. to repeat those studies using principally the Bible and our own accumulated knowledge.

Putting all of this together along with our own thousands upon thousands of hours of serious Bible study on a whole array of topics has allowed us to be able to develop this book series. We are simply using many of the techniques that we have learned from the writings of many of the best Bible prophecy scholars and Bible apologists, the techniques that we learned in our mathematics and physics training and from our career as a systems analyst working on various missile programs. That is basically one of the reasons why we consistently use the term "we" as we are writing these books. We certainly believe that God has placed us in this very situation to enable us to understand and write about this complicated topic. As we look back over the last 30 years as a researcher, writer and teacher of Biblical topics we can see that God had been preparing us all during our life to be able to do this at this very time. Our studies over the last 30 years have concentrated on two principal areas, first on answering the most difficult Bible questions and second on Bible prophecy topics. We have written about 18 books to teach to our 2-3 weekly Bible study classes. Much of the material that we have taught is included on our website at [www.proofthruprophecy.com](http://www.proofthruprophecy.com).

To explain the answer to our question, "Why 2041?" we must first establish a few ground rules. These are as follows:

- First, God is the one and only creator of the whole physical universe.
- Second, God had a key reason for creating that universe. That reason is stated in the book of Ephesians. There in Chapter 1 verses 8-10 he states his reason as follows: to eventually bring everything both in heaven and on earth into unity under Jesus when time reaches its fulfillment. We will find in this book that providing Jesus, the one called God's Son, with a bride, a composite companion, for the rest of eternity is key to understanding this "unity."
- Third, to bring this about he would need a plan and a very important set of ground rules for how he would complete the plan.
- The plan would require creating a totally new type of being. That being would be created in God's very own image. It would have free will to make its own choices. God would also create another new type of being. These would be called "angels." They would be created in such a way that they would eventually fall into two categories, angels that would follow him and do his will and others who would rebel against him and choose to try to become gods themselves. The reason for their creation was to be "forces" that would help mold the eventual bride for Jesus. One set of angels would influence humans to want to do "good" and the other set to have reason to want to influence

humans to want to follow the “leader of the forces for evil” one who would be called Satan. This is all too complicated to go into detail about here, but the result would be that the eventual bride would be those who would choose to follow Jesus under a very difficult set of circumstances, with forces all around them that would appeal to them. Ultimately only those who would choose Jesus over the world, over Satan, would become the eventual bride of Jesus.

- This whole scenario would require that God’s plan would rotate around a very complex and long set of pre-planned events. These events would all be a part of God’s scenario to eventually create the perfect bride for Christ. This long and complex set of events would be “God’s Universal Timetable (GUT)” for creating that bride. Those at the center of that timetable, those most closely associated with the events in that timetable, would be those closest to the heart of God, so to speak. They would be those in the GUT.

We believe that God has revealed that GUT to us for some reason known only to him. Our job was simply to follow God’s will and reveal that GUT and its consequences to “you.” That is what we are attempting to do in this book and the accompanying four book series, “the ET 2041 four book series.”

Again, this GUT is one of the required tools in God’s tool box and we will reveal it later in this book as “God’s Plan for Man.”

## **A High Level Summary of the Process That We Used to Discover the Pattern Strings Presented in Our ET 2041 Four Book Series**

### **Task1: statement of purpose**

Our original purpose was short and simple; to attempt to find the original 50 year Jubilee pattern along with the original starting date for that event-pattern and to document the search process and results.

### **Task2: the first task in the search**

Our first task was to search through the Bible to attempt to find some event that took place in a dateable year which met the definition of a Jubilee year.

### **Task 3: create an historical event date database**

This search required developing a very good database of key events in the history of the Jewish nations and the secular nations associated with them.

### **Task 4: to develop a database of God’s mathematics**

The search required developing a very good database of God’s mathematics; the way in which he consistently used numbers in the Bible.

### **Task 5: to search for the original Jubilee year cycle**

We conducted this task with the following incredible results. During this search we not only discovered the year when the first Jewish Jubilee year was celebrated but that it coincided with the year when the Israelites first entered their Promised Land, 1399-1400 BC. We also found that this pattern first started in 3863 BC, 10 years after the end of God's 7<sup>th</sup> day of creation and then proceeded all the way to the start of the eternal state in AD 3037. This pattern contained at least 38 key events in the history of God's people. God apparently used this same 50 year pattern for judging all of his witness groups on earth from the very beginning to the very end. It seems that God injected the Israelites into this pattern in the 50<sup>th</sup> 50 year period after the end of the 7<sup>th</sup> day of creation. That would be  $50 \times 50 = 2500$  years. It would thus be a Jubilee of Jubilees when the Israelites were merged into the Jubilee pattern. This must have been planned! The 70<sup>th</sup> Jubilee period for the Jewish people and the 120<sup>th</sup> period overall seems to be ending in 2051.

### **Task 6: to search for other patterns similar to the Jubilee year pattern**

Success in finding the apparent original Jubilee cycle led to the realization that if this equally spaced similarly themed event-pattern exists then there might be other like event-patterns that God has been using. We began conducting this search. The resulting search for other such patterns quickly led to the discovery of the tribulation event-pattern. This pattern turned out to have a gap of 66.666 years between successive events. Wow! Just as with the 50 year event-pattern God seemed to be using this pattern for injecting himself into earthly events, this time with tribulation, all the way from the end of the 7<sup>th</sup> day of creation up to the apparent start of the eternal state in AD 3037. We found 26 of these horrible tribulation events scattered down through history, with at least 19 of them affecting the Jewish people or nations. This is a Gentile pattern and involves Gentiles inflicting the tribulation upon the Jewish people and nations. These tribulations for the Jewish people seem to end in 2041.

### **Task 7: to search for an exile event-pattern**

Since the tribulations seemed to result in exiles for the Jewish people we decided to next look for an exile pattern. Knowing from our mathematics database that 40 is God's number associated with exile we thus looked for a 40 year pattern in the date database. Again we had great success and quickly found the exile event-pattern. Again, this pattern traveled throughout the whole 7000 years of man's apparent time on earth. There were 33 of these exile type events that we found in history and it seems that at least 25 of them affect the Jewish nation or people in some serious way. These exiles for the Jewish people and nation also seem to end in 2041.

### **Task 8: discovery of the multiple event convergence patterns**

We now had three event-patterns. These were equally spaced similarly themed patterns with gaps of 40, 50 and 66.666 years. We noticed that these three patterns often converged in time gaps of 200 years. This quickly led to the realization that all three divided evenly into the number 200. That led to the discovery of the 200 year event-pattern. The 200 year event-pattern also starts at the end of the 7<sup>th</sup>

day of creation and travels all the way to the start of the eternal state in AD 3037. It and the  $10 \times 200 = 2000$  year patterns turned out to be by far the most significant and important of any of the basic event-patterns. That is because these patterns are the convergence points of the 40, 50 and 66.666 year patterns so they involve not only judgment but also potential tribulation and exile taking place in those years. That is exactly what we see in history and thus we will also project the same for still future prophetic years. These include the horrible events of AD 70, the 4000<sup>th</sup> year, and the year 2041, a projected end time event year being pointed to in our event-pattern set. This year has far more ominous event-patterns converging on it than any other date in history or in the future. Since it is still in the future the thing which we do not know about the event being pointed to is whether it will host another set of ominous judgments involving great tribulation and exile or whether it will signal the end of such events at some future time. Could both be possible at the same time? There is a clear distinction that we want to make between the 50 year Jubilee judgment and all other event-pattern strings. The 50 year Jubilee judgment pattern started at a fixed time, 1399/1400 BC for the Jewish people and every single 50<sup>th</sup> year in the pattern has been and still is a year of judgment by God concerning those people. Every other event-pattern string is composed of contingent events. God may or may not use those events to administer judgments on his people. For example God may or may not administer exiles or tribulations in the 40 or 66.666 year event-patterns depending on whether or not they are necessary in God's opinion, based upon the actions of his people over some lengthy time period.

### **Task 9: discovery of the mega-convergence event-pattern**

The discovery of the 200 year equally spaced similarly themed event-pattern quickly led to the discovery that there is a mega convergence every  $10 \times 200 = 2000$  years. This is a convergence of patterns of 200, 400, 500 and 66.666 years and they all began at the end of the 7<sup>th</sup> 1000 year day of creation in 3873 BC and continue all the way to the 6000<sup>th</sup> year in AD 2041. These patterns of 400, 500 and 666.66 year super patterns could signal very ominous things for mankind and the Jewish people. As we will see later, the year 2041 will also host these patterns as well as an alarming number of other potentially ominous event-patterns.

God eventually had to severely punish all three Jewish nations for violating his Lev 26 commands as laid out on the attached King's Scroll of Deuteronomy. Each punishment began at the time when God used a Gentile nation to inflict his punishment. All three involved the complete destruction and exile of the three original Jewish nations along with their temples. The historical dates for these destructions from our event database were as follows; 719.29 BC for the Northern Kingdom of Israel, 587.87 for the Southern Kingdom of Judah and AD 70.23 for Judea. It turns out that all three are interconnected with each other and then all culminate in the year AD 2041. We will present the patterns below. All of the event-patterns in this presentation require us to use dates based upon years having 360 days.

Those involving 66.666 year periods include:  
Two from 719 BC until 587 BC, another 10 periods until AD 70 and finally another 30 periods until AD 2041. Thus it would be 40 periods of 66.666 years from 587 until AD 2041; an exile of tribulations, so to speak.

Those involving 40 year periods include: Five periods of 40 years from 719 BC until the year 522 BC when an edict allowing the temple to be rebuilt was issued by King Darius, another 2 periods until 443 BC when the city walls were rebuilt, another 7 periods until the Hanukkah event in 167 BC, then another 6 periods until AD 70 when the Roman siege of Jerusalem began and finally another 50 periods of 40 years until the year AD 2041. That would be 70 periods in total from 719 BC until AD 2041. Thus this could be viewed both as a full 70 periods of exile and as a full 40 periods of testing of his people by God. Incredible!

### **Task 10: discovery of the extended basic event-pattern set**

Thus this 2000 year event-pattern became the principal event-pattern which we would concentrate on in what would eventually become a four book series. Other key event-patterns that we would also discover and evaluate included patterns of 30, 60, 70, 80, 90 and then 10, 7 and 13 times multipliers of each of the patterns. We refer to these as an extension of the basic event-pattern set.

### **Task 10-1: the 30/300/3000 year event-pattern set**

The number 30 in God's mathematics seems to be associated with events dealing with either new leaders coming to power who have an association with Israel or a key event associated with the Jewish Temple in Israel. The 30, 300 and 3000 year patterns that began at the end of the 7<sup>th</sup> 1000 year day of creation all converge in the year AD 2041.53. This is the  $2 \times 3000^{\text{th}}$  year, the  $20 \times 300^{\text{th}}$  year and the  $200 \times 30^{\text{th}}$  year. The same can be said for the year AD 2051.4 with starting dates of 3863 and convergence dates of AD 2051.4. That would make these two years 2041 and 2051 by far the most significant dates in history that involve both some key new world leader and the Jewish temple in Israel! The most prominent projected end time scenario in our generation had 2041 as the year when the antichrist would go into the newly rebuilt temple in Jerusalem, declare himself to be God and demand to be worshipped by everyone in the world. This pattern speaks volumes! I need not say more. The year 2051 in our end time pattern converging in our generation has Jesus anointing the new millennial temple. Jesus would be the sole world leader for the next 1000 years and the millennial temple is a huge new temple described in Ezekiel chapters 40-48. What an incredible match! We should add that the year 2051 is the time of the 70<sup>th</sup> Jubilee for the Jewish people and the  $10 \times 12 = 120^{\text{th}}$  such period for God's Witness people in general.

### **Task 10-2: the 60/600/6000 year event-pattern set**

Here we have the exact same pattern set as for the 30/300 set of patterns but with the pattern multipliers being  $100 \times 60$ ,  $10 \times 600$  and  $1 \times 6000$ . The theme here would reflect the theme of the number 60, that being sinful man. The pattern would thus reflect the year when Jesus' followers would receive their rewards for living a life of faithfulness to Jesus, a year which would begin a 1000 year period when Jesus would not allow sinful activity of any kind on earth for the next 1000 years and a year when Jewish people of all ages past who had been faithful to Jesus and to the Father God would be living in a position of honor on a paradise like earth for the next 1000 years. The vast majority of people living on earth at this time would have resurrected bodies

in which they would be incapable of committing sins of any type. The fit for this pattern is almost beyond belief. This pattern also converges in the twin years of 2041 and 2051. The super pattern of sinful man could have two simultaneous outcomes. First for the enemies of God it would be a time of destruction, but for God's people it would end up being a time of great forgiveness of their sins and thus redemption from their sin

### **Task 10-3: the 70/700/7000 year event-pattern set**

The 70 year event-pattern is apparently being used by God as his principal testing pattern for his people. At the same time it is also his pattern representing completeness and perfection. Thus when we see this pattern being used we could assume that when it is a multiplier that it would represent the perfect testing of his people with the end of the pattern representing completeness. Would this completeness represent God finally reaching the time of the fulfillment of the purpose of his will, that is to bring everything in heaven and on earth into unity under Jesus? We are certainly seeing a vast number of event-patterns converging in the same date, 2041 with many involving a multiplier of either 7 or 70. We will eventually see that every 10<sup>th</sup> year in the 70<sup>th</sup> Jubilee period since the time that the Jewish people first entered their Promised Land in 1399 BC, the period from 2001 to AD 2051 has a 70 year testing period converging upon it. Every one of these event-patterns contains multiple key events in Jewish history. That makes this generation and the 70<sup>th</sup> Jubilee period a very good candidate for the end time scenario, at least in my opinion. The Angel of Death Code and the ever present event-pattern in our book "*Cracking the Twin Global Reset Code*" are very good examples of this. The number of these 70 year event-patterns converging in the 70<sup>th</sup> Jubilee period is incredible.

### **Task10-4: the 80/800 year event-pattern set**

In God's mathematics the number 80 seems to stand for "a new beginning" of some sort for God's creation. Since 70 stands for completeness and 80 for a new beginning it would seem that a combination of these two patterns would result in ultimate completeness or an ultimate new beginning. It does turn out that a pattern of 7 times 80 or 8 times 70, 560 years, that starts in the year of the first destruction of a Jewish nation, Israel in 719 BC, does hit the year 2041. It also turns out that an event-pattern of 80 years beginning at the end of the 7<sup>th</sup> day of creation 3873.37 BC does hit 16 very key dates in the history of God's people and finally converges in AD 2041.53.

### **Task 10-5: the 90/900 year event-pattern set**

The 90 year pattern in God's mathematics seems to represent a full season. That would call for a key change of some sort. It turns out that there is a pattern that fits the bill quite well. There are 5 event-patterns of 900 years or 9 event-patterns of 500 years, 4500 years total, from the great flood in 2434.33 BC until the 70<sup>th</sup> Jubilee year in AD 2002.1. We have found that God's serious punishments of his people take place in Gentile 50 year periods that occur 40 years after a Jubilee year. That would mean that a great period of punishment for his people would be due in AD

2041.53. That could mean that the end of the full 4500 year period would end with God conducting his whole set of end time judgments of his people in the timeframe of the year AD 2041. This would include the Judgment Seat of Christ at the time of the rapture of the saints, the judgment of the tribulation saints at the mid-tribulation rapture in the fifth seal judgment, the Sheep/Goat judgment of Matthew 25 at the Second Coming of Jesus and the Daniel 12 judgment of all dead Jews of all ages at the Second Coming.

## Chapter 6

### The Date Database; the Initial Tool in the Tool Box

#### *Presenting a Full List of the Tools in God's Tool Box and Other Tools That Were Necessary for Us to Use in Applying Them*

We will begin this topic by making a clarification. We will be using the term “tool box” in two separate ways. First, it seems that God has a tool box that he has always been and is still using to bring about the ultimate purpose of his will. We have attempted to reconstruct our interpretation of that tool box in the last several years to enable us to do the research that led to this now five book series. We are using our reconstruction of the items in God's tool box along with several other necessary tools to accomplish our purposes. We will first present a list of the major tools in God's tool box and then present a list of the major things that we would need to know to be able to reconstruct and then use that tool box.

#### The Major Items in God's Tool Box

- God's key event date database
- God's mathematics database
- The King's Scroll
- God's Event-pattern string database

#### The Major Knowledge that We Would Need to Know or Acquire to Be Able to Reconstruct and Then Use God's Tool Box In Performing Our Research

- A short list of anchor dates in ancient history.
- An extensive database of the dates of key events described in the Bible that can be derived from knowledge of these anchor dates and the extensive list of genealogies, time gaps between key events and other dating information included in the Bible.
- The knowledge from Daniel and Revelation that God always uses years composed of 360 days in the Bible (with only a couple of possible exceptions).
- The knowledge that God has assigned very specific meanings for the ways in which he has used certain numbers in the Bible. This is consistent throughout

the Bible and God gives many examples to demonstrate this. Thus we need an extensive database for this, which we call God's mathematics.

- The knowledge that God established very well defined parameters concerning what he expected from his people. He gave them very clear lists of his do's and do not's along with very clear lists of the rewards that he would give them for keeping his commands to them along with a very clear list of what the punishments would be if they did not keep them. He even told them very clearly how many years they would be punished when he had to punish them. He always sent his prophets to warn them, over and over, before he punished them. Thus there would be no excuses available when he punished them.
- God told them that he used prophecies to prove to them that he was the one and only God in the whole universe. He repeated this over and over in Psalm 41 through 46. There are literally hundreds of very specific examples of this in the Bible. There were over 300 very specific prophecies of details of the first coming of Jesus which they could see took place precisely in the way that he had forecast hundreds of years before they took place. Again this takes away any possible excuse, especially for their leaders, who seriously misled the people, especially concerning the prophecies about Jesus, who he was and what he would do for them.
- An extensive knowledge of the history of the Jewish people including each time that God would need to punish them, who he would send to administer the punishment, how it would be done, etc.
- A knowledge of God's end time prophecies spread throughout the Bible, especially in Daniel, Revelation, Jeremiah, Ezekiel, Zechariah, Isaiah, Hosea, Psalm, Leviticus, Deuteronomy, Thessalonians, Ephesians, etc.
- The knowledge that we would then need to use patience to very carefully apply the specific punishments that God had clearly said he would use and then use a calculator to determine when the punishments would end. This is precisely what we have presented in our previous four book series.

After we began writing the first book in the ET 2041 series we realized that we would need to develop a facsimile of God's tool box before we would have any success in unearthing the event-patterns that God seemed to be using in his interactions with mankind. The tool box that we are documenting here is a much shortened version of the original. We realize that it is only a flawed human effort to understand the means that God has been using to accomplish his objectives.

This was a massive undertaking on our part and we estimate that we have spent about 15,000 hours on this endeavor over the last 10 years involving deep Bible study, writing about and teaching this topic. In spite of that we realize that there are many things that we do not know and will not know until we are with Jesus in the millennium. We also believe that we are on the proper track because of the incredible number of event-patterns that we have discovered that all seem to be so closely knit and which are all pointing to the same conclusion.

The very first tools that we discovered that were absolutely necessary in our research were several key scriptures in which God laid out his parameters for living for the Jewish people. We will next present these key scriptures.

When we first began our search for the Jubilee year event-pattern we first went to the Biblical books of Leviticus and Deuteronomy for a very good reason. Lev 25 and 26 describe God's instructions for living including how they were to celebrate the Jubilee year and how they were to live their lives. They also describe in detail what God's rewards for them would be if they did so and what the punishments would be if they did not do so. This was laid out in detail which would make it fairly easy to determine how many years the Jews would be punished for not keeping God's instructions for living.

The thing that is more difficult to determine is exactly how long God would wait before starting their punishments if they deserved punishment. We do see over and over in the Bible that God would use his prophets to warn the Jewish people when they were straying far beyond his commands to them, particularly those involving worshipping the false idols of their neighboring countries. God did tell Ezekiel in his chapters 4 and 5 precisely how long he was going to punish both Judah and Israel and why he was doing so. God also told Jeremiah some of the details of how he would administer his punishments, in particular his use of 70 years of exile and testing before administering his extremely long sentences. We had Grant Jeffery's book, "*Armageddon, Earth's Last Days*," to use as a guide in our calculations but we used somewhat different parameters but still came up with very similar results, hitting 2041 rather than 2040..

We are now ready to present the version of God's key event date database that we gradually constructed over the years starting in 1998. The full lengthy version of this database is included in the first book in this series, "*The Search for the Tribulation Code*." A somewhat smaller version is also included in our fourth book, "*Cracking the Twin Global Reset Code*" for those who are interested.

The version that we are showing here is the event date database that we constructed for what we called God's Master Template in our fourth book. It is from a compilation of the very most important event-pattern strings that God has seemed to be using in his interactions with his people. It contains about 100 event dates and a short version of the themes of the events that took place on those dates. Our overall event date database contains well over 200 key dates. For the purposes of this much shortened book we felt that the Master Template Date Database was sufficient.

Before presenting God's key event date database we first need to show that God apparently uses a heavenly calendar in his dealings with people on earth that is different from man's solar calendar that is used on earth. The earthly calendar is fixed to the time that it takes the earth to make one complete rotation around the sun which takes 365.24 days. That odd number is not compatible with the perfect nature that God always exhibits. In his interactions with the people of earth God has apparently chosen to use a calendar that reflects a year lasting 360 days. Following are a few of the benefits that this provided God in his interactions with mankind.

- 360 is the lowest number that is evenly divisible by every single digit number except for 7. That means that 7 times 360 or 2520 is the lowest number divisible by every single digit number. We often see God using these numbers in his interactions with his people, particularly when he is punishing them.
- It appears that God had all of the key events involving his interactions with the people of earth planned out to the very day even before the creation of mankind. It certainly appears that God chose the perfect numbers to use to bring perfect order to this interaction process.
- God apparently chose to create the solar system in such a way that mankind's life would revolve around a period of time that would approximate his perfect number, 360, but would differ by just enough to keep mankind from being able to recognize what he was doing in bringing about his ultimate purpose. This appears to be one way that God encoded his interactions with his people to keep them from being able to easily predict their future.

We see that the way in which God has used his numbering system has resulted in giving him maximum flexibility in accomplishing his purposes in his dealings with his creation.

We will demonstrate all of this in the following date database by presenting the dates of all of the key events in both formats, mankind's 365.24 day/year format and God's perfect 360 day/year date format.

If we quickly peruse the two sets of date formats in the charts we notice that they only collide with each other at one point. That point is at the time of the death of Jesus in AD 32. The year AD 30 is a Jubilee year in the first column and it is 3950 years after the end of the seventh one thousand year of creation. That is exactly one Jubilee period before the 4000<sup>th</sup> year of man on earth. The book of Enoch, apparently written by Enoch in about 3100 BC, claims that Jesus would be killed at this time during his first coming to earth. It further claims that Jesus would make his second visit to earth in the 6000<sup>th</sup> year.

The big question would then be this; which calendar do we use to determine the intended 6000<sup>th</sup> year, the 365.24 day/year or the 360 day/year calendar? In our previous book in the ET 2041 series, *Cracking the Twin Global Reset Code*, we made the case that 2041 was the 6000<sup>th</sup> year and that it was right in the middle of a seven year period which could possibly be the seven year tribulation period of Revelation. This period would start with the Rapture and end with the Second Coming of Jesus. However, if God's intention was and is for Jesus to return in the 6000<sup>th</sup> year period based upon 365.24 day/years then this would not take place until about the year 2070-2071 as we can see from the charts. Of course nobody knows the day nor the

hour of Jesus return according to the Bible. That just means that we should get ready and stay ready just in case.

Ken Johnson of BibleFacts.org has made an English translation of the book of Enoch and it is available from his web site. Ken has also created a reproduction of the ancient calendar apparently used by the Biblical patriarchs and it is also available on his site. It does seem to closely approximate the dates shown in the second column of our chart. Ken has a weekly podcast on youtube. We watch it regularly and highly recommend both it and all of Ken's incredible works.

When we first began the research that led to the writing of this now five book series in about the year 2013 we began by expanding the date database that we had first created in 1998 to help us as we taught two weekly Sunday morning Bible study classes. We began with three anchor dates that seemed to be well established by Bible historians. These were the dates of 587-586 BC, 720-719 BC and 931 BC. From there we found that there was sufficient information that included genealogies, time gaps between key events, reigns of kings, etc. within the Bible to take us all the way from 931 BC back to the time of the fall of man. As we did this we always assumed that the ages, time gaps, etc. were being stated in 360 day years, from our understanding of both Daniel and Revelation, so we converted each one to 365.24 day/years by multiplying each one by a factor of .98565. Amazingly this led us to discover that nearly all of the key event dates that we had discovered then fell into patterns with time gaps between key events that were equally spaced and similarly themed. All of the event-patterns in this book series would not have been possible to discover if we had not done exactly what we have been reporting here. We thus dubbed this 360 day/year calendar to be God's calendar. It is obvious that he has been using it all down through history in his dealings with the people of earth and it is continuing even to today. The second column in the chart reflects this and the first column reflects a conversion of these dates to 365.24 day/year dates.

Another insight that we can derive from what we have discovered that is reflected in the following set of tables is this: God had a grand plan when he created the physical universe and the beings who inhabit it. That plan was to bring everything in heaven and on earth into unity under Jesus at just the preplanned time that God intended. In order to accomplish his ultimate purpose God appears to act in the physical realm according to decisions that he makes in the spiritual, heavenly realm. His decisions seem to be made using a perfect 7 times 360 year timeframe calendar. This is all enacted in a un-orderly, imperfect, temporary physical universe. God seems to be making his decisions according to the perfect, orderly calendar reflected in column 2 in the following set of charts. He then enacts them in the imperfect, un-orderly earthly calendar that is reflected in column 1 in the charts.

With all of that said we are now ready to present our event date database.

## God's Key Event Date Database

Event date 365 Day/yr Calendr	Event date 360 Day/yr Calender	Description of the events taking place in the specified years
4070.5	4129.7	Fall of man at end of 800 <sup>th</sup> year of the 7 <sup>th</sup> 1000 year day of creation
4060.6	4119.7	Start of God's Witness event-pattern strings 10 years after the Fall of man
3873.4	3929.7	End 7 <sup>th</sup> day of creation: start 7 1000 year days of man on earth before start of the eternal state of Rev 21-22
3863.5	3919.7	Start of God's Witness pattern strings associated with the end of the 7 <sup>th</sup> day of creation; Global Reset 1
3480	3530.6	Unknown event; 25 years before the birth of Enoch, 6 <sup>th</sup> from Adam
3380	3430	Near time of the birth of Methusaleh, longest living human died at age 969
3025.7	3069.7	Birth of Noah, patriarch of the only righteous family left on earth at the time of the flood; he and his family of eight lived through the flood on an ark
2690.5	2730	260 years before the flood; start of God's typical 260/270 year period of testing of man before a serious punishment event
2493.4	2529.7	End of the 200 <sup>th</sup> year in the 200+60/70 year period of severe testing
2444.1	2479.7	Gentile 50 <sup>th</sup> year that always precedes a Jewish 50 <sup>th</sup> year by exactly 10 years
2434.3	2469.7	The great flood event that lasted a full year and covered the complete earth; recorded in history of nations around the world; Global Reset 2
2385.0	2419	End of the Jubilee year pattern associated with the Global Reset 2, the flood
2296.3	2329.7	The approximate time of the Tower of Babel event
2286.5	2319.8	End Tower of Babel Event; God punished the people of earth by confusing the languages so that different people groups would speak different languages, thus making it difficult for people to jointly conspire against God
2148.5	2179.7	The birth of Abraham, who would father both the Jewish nations through his son Isaac and Arabic/Muslim countries through his son Ishmael
2138.6	2169.7	Birth of Sarah, wife of Abraham and mother of Isaac
2099.2	2130	Exactly 2000 years after the fall. Start of Gentile wrestling match with God over his true identity; start of the 200+70 year testing period for Jews
2089.3	2120	Death of Noah; start of Jewish 4200 year wrestling match with God over his true identity; would last 7 rounds of 600 years each. Start Jewish 2000 pattern.
2049.9	2080	Birth of Isaac, son of Abraham and Sarah and father of Jacob; Abrahamic circumcision covenant; destruction of Sodom and Gomorrah
2040.1	2070	Shem was 500 years old, 400 years after flood
1990.8	2020	Birth of Jacob, grandson of Abraham, father of 12 tribes of Israel thru sons
1976	2005	Abraham dies at age 175
1941.5	1970	Shem dies at age 600; last known survivor of the great flood
1902.1	1930	Joseph born, 11 <sup>th</sup> son of Jacob and father of one of the 12 tribes of Israel; sold into slavery in Egypt by his brothers; eventually his whole family came to Egypt due to drought and end up in slavery in Egypt for 400 years. Jews become the new witness for God in the world.

Event Date 365 Day/yr Calendar	Event Date 360 Day/yr Calendar	Description of the events taking place in the specified years
1872.5	1900	Isaac dies at age 180 Joseph becomes leader in Egypt at age 30
1862.7	1890	Jacob and family come to Egypt to buy grain; Joseph recognizes them
1842.9	1870	There was a new Pharaoh in Egypt who did not recognize Joseph and appreciate him and his family; he mistreated them and eventually put them into slavery in Egypt which would last for 400 years
1836.4	1863	Joseph and his family are now under tribulation in Egypt
1833.1	1860	The 400 year period of slavery began
1793.7	1820	Death of Joseph at age 110; This would be a year when several long event-patterns involving punishment for the Jewish people would begin
1507.8	1530	A new Pharaoh came to power in Egypt; things get worse for the Israelites
1442.1 1448	1463	1448 was the Jubilee year that began the period of the 3 <sup>rd</sup> Global Reset; 1442 is associated with start of the plagues leading to the Exodus
1438.8	1460	Year of the miraculous EXODUS from Egypt after the Angel of Death plague; Seven weeks after the Exodus God gave the Israelites the 10 Commandments and the information that would be in the TORH which began the 3 <sup>rd</sup> Global Reset
1409.2	1430	The Gentile 50 <sup>th</sup> year, a pattern in which a Gentile 50 <sup>th</sup> year always precedes a Jewish Jubilee by 10 years and also follows it by 40 years
1399.4	1419.8	Jews enter Promised Land; start 50 year Jubilee celebrations; this was the year in the 500 year pattern that would end another Global Reset cycle
1350.1	1370	Joshua dies; starts period of judges ruling the Israelites
1054.4	1070	This was a Jubilee year in which the decision was made to begin using kings to rule over the Israelite nation; this would not work well since the vast majority of their kings would entertain idol worship in their nation
1015.0	1000	Period when King Saul was attempting to murder David
1005.1	990	David captured Jerusalem which became the capital of Israel & Judah
965.7	980	Jerusalem Temple construction started 480 years after the Exodus
916.4	930	Israel split at death of Solomon; Rehoboam, first king of southern kingdom of Judah died in this year. He was the first open idol worshipping king
719.3	729.8	The northern Jewish kingdom of Israel had been worshipping both YHWH and idols for many years; God punished them in this year by allowing the Assyrians to conquer them and exile their people for 7x390 yrs
709.4	719.7	Only dateable Jubilee in Bible; God supernaturally saved Judah
610.9	620	Jubilee year when the Assyrians fell to the Babylonians
587.9	596	Babylon destroyed Jerusalem/Temple; Exile from temple lasted 70 years
561.6	570	Death of Nebuchadnezzar, Babylonian ruler; God punished him for excesses
536.4	544	Persians, who had conquered Babylonians allowed exiles to return after 70 yrs
522.2	530	Darius became the new Persian king; issued edict allowing the Jews to renew construction of a new Temple in Jerusalem; it would begin in 517 and be completed in 513; fear of neighbors would keep them from using it; mid 7200

Event Date 365 Day/yr Calendar	Event Date 360 Day/yr Calendar	Description of the events taking place in the specified years
512.3	520	1 <sup>st</sup> Jubilee year after Temple completion; signs indicate Jews were under close testing by God, that they were failing again and testing would continue
463.0	470	Artaxerxes becomes Persian King, very favorable to Jews; edict allowed Ezra to return with more exiles with more self-rule, Temple implements, etc.
443.3	450	Artaxerxes issued edict in 444 allowing Jews to rebuild their city and walls; this was completed in 443, but the Jews had apparently still failed God's test, thus Judah got another $7 \times 40 = 280$ yrs, Israel another $7 \times 360 = 2520$ yrs
423.6	430	End of the Old Testament period; exact middle of the 7000 years of man
325.0	330	Greeks conquered Persians in 431 and assumed control of Judah in this year
167.3	170	Seleucid king commits abomination in Temple leading to Hanukkah event in 163
127.8	130	Start of a 260/270 year period of intense testing of man by God before implementing a very serious punishment event; the events of 70, AD 129/135
118.1	120	May have been the last time the Jews celebrated God's required Jubilee 50
68.77	70	Pharisees take greater role in the Sanhedron in the Temple
62.2	63	Romans take control of Judea under Pompeii; gradually lose their self rule
29.33	30	Romans conquer Greeks
19.5	19.8	Jubilee; when Herod, an Idumean descendent of Esau, begins Temple upgrade
3.33, 2.5 BC	3.38, 2.54	Dates for the conception and birth of Jesus taken from historical signs in the heavens in the years 4-1 BC
AD 1.23	1.25	Self exile of Jesus, family in Egypt ends; exile due to Herod killing babies
4.52	4.58	Prophecy of scepter departing Israel fulfilled when Rome limits Jewish power
11.1	11.3	Jesus visits Temple with family at age 12; shows great knowledge already
30.8	31.2	30 <sup>th</sup> Jubilee at start of 3 <sup>rd</sup> year of Jesus' ministry, exactly 50 periods of 50 years totaling 2500 years since the flood; Jesus fulfilled all Jubilee requirement; Jesus' death in AD 32 would initiate the 4 <sup>th</sup> Global Reset. The Christians would then become Jesus' New Witnesses on earth for the next 2000 years.
70.2	71.2	Year 4000, thus a 2000 <sup>th</sup> year; Romans destroyed Jerusalem and the Temple, killing thousands of Jews and taking thousands of others into slavery in Rome
80.1	80	Mount Vesuvius eruption destroys 4 idol worshipping temples in Pompeii; This was in the 500 year Global reset pattern
129.36	130	Last Jubilee year in Judea; Bar Kokhba revolt would result in Judea's end
135.9	137	Romans defeat Bar Kokhba revolt; plow Temple mount; build Jupiter Temple
139.2	140	Total end of Judea as it is renamed Palestine
267.4	270	In Gentile 200/600 event-patterns; Jerusalem changes hands, more freedom
326.4	330	Counsel of Nicaea, creed was developed; Canon agreed upon
563.2	570	Byzantium Empire wars coming to a close
858.7	870	Pope Nicholas issues Bull; Jews must register, wear badges, become Christian
1055.9	1070	The great schism takes place in the Catholic Church as the Catholic and Eastern Orthodox Churches split
1253.0	1270	Papal Bull permits use of torture during the Inquisition to force Jews to become Christians; lasts 600 years; Jews expelled from France
1262.9	1280	Muslims capture Jerusalem
1302.3	1320	Pope Boniface issues Unam Sanctum bull declaring papal supremacy over national leaders

Event Date 365 Day/yr Calendar	Event Date 360 Day/yr Calendar	Description of the events taking place in the specified years
1351.8	1370	Black or Bubonic plague in Europe kills about half of the population
1450.1	1470	Cardinal orders Jews register, wear badges; Jews expelled from Bavaria
1517-19	1540-42	Ottoman Turks capture Jerusalem; Holy Land controlled by Turks; Protestant Reformation takes place
1607.8	1630	Jamestown, 1 <sup>st</sup> American colony; America becomes critical Jewish sanctuary
1647.2	1670	Polish massacre of nearly 100,000 Jews in the Inquisition
1657.1	1680	Jubilee year for Jews; England had recently made a decision to readmit Jews
1844.4	1870	Critical Ottoman edict of toleration for Jews leading to future return to their home; Start of a 200+70 yr period of intense testing before punishment
1903.53	1930	Jubilee year marking end of 2 <sup>nd</sup> Zionist Aliya, an organized immigration of Jews back to their original homeland
1913.4	1940	Start of WW1, which would lead to Jews getting original homeland back
1933.1	1960	Holocaust start, 1 <sup>st</sup> concentration camp opened
1943.0	1970	The peak year in the Holocaust period, referred to as the final solution to the plan to rid the earth of all Jewish people, principally so that Satan could keep God's end time plan for him from taking place; About 6 million Jews killed, in the Gentile 50 and Jewish 40 year event-patterns
1948.4	1976	Israel declares their independence as a nation; five Arab nations attack her to try to push her into the sea (Iraq, Egypt, Syria, Jordan, Lebanon)
1952.8	1980	1 <sup>st</sup> Jubilee after return; large immigration; 7 Angel of Death patterns hit
1962.7	1990	1 <sup>st</sup> nuclear reactor comes on line in Israel; important to future defense
1971.5-1972.5	2000	Rabbis vote to not use Temple Mount acquired in 1967; marks the end of the 7x390 year Assyrian exile with 70 yr testing following it ending in 2041
1975.8	2004	Start period of massive immigration to Israel from Russia
1982.4	2010	Israel's Operation Peace for Galilee war with Lebanon
1992.2	2020	Oslo 1 land for peace deal transfers Jericho and Gaza to PLO
2002.1	2031.2	Start of the 70 <sup>th</sup> 50 year Jubilee period since 1399; year of the 7/11 attack on America; year when 7 ominous Angel of Death patterns hit; bad times ahead? Marks start of the Jubilee period hosting the 5 <sup>th</sup> and 6 <sup>th</sup> Global Resets
2021.8	2051.2	Great convergence of patterns involving temple, new world leader; mid-point of the 2020-22 COVID 19 pandemic predicted by 5 Angel of Death patterns
2041.5	2071.2	Year when both the Assyrian and Babylonian punishment periods end; year 6000 with over 100 pattern convergences, many ominous, 5 Angel of Death; patterns indicate it is a good fit for the mid-tribulation events involving the antichrist and the occurrence of the 5 <sup>th</sup> Global Reset
2045	2074.7	May point to the Second Coming of Jesus to earth; this time as King of Kings
2051.4	2081.2	Ends 70 <sup>th</sup> Jubilee year with possibly major forgiveness coming; patterns may show some major new world leader and anointing of a new Temple in Israel; also the Jubilee period hosting the twin Global Resets and the time when the combined Jewish/Christian believer set becomes the new witnesses for Jesus on earth
3027.2	3071.2	Ends 7000 <sup>th</sup> and 7200 <sup>th</sup> years of man; ALL MASTER TEMPLATE PATTERNS CONVERGE IN THIS YEAR!!; May be the end of the 1000 year millennium
3037.0	3081.2	May be the year of the 7 <sup>th</sup> and final Global Reset thus beginning the start of the eternal state of Rev 21-22

# Chapter 7

## Assembly of the Additional Tools in God's Master Tool Box

### *Introducing the Mathematics Database, Event-Pattern Strings, the King's Scroll and the Cheat Sheet*

#### **An Introduction to How God Uses Numbers in the Bible**

In 2013 we discovered the first of many equally spaced similarly themed event-patterns that are hidden in the Bible. Discovering these patterns required first using the genealogies and time gaps given in the Bible between events to produce a table of event dates. Incredibly these genealogies and time gaps between events were presented so completely in the Bible that we could go all the way from the first century AD back to the fall of man.

We soon found that these time gaps between events fit into a large series of equally spaced similarly themed event-patterns. We eventually found that there were event-patterns with spacings of 30, 40, 50, 60, 66.666, 70, 80, 90, 200, 360, etc. years. We also found that the topics presented in every one of the patterns fit the exact meaning of the time spacing used in the Bible. For example events in time gap patterns of 40 or 400 years always fell on dates that were associated with exiles for God's people. All of the exiles presented in the Bible lasted for multiples of either 40 or 400 years in duration. The trick that we had to learn before doing all of this study was that God always presented the material in the Bible in 360 day years so we had to convert all of the Biblical data into 365.24 day years.

#### **A Short Summary of God's Mathematics Database**

Before presenting the incredible patterns it will be necessary to present the meaning of the time gaps that will be used in the pattern. They reflect periods of time involving the following topics:

30 the Jerusalem Temple and/or a major new leader coming to power

40 going into or coming out of an exile of some sort that produces chaos, often in a wilderness experience

50 a Jubilee judgment period; it may result in either reward or punishment; God often used Gentiles to administer the punishment in a separate 50 year pattern, which we call the Gentile 50, which occurs exactly 40 years after the Jubilee judgment

60 the number of man, his inherent characteristics, sin

66.666 going into or coming out of a period of tribulation for man that produces chaos; the number of the antichrist

70 perfection, completeness, a period of testing; the product of God's two key event-pattern multipliers,  $7 \times 10 = 70$ ; the ever present pattern that results in redemption

80 a new beginning

90 a full season

200 a time of convergence or coming together; the place where 3 worlds collide, the worlds of 40 exile, 50 judgment and 66.666 tribulation

7x360=2520 God years God's perfect and complete punishment period for repetitive sin, especially worshipping idols or other gods

2000 the super collider, where event-patterns of 400, 500 and 666.66 collide or converge

6000 the monster collider, with not only all of the collisions of the 2000 pattern, but also the 600 and dozens of other special event-patterns

13 God's 3<sup>rd</sup> pattern multiplier, this one connected with death

For a much more complete definition of the meaning of the numbers along with a much more extensive list of God's numbers see our 1<sup>st</sup> book in this series, *The Search for the Tribulation Code*.

## **Introducing God's Mathematics Database and How He Uses it in His Event-Pattern Strings**

### **An Introduction to How God Uses His Mathematics Database**

Very early in the first book in the Christian Bible God reveals the basic duration periods of and time gaps between the key events that he will use for the whole time of the existence of the physical universe. He also introduces us to the key people group that he will choose to use during this whole period, those he calls his "chosen people" and to the patriarchs of that people group. That nation would eventually be called Israel and its patriarchs would be Noah and his son Shem who went through the great flood on the ark and then Abraham and his son Isaac and grandson Jacob. Jacob would eventually have his name changed to Israel by God and his 12 sons would become the 12 tribes of Israel whose descendents would become the nation of Israel.

This nation would be formed during a long period of exile in the nation of Egypt. The length of that period of exile will be our first introduction to one of God's very key time gaps that he would continue to use all down through the history of the Israelites, who would later become known as the Jewish people. That number is 400 and it is given to us in Gen 15:13. That 400 year period is said to last for 4 generations in Gen 15:16. That would mean that a generation in this case would last for 100 years and the 400 year period would consist of 4 equally spaced periods of 100 years. They would all involve an exile and so we could conclude that these periods were similarly themed. Thus we have our first evidence of an equally spaced similarly themed event-pattern.

Our second and third examples took place soon after the end of the 400 year period of exile which would take place in 1438 BC. God chose an Israelite named Moses to lead the escape or Exodus from Egypt. Just a couple of months after the Exodus God called Moses to meet him on a mountain that was clothed in a cloud in order to give him the Ten Commandments and other instructions that the Israelites were to follow during their long future. Not long after this meeting with God the

Israelites disobeyed an instruction that God had given them so he instituted another period of exile for the Israelites that would take place before he would allow them to enter the land that he had earlier promised that he would give them. This land is referred to in the Bible as the Promised Land and it was in the area that is still occupied even today by the Jewish people.

That additional period of exile was for 40 years, one tenth of their original exile in Egypt. Thus we now have our second key number that God will be using and we see that it was related to their original exile period. The original exile was a multiple of 10 times the second exile. We will find that this was a multiplier factor, the number 10, that God would often use as he was dealing with the Israelites as he interacted with them. We will see that God often used periods of 40 and 400 years in exiling the Jews throughout their long history. The number 400 would include 10 equally spaced similarly themed periods of 40 years.

Our third encounter with an equally spaced similarly themed pattern would begin at the end of the 40 years of exile in a wilderness when they entered their Promised Land. This was originally presented to Moses on the mountain when God gave him his instructions for living for the Israelites. Moses spent 40 days up on the mountain with God and during this time he gave Moses the material that Moses would use to write the first five books of the Old Testament, which is called the Torah, or five books of Moses. In chapter 25 of the third book, called the book of Leviticus, we find God's instructions to the Israelites for how they are to preserve their environment, in this case the land which they farmed to provide for their food supply. We will next explain how God told them to do this.

God told the Israelites that in every 7<sup>th</sup> year of their crop planting and harvesting cycle they were to neither plant nor harvest. They were to give their land a full year of rest and the growth in their fields would provide a nourishment for the land as it was plowed under. That would provide nourishment for the land for the next 6 years, and then in the next 7<sup>th</sup> year they were to repeat this process of neither planting nor harvesting. This process was to be continued for 7 periods totaling 49 years and after that year they were to repeat the process of neither planting nor harvesting for a second year in a row. That would be two years in a row of rest and re-nourishing for the land. This would take place in the 50<sup>th</sup> year. God would call this year a Jubilee year.

The Jubilee year, or the 50<sup>th</sup> year, would be a very special year for the Israelites. Why would that be? It was because God told the Jewish people that he would "judge" them in that year, starting in 1399-1400 BC and continuing in every following 50<sup>th</sup> year, for the whole of their existence. God gave them a list of 10 wonderful rewards that he would give them if they kept 3 specific commands that he gave them, as recorded in Lev 26. He also gave them a list of 7 terrible punishments that would gradually increase in intensity if they did not keep his 3 great commands. At the end of this list he told them that he knew that they would fail and that he would need to punish them. He further said that this would be repeated multiple times, but at the end of a long period of time that they would return to following his commands and that at that time he would also return to them and restore them and their nation.

One key feature of this list of 7 punishments was that God said that after he had to go to the second punishment that he would multiply what they deserved in punishment by a factor of 7, and that he would continue to do this for all of the last 6 of the punishments. We can track this throughout the long history of the Israelite nations, even up to our generation. In fact many of the long sentences for the Israelites are ending in our generation and they had been multiples of 7 punishment periods.

God had Moses greatly expand the information that he had given him in Lev 26 into the whole book of Deuteronomy. In fact in Deut 17 God told Moses that after the Israelites got to the time when they would choose to have kings who would rule them, that the king was to produce a scroll of his key instructions, largely given in Lev 26, and to read it repeatedly himself and make it known to the people. I have written something I refer to as “the King’s Scroll” of Deut 17, and it is presented on the following page. We will often refer to that since it contains God’s 3 great commands and the lists of rewards and punishments that he would use.

Thus we now see the third of our key equally spaced similarly themed patterns, one of 50 years in this case. It will turn out to be the most significant of all of the many patterns that God gave to the Israelites.

This 50 year Jubilee judgment pattern is an excellent demonstration of how God uses his equally spaced, similarly themed event-pattern strings in his interactions with his people on earth. We see that it was:

- Equally spaced in that the events are separated by exactly 50 years,
- Similarly themed in that there is a judgment every 50<sup>th</sup> year,
- A pattern string in that the same pattern was strung together like a string or chain with many links, and it had clearly defined starting and ending points.

We will present the *King’s Scroll of Deuteronomy* and a cheat sheet for understanding God’s event-pattern strings next, before proceeding with the specifics of the punishment patterns.

# THE KING'S SCROLL OF DEUTERONOMY 17

## (A SUMMARY OF LEV 26)

DEUT 17:18 When he (the king you choose) takes the throne of his kingdom, he is to write for himself on a scroll a copy of this law taken from the Levitical priests. 19 It is to be with him, and he is to read it all the days of his life, so that he may learn to revere the LORD his God and follow carefully all the words of his law and these decrees.

DEUT 31:11 When all Israel comes to appear before the LORD your God at the place he will choose, you shall read this law before them in their hearing.

GOD'S REQUIREMENTS AND PROMISES OF LEVITICUS 26:1-46 (GIVEN TO MOSES IN ~BC 1438)

GOD'S UNCONDITIONAL REQUIREMENTS OF LEV 26:1-3

1. Love God with all of your heart, mind and soul; do not create or worship false gods
2. Observe God's Sabbaths(days and years) and have reverence for his Sanctuary
3. Follow God's decrees and keep his commands

GOD'S CONDITIONAL PROMISE 1 OF LEV 26:4-13; 10 GREAT REWARDS FOR THE JEWS IF THEY KEEP THESE 3 REQUIREMENTS

1. Plentiful rain, crops and fruit
2. Live in safety in their land
3. Peace in their land without fear
4. No wild animals in their land (could be fierce animals, angels, or men who act like wild beasts)
5. No war within their land
6. Victory in wars with their enemies outside of their land
7. A growing population
8. God will honor his covenants with them
9. A year round harvest
10. God will live among them and they will be his people

GOD'S CONDITIONAL PROMISE 2 OF LEV 26:14-39; 7 JUDGMENTS, 7 PUNISHMENTS FOR THE JEWS IF THEY DO NOT MEET HIS LEV 26 REQUIREMENTS

Punishments are progressive; as soon as the Jews listen to God, accept his correction, begin to follow his commands & decrees he will forgive them and restore them; otherwise the punishments progress from one to the next to the next, with a multiplier of 7 being applied to each punishment after the first, etc.

Punishment number	Where Applied?	Multiplier Factor	God's Punishment
1	Land	1	SICKNESS; Sudden terror, wasting diseases, fevers
2	Land	7	SEVERE DROUGHT, hard ground
3	Land	7	PESTS , Living creatures; could be wild animals, angels, humans acting like beasts
4	Land	7	PLAGUES, INVADING NATIONS, God will personally send enemy nations into their land to destroy them
5	Land/Exile	7	ENEMY SIEGE during which they act as cannibals to live; he will destroy all signs of their idols & high places
6	Land/Exile	7	LAND LAID WASTE, EXILED to the nations, God will have them KILLED while in exile
7	Exile	7	EXTREMELY FEARFUL while they are in exile; many will perish before and during the exile

GOD'S UNCONDITIONAL PROMISE 3 OF LEV 26:40-46; GOD WILL NOT FORGET THE JEWS OR THEIR LAND; HE WILL FORGIVE THEM AND RESTORE THEM WHEN THEY CONFESS THEIR SINS AND RETURN TO HIM 1. God tells them why he will punish them so severely in the future; it will be due to their unfaithfulness and hostility to him, because they will reject his laws and abhor his decrees, and because they will not give the land its Sabbath rests. 2. After their hearts have been humbled and they have paid for their sins God will then remember the covenants that he made with their ancestors and will remember their land. A remnant will finally be saved.

## A Further Explanation of Event-Pattern Strings And Their Convergences

We learned in the research that led to this series of 4 books that the material presented in Leviticus 26 and summarized in outline form on our King's Scroll would be extremely important in the whole history of the Jewish people. In fact it is the guide or the template that God used in dealing with Israel and its people over and over going all the way back to the birth of Noah in 3025 BC, 600 years before the flood. Recall that Abraham and the Jews descended from Shem, the son of Noah. History shows that God was using this outline, this scenario, all the way back to the fall of man.

We have included copies of this in all four of our books since it is so key to understanding the way that God has always dealt with his people on earth. This will become clearer and clearer the further that we get in this book. A much more extensive discussion of this scroll and this topic is included in our book, *The Search for the Tribulation Code*, for those who are interested.

We will follow the chart of the King's Scroll with another chart, this one a "cheat sheet" for understanding equally spaced, similarly themed event-pattern strings. We thought that we would keep these two charts together because readers might often want to refer back to one or both of these charts as they go through this book which makes extensive use of these types of patterns. Before presenting that chart we would first like to provide a further discussion of some of the basics of these pattern strings and why God used them.

God had a purpose for the creation of the world and an ultimate purpose for the humans he created to populate it. He apparently chose to use numerical patterns in his interactions with humans to bring that plan to completion. He apparently chose to have these interactions take place in events separated by 10 years. If we start at the fall of man and circle every 10<sup>th</sup> year on a calendar we would come up with 600 dates in the years from the fall to the apparent 6000<sup>th</sup> year in AD 2041. It turns out that the vast majority of key events in the history of God's people take place in these 10<sup>th</sup> years. There are about 100 very key events for God's people in history and nearly every one of them has taken place on one of these 600 dates. The reason that we have not noticed this pattern is because God has been counting off his years on a 360 day/yr calendar. That was to keep us from being able to look ahead and see his plan for us. Below is a chart which explains these event-patterns much more completely.

We will next explain why we use the term "strings" to describe these patterns. If we think of these strings as a chain of links that are strung together it will help in our understanding. If we imagine a necklace of chained links with 20 links in the necklace, and with all links being white except for every fourth link being black we would have a chain link necklace with the black links being equally spaced and having a similar theme, with the common theme being that they are all black. This represents a good model of our 40 year event-pattern string if we think of the links being "years," the 4 being "40," the black theme being "exile," and the length of the chain being 2000 years instead of 20 links.

If we create a second necklace that has every fifth link being red and then lay the two necklaces side by side we would see that the only place that the black and red links were side by side was the 20<sup>th</sup> links in each necklace. That would be a convergence of the black and red links. This explains the convergences in our event-pattern strings. In our pattern strings the 40<sup>th</sup> and 50<sup>th</sup> year event-patterns converge every 200 years. That is because 4 times 50 equals 5 times 40 or 200 years.

We decided to create a short chart to symbolize this and we placed it directly below the cheat sheet chart. In this chart we have three necklaces, so to speak, with the third necklace having links that are 6.66 years apart. Just as in the above example the 6.66<sup>th</sup> links also converge with the 4<sup>th</sup> and 5<sup>th</sup> links at the 20<sup>th</sup> link. We hope that this helps in visualizing our pattern convergences.

We are now ready to present our cheat sheet and necklace convergence charts.

## A “Cheat Sheet” for Understanding Equally Spaced, Similarly Themed Event-Pattern Strings

Term Being Addressed	Definition of the Term Being Addressed In this dialogue the word “God” refers to the God of the Christian Bible
Event	A key event that has either taken place or is prophesied to take place at some time in the whole history and future of God’s people on earth, from the fall of man in 4070 BC to the end of the millennium projected to be in AD 3037. God’s witnesses would be the Patriarchs in the 1 <sup>st</sup> 2000 years, the Israelites in the 2 <sup>nd</sup> 2000 years and the Christians in the third 2000 years.
Event Pattern	A sequence of key events that always take place in a mathematical pattern. In this case the pattern involves the time gap or spacing between key events.
Equally Spaced	In these patterns the time gaps or spacing’s between key events are always multiples of the same time gap i.e. if the time gaps in the pattern involves multiples of 40 years then the individual time gaps in the pattern could be 1x40, 2x40, 3x40 to x times 40 years. There would be no time gaps that would not be multiples of 40 years.
Similarly Themed	Every event within a pattern must involve the same topical theme. These themes were derived from the ways that God used the individual numbers in the Bible, i.e. 40 for exiles, 50 for judgments, 66.666 for tribulations, 70 for testing, completeness, 200 for convergences of multiple patterns, which thus multiplies the intensity of the pattern.
Event-Pattern Multipliers	God often uses event-pattern multipliers of 7, 10 or 13 to enhance the effects of his patterns. Thus he might use a pattern of 10x40=400 years to enhance the effects of his periods of exile when necessary to accomplish his purposes.
Pattern String	An event-pattern that contains a large number of events with a similar theme associated with them. For example, the 50 year Jubilee pattern string contains at least 38 individual key events that we have found.
Abbreviations	The full name of the pattern strings is “equally spaced, similarly themed event-pattern strings.” We often abbreviate these to simply pattern strings, event-pattern strings or event-patterns.
King’s Scroll Interactions	The King’s scroll is our compilation of God’s basic rules for living from Lev 26 and his rewards or punishments for either keeping or not keeping his rules. It shows the patterns that God will use if he must punish his people. A large number of our event-patterns result from use of this chart.
Pairs of Event Patterns	There is a pair of event-pattern strings that travel together all down through history separated by exactly 10 years. The first is associated with God’s people and the second with Gentiles or people groups that do not worship God. These two patterns started at the fall of man and then 10 years later.

### The Necklace Symbolization of Pattern Convergences

	1	2	3	4	5	6	6.	7	8	9	10	11	12	13.	14	15	16	17	18	19	20
4				E x					E x				E x				E x				E x
x5					J u					J u							J u				J u
6. 6							Tr							Tr							T r

## Chapter 8

### Revealing How God Appears to Be Using the Event-Pattern Strings to Bring About the Ultimate Purpose of His Will

and

### How They Appear to Be Homing in on the Set of Events Surrounding the Year 2041

#### Presenting a Basic Example of How God Uses Event-Pattern Strings in the Bible

We will begin by presenting a good simple example of how God uses his event-pattern strings in the Christian Bible to prove who he is and what he requires of us. That example will be the world famous 70 7's prophecy of Daniel 9:24-27. It is the first such pattern that I became aware of in my study of prophecy. That was from Chuck Missler in the mid 1990's. He acknowledged Sir Robert Anderson of Scotland Yard fame as being the first to unravel this mystery. He did so in his book "The Coming Prince" written in the 1890's. This is an incredible prophecy as you will see.

We will next present a very short summary of that prophecy. It is a very simple but yet multi-faceted event-pattern. It is multi-faceted in that I have discovered that there are multiple possible ways to interpret this prophecy. All seem to have incredibly enlightening messages associated with them. Each interpretation pointed to a separate time when Jesus would be visiting earth; either his First Coming or his Second Coming in some way. We presented all of this in our book, *Cracking the Twin Global Reset Code*.

We will next present the basic interpretation as a formula and then show how it fits the definition of a simple event-pattern string.

The original basic formula:

If we start at the time of a specific decree (BC 444) and then go (7x7 years) we come to the time of completion of a rebuilt city (BC 395). If we then go another (7x62 years) we come to the time of the death of Jesus (AD 32). If we then go another (an undefined sequence of 7 years) we come to the Second Coming of Jesus in a final 7 year period. This prophecy is presented in Daniel 9:24-27.

Next we will show how this fits the definition of a basic pattern string:

- It contains a long sequence of equally spaced events separated by 7 years.
- The event-pattern string had a well defined starting event.
- The pattern had a well defined final convergence point.
- Multiple key events would take place in the pattern sequence.
- Key events in this pattern took place after sequences of 7, then 62 and finally another undefined period of 7 year time gaps.

- This pattern is special in that it has a major concluding event that will last 7 years in the end times.

That is exactly how event-patterns work. There may be any number of sequences of one of God's well defined pattern gaps within a pattern. All of the key events pattern dates will then fall within this sequence of evenly spaced time gaps. There are often many, even as many as 35 key events in the case of the 50 year Jubilee year pattern.

## **The Discovery of What Appears to be God's "Master Template" for Bringing About the Ultimate Purpose of His Will**

Our main goal in this short book is to present why we have reached the conclusion that the mathematics in God's event-patterns seem to be pointing to the year 2041. That year seems to be a critical year in God reaching his major goals for his creation. So far we have been concentrating on what we refer to as God's "general purpose" event-patterns. These are the patterns that use time gaps between key events of 30, 40, 50, 60, 66.666, 70, 80, 90, 200 and 2000 years. These are straight forward fairly easy to understand patterns. Both their starting and concluding events are at key events and they also generally have several intermediate dates of importance to God's people.

After several months of intense study we gradually became aware of several event-patterns which were much more complex in their themes, their associations and their significance. One thing stayed the same, however, their conversions in the year 2041. As we became aware of more and more of these complex event-patterns we finally began to see the "big picture," the fact that God seemed to have a "Master Template" for accomplishing what appears to be his ultimate end time purpose. That purpose is stated in Eph 1:8-11; to bring everything, both in heaven and on earth, into complete unity under Jesus when time reaches its fulfillment. That is the theme of the fourth book in this series, *"Cracking the Twin Global Reset Code."* There were eight different event-pattern sets and 100 key event dates included in the template. Again, 2041 was a principal focus of all eight pattern sets. The first three pattern sets are all closely tied to the basic patterns and fairly easy to understand. The other five had very specific themes tied to them and were a bit more complex. Some were so complex that we referred to them as "codes." We will now present the eight pattern sets, one at a time, and show how each is tied very closely to the year 2041. The reader can go to our book 4, *Cracking the Twin Global Reset Code*, for much more complete discussion of this template.

There are four charts in the Master Template and we will insert the fourth chart here to make it easier for us to explain the nature of the parallels being presented in the following pages. Note that the chart is divided into two sections.

The Master Template is our attempt to reconstruct the full collection of the very most important sets of event-pattern strings that God has appeared to be using to bring about the purpose of his will. That purpose is to prepare an eternal bride for Jesus. That template is a collection of eight separate event-pattern sets. Each

pattern set generally has several different individual event-pattern strings associated with it.

We have divided the eight pattern sets into two separate groups of event-pattern sets. We call the first group God's general purpose event-pattern set. It contains three separate sets of event-patterns as you can see from the Chart that follows this discussion. We call the second group God's specific purpose event-pattern set. It has five different event-pattern sets associated with it.

We will present significant dialogue for each pattern set in both groups. Our main purpose in going into so much detail is that we want to show and emphasize the fact that events that take place in the year 2041 are the major focal point of every one of the eight pattern sets. All of this will eventually help us explain the answer to our key question, why 2041?

We would next like to explain the headers at the top of each column in the Master Template Chart to help the reader better understand each individual event-pattern string.

- God's people are the focus of each event-pattern. These are generally the Jewish people but in some cases may be the Christian people as well.
- Pattern sets with a W associated with them implies that God's people are God's focus in that set. The W stands for Witness and God's principal witness group changes every 2000 years from first the Patriarchs, then the Jews, then the Christians and finally in the last 1000 years a combination of the Jews and Christians with Jesus himself living among them as the Witness of all Witnesses.
- Patterns with a, g or G associated with them are associated with the Gentile people groups. In these cases God appears to be using Gentile people groups to enact his judgments on the Jewish people.
- The vast majority of the event-patterns had their origin at the end of the 7<sup>th</sup> day of creation, 3873 BC in our event database. A few began at the fall of man 200 years earlier, in 4070.5 BC according to our pattern database. Those patterns are designated FG patterns since they are Gentile patterns that began at the Fall.
- A sub s in a pattern denomination in a chart means that the pattern started on that date while a sub e means that the pattern ended on that date.

We suggest that the reader refer back to the chart as they go through the discussion of the eight event-pattern sets to help keep your bearings. We will now move on with our discussion of each of the pattern sets.

## God's Master Template (Chart 4 of 4) For Accomplishing the Ultimate Purpose of His Will

# **Summary of the Prophetic Discoveries Presented in the “ET 2041” Four Book Series With a Concentration Upon Why the Year 2041 Could Be Extremely Important in God’s Big Picture**

## **General Purpose Master Template Event-pattern Sets**

We will now present the basic 2000/200 year general purpose pattern set. Our analysis seems to show that it can be broken into three different, yet still related groups of event-pattern groups as we will see:

### **General Purpose Pattern Set 1 of 3 The Gentile 2000 Year Family**

Our research into the way that God has apparently been interacting with the people on earth shows that he has clearly divided them into two separate groups, those people groups that were his witnesses on earth and those who were not. This set of patterns deals with those we call the Gentile people group. We have seen over and over in history that when God needs to punish his Witness people group after very long periods of not following his clear set of guidelines for living that he uses the Gentiles to administer the punishment. This first pattern set reflects the extremely precise way in which God has been using evenly spaced, mathematically precise, similarly themed events to accomplish his purposes.

We discovered that the basic time gaps between events that he has been using are those which converge with each other every 200 years. Those which continue to converge every 200 years and finally reach 10 sets of convergences after 2000 years host the very most important events that God is using to accomplish his purposes. We found that God has been consistently using a continuous pattern string of 200 and then 2000 years after ten sets of 200 year events that always had their conception at the fall of man in 4070 BC. We also found that after the first 200 years that we apparently came to the end of the 7<sup>th</sup> 1000 year of creation. This pattern group hosted the Gentile conceived event-pattern set. They were generally enacted by Gentiles but the targets were God’s witness groups.

These patterns fell into spacing’s between events as follows; 40/400, 50/500 and 66.666/666.66 with the patterns always converging every 200/2000 years. The amazing thing is that these 2000<sup>th</sup> year convergences hosted the most ominous of all events for God’s people groups. The thing of most importance to this discussion is that the third set of 2000 year convergences will soon be taking place in our target year of AD 2041! Might this year host one of the key years in God’s end time scenario for his people?

## **General Purpose Pattern Set 2 of 3 The Witness 2000 Year Family**

This event-pattern is called a Witness pattern for the reason explained above. We will now present the details of that pattern set: Everything that we said about the Gentile pattern set above applies here as well with only one basic difference. The patterns started 10 years later; 10 years after the fall of man and then are continuing up to the present day. These years host the judgments that resulted in the events that the Gentiles inflicted on the witness groups. They also hosted several other unique events that can be related to exiles and tribulations.

When we examine the years of all of the convergences in these patterns we see that they are always 10 years after the Gentile events. Thus these patterns do not hit the year 2041, but they do hit the year 2051 10 years later. That year would have an event that would be made possible by the key event taking place in 2041. Might that event again be one of the key events taking place in God's end time scenario?

These Witness event-patterns contain all of the Jubilee judgment patterns. They are thus the years when God makes his decisions on how his Witnesses have been performing in terms of keeping his instructions to them. Every 10<sup>th</sup> 50 year period, every 500 years, would thus host a hyper judgment event for the Witnesses. These are very important years as we will see later.

These comments also apply to the events that have already taken place in the 2000<sup>th</sup> and 4000<sup>th</sup> year periods.

## **General Purpose Pattern Set 3 of 3 the Full Season Event-pattern Family**

After we discovered that God was using two different master event-pattern sets to meet his purposes in his interactions with his people, it became apparent that God was using two separate "seasons" in his dealings with mankind. They started 200 years apart but ended at the same time. One lasted 7000 years and the other 7200 years. We began to refer to these as "seasons" when we discovered that they could each be broken into four separate quarters, with one having quarters of 1800 years and the other of 1750 years. In both full season patterns the events that took place at the start of each quarter had the very same general theme attached to it. That is unique and very God like but what does it have to do with our key year of 2041? Well, it is not as jaw dropping as with our other patterns but it is still interesting.

First, the same basic 200 year patterns that take place in the other general purpose patterns. Next, the length of the quarters in the two sets of seasons lasted 1750 and 1800 years. The 1800 year quarter would have three "months" lasting 600 years each and the 600 year pattern is one of the principal long time length patterns that converge in 2041. Next, the 1750 year quarters have five "months" each, with each lasting 350 years. The year 2051 is in the 70<sup>th</sup> Jubilee period since the Jewish Jubilee periods started in 1399 BC. That is a total of 70 periods of 50 years lasting 3500 years. 3500 years is composed of 10 periods or "months" of 350 years. Thus there is again a tie between the two sets of seasons and the year 2041.

Since two of the Three Master Template General Purpose Families of event-patterns are composed of events in the 2000 year families of patterns we decided to include a chart that will make these patterns easier to visualize. This chart is on the following pages and includes both Witness and Gentile event-patterns. These are some of the very most important patterns that we have discovered. They are also event-patterns that hit a large number of key events in the full history of God's people. To show this we included a row at the very end of the chart that tabulates the number of key events that each set of patterns converged upon. As we might expect God's 50 year Witness Jubilee year pattern had the most hits of any of the patterns; a whopping 38 hits.

## The Basic 2000/200 year Family of Event-pattern Strings that Span the Whole Period from Creation to the Eternal State

Key Event Years	50 7x50=350 Jubilee yr Judgment Witness	50, 500 1000 3000 5000 Enforce Gentile	40, 400 Exile Gentile	66.666 666.66 Trib- Ulation Gentile	200 2000 4/6000 Monster Converg Gentile	Description of the events taking place in the specified years
4070.5		50	40	66.666	200	Fall of man: 800 <sup>th</sup> year of day 7, rest
4060.6	50					Start chosen people 200 yr pattern set
3873.4		1000 500/50	40	666.66 66.666	2000 200	End day 7: start 7 1000 yr days of man
3863.5	50					Start Witness 2000 year pattern set
3025.6	50					Birth of Noah
2434.3	350/50					Great flood
2296.3		50	400/40	66.666	200	Start of Tower of Babel event
2286.5	50					End Tower event; confuse languages
2148.5		50				Abraham born
2138.6	50		40			Sarah born, Abraham's wife, Isaac's mother
2099.2		50	40	66.666	200	Exactly 2000 years after the fall
2089.3	350/50					Death of Noah
2049.9		50				Birth of Isaac
2040.1	50					Shem 500 years old
1990.8	50					Birth of Jacob
1941.5	50		40			Shem dies at age 600
1902.1		1000/50	400/40	666.66	2000 200	Joseph born; leads to Jewish nation
1892.2	50					Jacob wrestles with Jesus, renamed Israel
1862.7			40			Jacob and family come to Egypt to buy grain
1842.9	50					New Pharaoh who knew not Joseph
1836.4- 1833.1				66.666		Period of events leading to the 400 year exile in Egypt
1793.7	50					Death of Joseph at age 110
1507.8		50	400/40	66.666	200	New Pharaoh, unkind to Israelites
1438.8				66.666		Period of events that led to the Exodus
1409.2		500/50				Gentile 50 pattern
1399.4	350/50					Jews enter Promised Land; start 50 year Jubilee celebrations
1350.1	50		40			Joshua dies; start period of judges
1054.4	350/50					Jubilee; start period of kings
1005.1	50					David captures Jerusalem, now in Israel
965.7		50				Solomon's temple construction starts
916.4		3000/50	40	66.666	200	Rehoboam dies
758.7	50		40			Jubilee warning; harbingers coming
719.3		50	400/40	66.666	200	Assyrians destroy, exile Israel
709.4	350/50					Only dateable Jubilee in Bible; God supernaturally saves Judah
610.9	50					Babylonians conquer Assyrians
587.9- 586.3				666.66		Period from siege to destruction of Jerusalem, Temple by Babylonians
561.6	50		40			Nebuchadnezzar dies

522.2		50	40	66.666	200	Darius becomes Persian king, issues edict
512.3	50					1 <sup>st</sup> Jubilee after temple rebuild
463.0	50					Artaxerxes becomes Persian king, will issue edict allowing rebuilding of city, walls
443.3			40			City walls rebuilt; start last Babylonian 360 year fixed term punishment patterns
423.6		500/50				End of O.T. Exact mid of 7000 yrs
325.0		50	400/40	66.666	200	Greeks take control of Judea
167.3	50		40			Hanukkah event
127.9		50	40	66.666	200	Starts God's 200+70 period of exile/tribuln
118.1	50					Last Jubilee celebrated in Judea?
68.77	50					Pharisees take greater temple role
62.2				66.666		Romans take control of Judea
29.33		50				Romans conquer Greeks
19.5 BC	350/50					Herod's temple upgrade begins in Jubilee yr
AD 4.52				66.666		Judea loses ruling authority
30.8	50		40			Start 30 <sup>th</sup> Jubilee in 3 <sup>rd</sup> yr of Jesus' ministry
70.2		1000 500/50	400/40	666.66 66/666	4000 200	Roman destruction of Jerusalem, Temple, with death and exile of huge no. of Jews
80.1	50					Vesuvius destroys 4 idolic temples
129.36	50					Jubilee year; start of Bar Kokhba revolt
135.9				66.666		Romans end Bar Kokhba revolt
326.4	350/50					Counsel of Nicea, creed, Canon
622.2	50		40			Muhammad's Hegira to Medina
858.7		50	400/40	66.666	200	Pope Nicholas Bull; Jews register, etc.
1055.9		5000/50	40	66.666	200	Great Schism in Church
1253.0		50	400/40	66.666	200	Pope Innocent Bull; torture Jews
1262.9	50					Muslims capture Jerusalem
1302.3		50				Pope Boniface issues Unam Sanctum bull declaring papal supremacy over nations
1351.6		50				Jews blamed for Black Plague in Europe
1450.1		50	40	66.666	200	Cardinal requires Jews register, etc.
1607.8	50		40			Jamestown, in future Jewish sanctuary
1647.2		50	400/40	66.666	200	Polish massacre of near 100,000 Jews
1657.1	50					England readmits Jews
1844.4		50	40	66.666	200	Ottoman Turk decree of toleration
1903.53	50					End of 2 <sup>nd</sup> Aliya
1943.0		50				Peak of Holocaust, the Final Solution
1952.8	50					1 <sup>st</sup> Jubilee after rebirth of Israel
1962.7			40			1 <sup>st</sup> nuclear reactor in Israel
1992.2		50				Oslo 2, Jericho & Gaza to PLO; NO PEACE
2002.1	50		40			9/11 event starting 70 <sup>th</sup> Jubilee period
2041.5		1000 500/50	400/40	666.66 66.666	6000 2000	By far the date with the most pattern convergences
2051.4	350/50					Ends 70 <sup>th</sup> Jubilee year. Possible major forgiveness coming; anoint Millen. Temple?
3027.2		1000/50	40	66.666	200	Ends 7000 <sup>th</sup> and 7200 <sup>th</sup> years of man
3037.0	50					Eternal state of Rev 21-22????
Total no. Hits	50 - 38 350 - 8	50 - 30	40 - 33 400 - 10	66.6 - 26	200 - 20	

## **Specific Purpose Master Template Event-pattern Sets**

### *General Discussion of These Five Event-pattern Sets:*

During all of these mathematical event-pattern discoveries we were constantly interspersing details of Jewish history that helped us understand how God was acting to bring about the ultimate purpose of his will for his creation.

All of this pattern research eventually led us to conduct a whole myriad of special purpose topical studies associated with the event-patterns that we had discovered. *Again, our special purpose in presenting all of this material is to show conclusively that the year 2041 must be an incredibly important year in God meeting the purpose of his will.* We will next present several of those special purpose topics dealing with God's use of punishment and destruction:

The fact that God would need to punish his people for violating his clear instructions for living that he gave them through Moses is well documented in the Bible. Both Leviticus 26 and the whole book of Deuteronomy make this perfectly clear. In fact they also establish the ground rules that God would be using and the specific ways in which he would punish them. The Bible gives us a very clear history of how he made his judgments and how he implemented them. First he was extremely patient before he began to punish them. He sent his prophets to warn them over and over about his displeasure and what the consequences would be as he was tracking their unwillingness to keep his instructions for living. God made certain that they would have no valid excuses before he began to punish them. When God finally did decide that the time for punishment was at hand he first told Ezekiel (chapters 4 and 5) just how long the punishments would last. We are now tracking the still in progress details of these punishments in these books and we see that they are all about to finally expire. Guess when they will expire. It is taking place in our generation in the 200 plus 70 years surrounding the 6000<sup>th</sup> year, 2041, the period started in AD 1844, according to our event database. So we are seeing the year 2041 once again. It will be the most prominent date in the punishment patterns, by far.

## **Specific Purpose Pattern Set 1 The Destruction/Punishment Pattern Set**

### *General Discussion of How God Implemented His Punishment Periods:*

An analysis of how God used numbers in the Bible and how we can see him applying these numbers in ancient history shows that his general purpose numbers involving punishment of his people were the numbers 40 and 66.666. God also appeared to often use multipliers of 7, 10, and 13 as necessary. We will show examples of each of these and see that they nearly always converged in our target year of AD 2041. We also see from a study of ancient history that God would wait until his people had been guilty, in his eyes, of ignoring his instructions for living for very long periods of time before he punished them. He also waited until after he had

repeatedly warned them of his intentions before punishing them. In practice we see that God used the numbers 40, 70, 360 and 390 years in various combinations along with multipliers of 7, 10 and 13. Of course there may be others that we have missed in our analysis of the historical evidence. We will present what we have found below.

As a reminder, we have found that God uses multiples of the numbers 40 when he is incorporating exiles, 66.666 when he is incorporating tribulation, 70 when he is using periods of testing, 360 when his peoples violations have been very expansive and finally combinations as necessary to accomplish his purposes in his punishments. These are my conclusions and of course they were made while viewing the past through a very cloudy lens.

### **Destruction/Punishment Set 1 of 3 God's use of patterns of 40, 70, 360 and 390 years**

We are now ready to present an event-pattern that is prominent throughout nearly all of human history. It started in the Garden of Eden even at the very time of man's fall from paradise that resulted in them being restricted to a lifetime on earth. That was in 4070 BC, when our event-patterns had their origin. That event-pattern is the pattern of destruction and punishment. It results when mankind does not obey the very clear instructions for living that God presented to them.

These instructions were clearly laid out in the King's Scroll that we presented earlier. It contained three very basic commands that summarized God's more extensive list of his instructions for living. It also contained a list of 10 very special rewards that God's people would receive if they obeyed his rules and a list of 7 ominous punishments if they did not keep his requirements. It also contained a multiplier that God would use for his punishments if his people did not return to him after numerous warnings. If his people did not return to him after the first warning he would multiply all other necessary periods of punishment by 7. That is precisely what we see happening to God's people over and over down through recorded history. Several of those very long timeframe punishment periods are still being completed in our generation. The year 2041 is by far the prevalent year when most of these punishment periods will be ending.

God not only told his people why and for how long they would be punished but he also told his prophets on occasion how long they had been in violation of his requirements. For example he told Ezekiel in his chapter 4 that Judah had been in violation for 40 years and Israel for 390 years. Jeremiah further said that there would be an initial period of exile that would last for 70 years. Thus we have the necessary tools to calculate the total duration of their punishment periods. The key tools were God's planned use of the numbers 7, 70, 40 and 390.

For the punishment periods that both started and ended in the Bible's Old Testament period we can see that they were fulfilled precisely to the very year. For those that will end in the post Bible era we have seen many already fulfilled, with a few still to be fulfilled in our generation in 2041 and 2051. Will these again be fulfilled precisely? Several have already concluded in the past 200 years and that was precisely the case.

We can see that in some cases, such as for those Jews that had been given punishments of 390 years but had escaped from Israel to the southern kingdom of Judah when they were under siege by the Assyrians that they ultimately became guilty of both the 390 and 40 year punishment periods. This made the sentence last for 430 years in total before being multiplied by 7. In other cases they had to serve an initial period of exile of 70 years before then receiving the remainder of their 430 year sentences. Thus the long time punishment might last for 430-70 or 360 years, again then being multiplied by 7 for a total of 2520 years.

In his ultimate fairness the Israelites who had escaped to Judah and those who had not would both receive the same punishment. There are three ways to calculate this punishment and they all end up being fulfilled in the year 2041. We will explain. Those who did not escape would receive a punishment of 70 plus 7 times 390 years. This would start in 719 BC and end in AD 2041. Those who would escape would receive a punishment period of 390 plus the additional period of 40 years because they took their idol practices with them to Judah, thus totaling 390 plus 40 equals 430 years. They would serve an exile of 70 years in Babylon with the Judeans, thus leaving a punishment still due of 430 minus 70 years, or 360 years. This was administered in 443 BC and would again be multiplied by 7, with the total 2520 year punishment ending in AD 2041 once more. All of these details are included in much more detail in our four book series.

All of this is summarized in the following chart which contains the details of the Assyrian and Babylonian captivity and punishment periods. The chart also shows that the end of the punishment periods in our generation would come in phases and would end in forgiveness. Our analysis shows that there were several punishable events that took place in the Assyrian and Babylonian events and that God apparently started their punishment periods at those times and they are thus ending at parallel times, on parallel dates in our generation. The events in our generation had an eerily similar theme to the original events that started the punishment period. Again, the details of all of this were included in our earlier books in the ET series.

## Demonstrating the Evidence That Both the Babylonian and Assyrian Punishment Patterns Are Ending in Our Generation in a Spectacular Way

God's Supernatural End Time Fulfillment of the Babylonian Punishment Pattern					
3 Phases of Punishment, Ezek 5. Each started with 70 years testing, then 7x360 = 2520/2483.84 yrs exile from Ezek 4-5, Lev 25-26, Dan 9, and Jer 25, 29.				Description of the events which took place in each year, for both the original and final fulfillment periods	
Babylonian Exile Phase 1		Babylonian Exile Phase 2		Babylonian Exile Phase 3	
Origin BC	Fulfill AD	Origin BC	Fulfill AD	Origin BC	Fulfill AD
605					
	1879				
586		586			
	1898		1898		
		567			
			1917-8		
536					
	1948				
		517			
			1967		
				512.3	
					1972.5
				463.0	
					2021.8
				443.3	
					2041.5

God's Supernatural End Time Fulfillment of the Assyrian Punishment Pattern		
7x390=2730/2690.8 yrs. 719.3 - 2690.8 = 1972.5 + 70 (69) = 2041.5.		Description of the events which took place in each year, for both the original and final fulfillment periods
Assyrian Exile		God began all three phases of the Babylonian punishment periods with a 70/69 year period of testing as we saw above. It appears that he will end the Assyrian punishment period with a 70 year period of testing and again break it into ~50/20 year segments.
Origin, BC	Fulfill AD	
719.3	1972.5 2021-22 2041.5	Assyria conquered & destroyed Samaria & Israel and exiled the Jewish people in 719 BC. 2041.5 may mark the end of 7x390 years of punishment for the northern kingdom Jews, after God added another 70/69 years of testing. Thus all twelve tribes of Israel will finally be free in 2041.5. Will God be satisfied or will there be even more tribulation in store for the Jews? If the patterns hold, a key new world leader may take power in 2021-22.

## **Destruction/Punishment Set 2 of 3**

### **The 7x all basic event-pattern denominations**

These include event-pattern strings of 30, 40, 50, 60, 66.666, 70, 80, 90, 100 and 360 years. All will hit 2041 with the event-patterns starting at 2099 BC, 719 or 443.

God told the Jewish people that the number 7 would be his punishment multiplier in Lev 26 as detailed on the attached King's Scroll. In actual practice we can also see God using a multiplier of  $10 \times 7 = 70$  in particularly egregious cases. We will demonstrate this next for the cases in which it applies.

For patterns of 70 times 30 equals 2100 years and 70 times 60 equals 4200 years the patterns would start at 2099 BC and converge in AD 2041.

For a pattern of 70 times 40 equals 2800 years the pattern would start in 719 BC and hit AD 2041.

For a pattern of 70 times 50 equals 3500 years the pattern would begin in 1409 BC and then converge in the year AD 2041.

It seems that these patterns denote the whole duration of the time in which God would be testing the Jewish people in the areas associated with these specific numbers, 30, 40, 50 and 60. If so then we can see that the year 2041 would be the concluding years of these periods of testing for the Jewish people. That would seem to hint at the year AD 2041 being a time of great change of some sort for the Jewish people.

**Demonstrating How the Convergences of the Seven Times Multiples of  
God's Most Commonly Used Event-pattern Strings in the 6000<sup>th</sup> Year  
Period Indicate a Good Fit For His End Time Scenario  
(The 7x Multiplier Turns All of these Patterns Into Punishment Patterns)**

## **Destruction/Punishment Set 3 of 3**

### **The Angel of Death 13x all basic event-pattern denominations**

These include all of the same event-pattern strings used above for a multiplier of 7.

Using the same basic event-pattern set as for the 7x case except this time using a multiplier of 13, we see that they all hit either AD 2041 or 2051 but they have various starting dates. In the case of the year 2041 we see that patterns with a multiplier of 13 times 30, 40, 50, 66.6666, 70 and 360 all hit our target date. Again, would this signify the year AD 2041 as being a year of great change of some sort for the Jewish people?

## **Specific Purpose Pattern Set 2 of 5**

### **The wrath of God pattern set**

When we first began what eventually became a four book series we had a very specific and simple goal. We were searching for three very specific items. The first was some notable and dateable event in Jewish history presented in the Bible which met God's definition of a Jubilee year. If that proved to be successful then our second goal was to find any other key Biblical events that would be separated from the original event by some multiple of either 49 or 50 years. We were successful but we found that the spacing had to be in years that contained exactly 360 days each. Our third goal was then to try to find the starting event year for the Jubilee cycle that the Jews were to keep for all of their days. Again we were wildly successful as we began counting back in successive periods of 49.2825 years and hit the year 1400-1399 BC.

About 15 years before we conducted this study we had created a database containing a timeline of the dateable events contained in the Bible. The year 1399 BC was thus a perfect fit for the time in which the Jews would begin counting off Jubilee years. The fact that as we kept counting back in time we hit the year of the great flood, 2434 BC and an event exactly 10 years after the fall of man in 4070 BC just added to the credibility of the results of our search.

The success of this search quickly led to our discovery of the tribulation event-pattern, a pattern of 66.666 years between key periods of tribulation for the Jewish nations. That then led to discovering the 40 year exile event-pattern, a pattern of time gaps between key periods when the Jewish people had to endure long periods of exile from their homeland. We next discovered that these three time gaps, 50, 66.666 and 40 years all converged with each other each 200 years. Analysis of Jewish history showed us that the events in Jewish history that were the most ominous, those which involved massive death, tribulation and exiles always seemed to take place in time gaps of multiples of 200 years.

When we later multiplied this period by 10, God's principal pattern multiplier, we had a huge revelation. These 2000<sup>th</sup> year events were always surrounded by multiple events involving great chaos, death, exiles, tribulations, etc. for God's

people on earth. We also discovered that there was not just one 2000 year event-pattern that God was using. In reality there were two such patterns. One started at the fall of man in 4070 BC and the other exactly 200 years later at the end of the 7<sup>th</sup> 1000 year day of creation in 3873 BC. As if that was not enough, we also found that there were two separate 2000 year event-patterns associated with each of the two 2000 year patterns. They were separated by exactly 10 years with the first applying to the Gentiles and the second, 10 years later to God's Witness people group on earth.

Over the nearly 10 year period when we were discovering and studying these event-patterns we gradually learned more and more about the complexity and extent of some of these patterns. That certainly includes the pattern we eventually called our "wrath of God" pattern set. The next major thing that we learned about this pattern was that there were about 12 parallel events that were taking place in the 2000<sup>th</sup> year time periods. These events were spread out over a time spacing of 270 years in each 2000<sup>th</sup> year. As we said above there are two of these 2000 year event-patterns and they are separated by exactly 200 years, the time between the fall of man and the end of the 7<sup>th</sup> day of creation. This 200 year period occurred each 2000 years after the fall of man and it is in that period when the ominous events are taking place. However, there is another wrinkle to all of this. The 200 year period is followed by another 70 year period of continuing trouble in each period, making the periods of wrath last a total of 200+70 or 270 years.

The next wrinkle of complexity in these patterns is that the 12 events that we mentioned above happen during the 270 year period of all of the 2000<sup>th</sup> year periods. Not only that but the 12 parallel events all have the same themes in each period. We call these "parallel events" because the 12 events occur in exactly the same order, separated by exactly the same time gaps, in each period. Thus every 2000 years there is a parallel event, with the same basic theme, taking place 2000 years before and also after it. WOW! Who is in charge here. Oh, we already know the answer to that. The 2000<sup>th</sup> years took place in 1902 BC, AD 70 and will next take place in AD 2041, if our event database is accurate.

Our next and last big wrinkle in this event-pattern is that as we continued our study of the historical events that took place in the history of God's people on earth we discovered two additional 270 year periods of ominous activity that had taken place. They also fit neatly into our pattern and completed the Wrath of God event-pattern set. It quickly became evident to us that God has been dealing with his people on earth in a very specific time spacing within each of the 2000 year periods. These spacings were in a period of 700 years followed by another period of 700 years and then finally a period of 600 years totaling 2000 years in each period. There is generally a very important event that takes place in each of these 700 and 600 year events. Not only that but we finally discovered that the 200 year period ends and the 70 year period starts in the 600<sup>th</sup> year of each of the patterns.

Another complication here is that what we are calling the 70 year event may occur in what seems to be a 60<sup>th</sup>, 70<sup>th</sup>, or 80<sup>th</sup> year on our calendar. That is because each 2000 year has both a Gentile and Witness pattern associated with it. Otherwise, the Gentile pattern seems to be the dominant pattern in each case. These three odd ball 270 year pattern sets occurred at the time of the great flood, the period starting

in 719 BC encompassing both the Assyrian and Babylonian captivity periods, for first Israel and then Judah, and finally the period that started with the Catholic Inquisition and ended with the Protestant Reformation.

The basic reason why we wanted to present all of this information about this pattern is that it involves the key date in our generation which is the main focus of this book, the year 2041. The year 2041 is the 6000<sup>th</sup> year since the end of the 7<sup>th</sup> day of creation and thus it is the third 2000<sup>th</sup> year. The 2000<sup>th</sup> years are always the 200<sup>th</sup> year in the 200+70 year patterns and thus 2041 is just such a year. In the past 2000<sup>th</sup> year events that year was the year of a very key event and thus we would expect the same for the year 2041.

Another incredible feature of the three 2000<sup>th</sup> year periods that we have been concentrating on is that there are at least 10 parallel events associated with these 2000<sup>th</sup> years. Those features are that the parallel events all have very similar themes associated with them, the events in each 2000<sup>th</sup> year are all separated by gaps of time that are a part of God's well defined mathematics database and the similarly themed events in each case are themselves all separated by exactly 2000 years. We will next present the chart which shows the details of this very complex set of event-patterns.

## A Quick Peek at the Parallel Events in the [200+70] Year Periods Surrounding the Three 2000<sup>th</sup> Year Events and in the 400<sup>th</sup> and 800<sup>th</sup> Years Before Each 2000<sup>th</sup> Year

- 2690 BC, 719 BC, AD 1253: 2x400 years before the 2000<sup>th</sup> year event dates. All dates involved soon start of exile and/or tribulation. 400 years later in each case we see the following:
- 2296 BC, 325 BC, AD 1647: 400 years before the 2000<sup>th</sup> year event dates. All dates involved soon start of exile and/or tribulation. 400 years later in each case we see the following:
- 2099 BC, 127 BC, AD 1844: Start of the 270 year period in the 2000<sup>th</sup> year after the fall in 4070 BC and encompasses the 2000<sup>th</sup> year after the end of the 7<sup>th</sup> day of creation 200 years later. This period will play a key role in God revealing himself. 60 years later in each period we see the following:
- 2040 BC, 68 BC, AD 1903: Jubilee year that starts the 210 yr period. All dates in some manner involve a birth of some sort. 50 years later in each period we see the following:
- 2000 BC, 29 BC, AD 1943: Event that takes place exactly 100 years before the 2000<sup>th</sup> year. Dates involve a very serious event that would lead to a major change in the status of the Jewish people and nation.
- 1990 BC, 19 BC, AD 1952: Jubilee year marking birth of Jacob/Israel, Herod's Temple, rebirth of Israel. 20 years later in each period we see the following:
- 1971 BC, AD 1.23, AD 1972: Entering new 70 yr testing period leading to 2000<sup>th</sup> year. Marks time for leaving exiles, Jesus from Egypt and the Jews from the long Assyrian punishment period. 30 years later in each period we see the following:
- BC 1941, AD 30.8, AD 2002.1: Jubilee year with apparent major exile/trib judgments made. Each date may mark start of a new era, post-flood era, Christian era and possibly the end time era. 40 years later in each period we see the following:
- BC 1902, AD70, AD 2041: The three 2000<sup>th</sup> year days of man. All seem to reflect events that led to great tribulation and exile for the Jewish people. 10 years later in each period we see the following:
- BC 1892, AD 79-80, AD 2051: Jubilee year that would usher in a time of great change for the Jewish people and nation. Each event seems to involve a pay back of some sort. 50 years later in each period we see the following:
- BC 1842, AD 129, AD 2100: Last Jubilee year before a new form of exile begins for the Jewish people. First in slavery, then in the nations and finally in ????
- BC 1833, AD 139, AD 2110: 70 years after 2041 and 210 years after AD 1902. The year when a long period of exile began in each case.

Below is the detailed chart from which we summarized the above information. We believe that the above summary clearly shows the supernatural nature of the parallel events in the three 2000 year periods.

### **Parallel event set 1:**

#### **The three 2000 year events**

Common theme: All events point to a major coming change in the status of the Jewish nation, with each also involving exile, tribulation and great death.

- 2000<sup>th</sup> year, 1902 BC; The birth of Joseph signaled his soon exile in slavery in Egypt with that leading to his whole family joining him. That would be followed by a 400 year exile, huge tribulation and death with it all eventually leading to the birth of the nation of Israel.
- 4000<sup>th</sup> year, AD 70; The year when the Romans destroyed Jerusalem, the Temple and essentially the whole nation of Judea all involving great death and exile for the Jewish people and the eventual end of the Jewish nation.
- 6000<sup>th</sup> year, AD 2041; Biblical end time projections may signal the coming of the whole end time scenario at this time, again involving great death, exile, tribulation for the Jewish people and a major change in the state of the nation and its people.

### **Parallel event set 2:**

#### **40 years before each 2000<sup>th</sup> year**

Common theme: All events point to a major death event for God's people.

- 2000<sup>th</sup> year: 1941 BC; The death of Shem, the last of the pre-flood patriarchs. His death signaled that the Jewish people would soon arise as God's new witnesses for him on earth.
- 4000<sup>th</sup> year: AD 31-32; The year of the death of Jesus, the Son of God, Savior and Messiah. It can be argued that this was the most important event in human history.
- 6000<sup>th</sup> year: AD 2001; The year of the death of feeling safe from attacks from outside enemies striking our own homeland. In that year outside enemies struck two of our major cities, killing over 3000 innocent people.

### **Parallel event set 3:**

#### **70 years before each 2000<sup>th</sup> year**

Common theme: Events point to a time when the Jewish people would have a land of their own but would not be able to live in it in all three cases. Fear of retribution from their enemies after coming out of an exile of some sort would be the reason in the last two cases.

- 2000<sup>th</sup> year: 1971 BC; after the time of the death of Abraham. God had made a promise to Abraham that his descendents would one day have a land of their own. Before being given this promised land his descendents would have to go through a long period of fear and exile in a foreign country.

- 4000<sup>th</sup> year: AD 1-2; The assumed year when Jesus and his parents returned to Judea after a self-imposed exile in Egypt after the death of King Herod. After arriving in Judea they surveyed the situation and decided not to stay there out of fear that the new ruler might also want to kill Jesus. Thus they moved on to live in Galilee.
- 6000<sup>th</sup> year: AD 1971-72; In this year the Jewish Rabbinical Council voted not to allow the Jewish people to stay on or use the Temple Mount out of fear of death or retribution from others who claimed to have rule over the Temple Mount in spite of Israel having captured the Temple Mount and now owning it.

### **Parallel event set 4:**

#### **90 years before each 2000<sup>th</sup> year**

Common theme: All events point to a very key birth of some sort for the Jewish people.

- 2000<sup>th</sup> year: 1990 BC; This year marked the birth of Jacob. Jacob would have a night long wrestling match with a reincarnated appearance of Jesus one hundred years later. This wrestling match would result in Jacob being renamed “Israel.” He would have 12 sons who would become the heads of the 12 tribes of Israel who would then father the eventual birth of the nation of Israel.
- 4000<sup>th</sup> year: 19 BC; This year marked the “birth,” so to speak of Herod’s Temple in Jerusalem. It was the year when he began the massive upgrade and renovation of the Jewish Temple.
- 6000<sup>th</sup> year: AD 1952; This year is marked by the “rebirth,” so to speak of the very land which had once been the “Holy Land” of the Jewish people. This land had become desolate over the centuries and essentially nothing was growing upon it. This year marked a massive effort by Israel to revitalize the land. Huge numbers of trees were planted and the land became a hugely productive area once more. It is said that Israel is now the world leader in the export of fruit and other things.

### **Parallel event set 5:**

#### **200 years before each 2000<sup>th</sup> year**

Common theme: All events point to the fact that the Jewish people would seem to be in a wrestling match of some sort over the true identity of God for much of their existence. More specifically, the wrestling in their minds concerned the true nature of their God and whether or not there might also be other true Gods. They kept failing this test over and over by coming up with the wrong conclusion with horrible results as we have seen.

- 2000<sup>th</sup> year: 2099-2100 BC; This seems to be the year when the 600 year equally spaced similarly themed event-pattern began for the Jewish people. There would be seven pattern events separated by 600 years each, totaling 4200 years, that would finally conclude in our target year of AD 2041. In six of the seven events hit by this event-pattern the Jewish people found themselves in very bad situations. They were apparently being punished by God in each of

these events because of their wrong decisions over his true nature and identity in each case.

- 4000<sup>th</sup> year: 127-128 BC: This is the time period when the Roman Empire began to challenge the Greek Empire's control of the Middle East, including the nation of Judea. This would bring about the scenario in which Jesus was born and the prophecies of his life made possible. Jesus would quickly become the central figure in the wrestling match over the true nature and identity of God.
- 6000<sup>th</sup> year: AD 1844; This is the year which made possible the fulfillment of the Biblical end time scenario, a scenario which calls for the Jewish people to be living in their original homeland once more. The Ottoman Empire edict of toleration for the Jews issued in this year was the first step in making this possible. The events in the seven year tribulation in the end times will be the period when the Jewish people finally are able to end their 4200 year long wrestling match over the true nature and identity of their God.

Please notice that every one of these event-patterns is tied at the hip to the central focus of this study, the year AD 2041, the 6000<sup>th</sup> 360 day/year since the end of the 7<sup>th</sup> day of creation.

## Specific Purpose Pattern Set 3 of 5 The Global Reset Pattern Set

### *New Insights Into the Global Reset Pattern Set*

The global reset code involves massive “world order changing” global resets that God imposes on the people of earth. They always occur in the last Jubilee period of a 500 year event-pattern string that began in 3863 BC, 10 years after the end of the 7<sup>th</sup> 1000 year day of creation. They all involve events producing death, a passover event and some new promised land for God’s people. They were all necessary for God to ultimately be able to meet the purpose of his will, “to bring everything in heaven and on earth into unity under Jesus when time reaches its fulfillment.”

There have been four events in history that have resulted in a sequence of first death, then a passover of some sort and finally a new home for those involved in the event. Those four events were as follows:

1. The end of the 7<sup>th</sup> day of creation.
2. The great flood.
3. The Exodus event for the Israelites.
4. The death of Jesus.

The 2041-2051 time period may host just such an event. If so then it would be the twin global resets that were the subject of our book, *Cracking the Twin Global Reset Code*

The fact that the 50 year period just before the start of the 6000<sup>th</sup> year is also the 70<sup>th</sup> Jubilee period since the Israelites first entered their Promised Land also would add greatly to the importance of this year in God’s mathematics.

One of the key features of the Global Reset pattern set is that each one contains death, a passover and a promised land of some sort. These were presented in two of our books, *The Angel of Death Supercode* and *Cracking the Twin Global Reset Code*. However, we recently received a few new insights into that set of events in each global reset. They were so insightful that we felt that we should include them in this book. We will not go back and add them to the previous books since we want to protect their integrity. They documented our discoveries in the general order in which we received them.

One very important new insight was that the passover in each one of the four global resets involved a very distinct group of people being passed over. In the order in which the resets took place these people groups were as follows:

- The fall; the family of Adam and Eve,
- The flood; the family of Noah,
- The Exodus; all Jewish people in Egypt,
- Jesus’ death; the spirits of all who believe in and follow Jesus would never die, they would eventually receive new resurrected bodies and live forever as the bride of Jesus.

A second additional major feature of each global reset that we had not covered previously is that Jesus would be at the very center of each one in very important ways. Once one knows that Jesus was the very creator of the universe it becomes

obvious that he would be at the heart of every major reset that would take place on earth. Revelation even reveals that the plan was for Jesus to need to come to earth to die to make it possible for him to one day be able to choose and marry those who would become his bride for eternity. Thus we see him at the center of all major events that take place on earth.

Again in this topic we continued to see the year 2041 being a very prominent year. In fact, if the scenario that we have presented in this discussion plays out 2041 could easily be one of the three most important event years in the history of the universe.

## **Specific Purpose Event-pattern Set 4 of 5 The Wrestling Match with God Pattern Set**

### **The Longest Lasting Wrestling Match of All Time**

We believe that it should be obvious to anyone studying our four book series and then the whopping series of patterns leading to the year 2041 that all of the event dates and their themes had to be pre planned and then executed with absolute perfection. This all seems too far outside of the possibility of simply happening in some random fashion. God must have set up the parameters for all of this extremely unlikely scenario taking place even before the creation of the universe. Then it seems to me that he must also be injecting himself and his forces into the affairs of mankind on earth to bring all of this about. The most complicated piece of this puzzle to understand seems to be the fact that the Bible also indicates in many places that God has given the people in his creation “free will” to make their own choices, in general. Another very complicated piece of this puzzle is that in the Bible we see that there are both forces for good and forces for evil in the heavenly realm that have the ability to inject themselves into the affairs of humans on earth. The fact that humans have free will means that they have the option to choose whether they will largely follow the forces for good or the forces for evil. We are presenting all of this narrative to simply introduce us to the next topic in God’s “Master Template”; to ultimately bring about his purpose for the whole of creation. That topic is mankind’s eternal wrestling match over whether they will “choose” to follow the forces for good or the forces for evil in the universe.

We would next like to explain how we originally got the idea that God might be viewing his people on earth being in a wrestling match over his true identity before continuing with the specifics of the wrestling match as it unfolded in history.

There is a wrestling match between Jacob, the one called the father of the twelve tribes of Israel in Genesis chapter 32. This wrestling match is between the one called “The Angel of the Lord” and Jacob. The one called “THE” Angel of the Lord can easily be distinguished from all other angels called angels of the Lord by comparing the differences in each circumstance when one or either of them is mentioned in the Bible. In general, angels do not allow themselves to be worshipped by humans. In context it is clear that they are simply “angels.” However, the one referred to as “THE” Angel of the Lord does make it clear that humans can worship him, that he is really their God. This angel’s visits turn out to be pre-incarnate visits

of Jesus to earth for very important reasons. He is introducing himself to them and in Zechariah he says that in the future he will return to earth and “live among men.” Thus this was Jesus who is wrestling with Jacob.

In the wrestling match Jacob has a very strong hold on Jesus and will absolutely not let go of him all during the wrestling match. The match is said to go on during all of the long night of the match. Finally Jesus has to injure Jacob’s hip to get him to let go of him. After the end of the match Jesus changed Jacob’s name to Israel. That makes this whole match a “model” of the future wrestling match of the nation of Israel with God over his true identity. No matter what situation the people of Israel are in over the many years of their existence they will not let go of their God. Thus the Jews have “always” believed that the one they call YHWH, the Father God, is really their God.

However the complication is that they have wrestled with the idea that there may also be other gods. Through most of their Old Testament times they not only worshipped YHWH but they also worshipped the idols of their neighbors, being afraid not to in case they really were also real gods. The Jews finally got this question answered for them but when Jesus finally came to earth as their Messiah, they failed to recognize him as their God. Now their wrestling match was over whether or not YHWH was the only God or was Jesus also a part of a more complicated Trinity that acted as one God. In the vast majority of cases they have rejected Jesus in this wrestling match.

However, just as in the original wrestling match Jesus will finally need to injure Israel’s “hip,” so to speak. He will need to seriously injure them in the end time scenario to finally get them to accept him for who he really is, their true God, their Messiah and their Savior.

Christians believe that the God of the Christian Bible is the ultimate creator and the leader of the forces for good while one that the Bible refers to as “Satan” is the leader of the forces for evil in the universe. The Bible says that Satan himself is just a created being, but at the same time he is a very powerful force. The Bible depicts the huge battle between the forces for good and the forces for evil in many ways all through its 66 books. The amazing thing about all of this is that once more we have discovered mathematical event-patterns that are taking place in this battle between the forces for good and the forces for evil. We are referring to this battle as “mankind’s wrestling match in their minds over whether to follow the forces for good or the forces for evil during their lifetimes on earth.”

We will further set up the parameters for this wrestling match below:

1. The numbers 6, 60, 600 etc. stands for mankind’s propensity to choose evil. Things in general that are not good for humans are often very appealing to them and they are very difficult if not nearly impossible to ignore. When we make choices to do evil it is called committing “sins.” We will see that the number 600 is a key number in mankind’s wrestling match with God.
2. Since God created humans in this way he needed to give him an “antidote” for his sinful behavior. That antidote was choosing Jesus, the one referred to in the Bible as “God’s Son.” That Son eventually came to earth, was born of a young Jewish lady named Mary, then lived the perfect “sinless” life that it is impossible for humans to live and then allowed himself to die a horrible death

on a Roman cross as a sacrifice for the sins of all humans past, present and future. This would apply to all of those who would choose of their own free will to accept his death as a payment for their sins. This sacrifice would then allow God to see humans who accepted Jesus' sacrifice for their sins as being perfect, sinless in his eyes, even though they were obviously still guilty, Romans 10. Those who choose to attempt to follow Jesus and his simple teachings will then eventually become his "bride" and live forever in a paradise with God. All of those who do not follow Jesus will not be allowed to go to heaven, but will live forever in a place referred to in the Bible as "outer darkness" where there will be weeping and gnashing of teeth. Otherwise we are not told much about that place.

3. The numbers 7, 70, 700 etc. in God's mathematics stands for testing and perfection. The number 700 is the second major number included in mankind's wrestling match with God. The fact that these are the two key numbers involved in the event-patterns in the great wrestling match would likely be symbolic that the match would be the perfect way for God to test mankind over a long period of time involving man's very sinful behavior, especially when it comes to his choices over who God is and what he requires.
4. The last parameter that we will present will be the starting dates for the wrestling match event-pattern. We would expect God to be consistent all down through the complete history of people on the earth so we would expect him to be testing each of his witness groups. We have seen that this changes in the 200 year periods before each 2000<sup>th</sup> year after the end of the 7<sup>th</sup> day of creation. This 200 year period would be parallel to the period between the fall and the 7<sup>th</sup> day of creation in each case.

We will now move on with the specifics of the wrestling matches for each witness group. First we will discuss the patriarchs who would have lived in the first 200 years after the fall in 4070 BC. This would have ended in the year 2090 BC for the patriarchs at the death of Noah. It would have been in an event-pattern of 3 periods of 600 years since the end of the 7<sup>th</sup> day of creation.

The next pattern would be our most important pattern, the one which converges in our generation in our target year of AD 2041. It involved the descendents of Abraham, those who would ultimately become the Jewish people. God referred to these people as his Chosen People. There would actually be two separate sets of two patterns in this case, one applying to the Jews and the other to the Gentiles. There would be event-patterns of both 6 times 700 years and 7 times 600 years, with both totaling 4200 years in each case. Both patterns consistently hit key events during their travels over the 4200 years of history.

These two patterns would end in the last two ten year periods in the 70<sup>th</sup> Jubilee cycle which happens to be in our generation. These are the two key dates in our four book series, the years 2051 and 2041. We see that the two event-patterns would thus start in the twin years of 2099 and 2089, would last for periods of 7 times 600 and 6 times 700 years before converging in the twin years of 2051 and AD 2041. That certainly makes it seem like some very major event or series of events will be taking place at that time.

## **Specific Purpose Pattern Set 5 of 5 The Always Present Pattern Set**

### **A General Discussion of God's Always Present Pattern Set**

It appears as though God has seven separate perfect testing event-pattern strings that he has been using to test his people ever since the end of the seventh day of creation. He appears to be using seven separate patterns, one starting in every tenth year after 3873.37 BC with each one continuing until the start of the eternal state. These patterns precisely hit every tenth year in the 70<sup>th</sup> Jubilee period including the Jubilee years themselves, 2002 and 2051. We note that 2041 is exactly 10 years prior to 2051. Thus they could be a factor in the end time scenario if it occurs in our generation.

There are several noteworthy events taking place in this pattern set. Each separate pattern contains the birth of one of the earliest patriarchs of the Jews. These include Abraham, Sarah, Isaac, Jacob, Joseph and then Israel as a country. The births in the seventh pattern, the one containing our target date, 2041, seemed to all be the births of intense periods of either testing, exile or tribulation for the Jewish people or nation. There are 14 dates in this pattern and an argument could be made that nearly every one of the 14 could fit this narrative.

There are about 100 dates in this complete set of seven event-patterns with every single one of them being an important date for the Jewish people or nation. Two very important takeaways from this event-pattern set are these. First, since these are all in a 70<sup>th</sup> year pattern it demonstrates that God is always testing his people concerning how they are performing in keeping his key instructions to them. Second, we can see that since this is a 70 year testing pattern operating in the 70<sup>th</sup> Jubilee year period our generation would be a good candidate for hosting a massively important set of events, possibly the end time events. We have also seen that the two event years that have by far the largest number of key event-patterns converging in them are the years 2041 and 2051.

Thus we believe that we have a good argument for including this pattern set in what we are calling God's "Master Template" for accomplishing the ultimate purpose of his will. That again is to bring everything, both in heaven and on earth, together into unity when time reaches its fulfillment. The Bible tells us that only the Father God himself now knows when that will take place. We are only searching all of the clues available to us to determine whether or not our generation might be a good fit for this end time period. Our search seems to be continuously pointing to the year 2041 being a very good candidate to be a key year in the end time scenario.

## The Always Present Pattern

### *The 7 70 Sequential Year Date Patterns Acting in Our Generation Every 10 Years (Chart Reads from AD to BC)*

PATTERN 1 Birth of Israel as a Nation 1399.4 BC	PATTERN 2 Birth of End Times? AD 2041	PATTERN 3 Birth of Joseph 1902 BC	PATTERN 4 Birth of Isaac 2049.9 BC	PATTERN 5 Births of Shem, Jacob 3025 BC, 1990.8	PATTERN 6 Births of Sarah, Moses 2138 BC, 1517	PATTERN 7 Birth of Abraham 2148.5
2051.4	2041.5	2031.7	2021.8	2012.0	2002.1	1992.2
1982.4	1972.5	1962.7	1952.8	1943.0	1933.1	1923.2
1913.3	1903.5	858.8	1883.8	1253.0	1657.1	1647.2
1844.4	AD 1351.6	99.8	1607.8	632.1	1450	1302.3
326.5	29.3 BC	AD 30.8	1262.9	80.1	622.2	267.4
119.5	167.3	522.2 BC	AD 1055.9	AD 11.1	139.23	129.4
AD 50.5	443.3	591.1	325.0 BC	127.8 BC	70.23	AD 60.5
19.5 BC	512.3	1005.1	463.0	610.8	AD 1.23	423.6BC
709.5	719.3	1350.1	1015	1438.8	68.77 BC	561.6
916.4	926.3	1833.1	1842.9	1990.8	965.7	1872.5
926.3	1409.2	1902.1	2 050.9	3025.7	1517.7	1941.5
1054.4	1478	1971.1		3440 BC	1793.7	2148.5
1399.4	2099.2	2 BC040.1			1862.6	2286.5
2089.3	2 BC444.1				2138.6	2493.4
2296.3					3450	3390
2 BC434.3						
3814.2	3824.0	3833.9	3843.7	3853.6	3863.5	3873.4

We are now finished with our presentation of the Master Template Chart event-pattern sets so we will now go to the next set of patterns that are converging in our target year of 2041.

## **Demonstrating That Event-patterns in the Pattern Set with the Very Largest Time Gaps Between Key Events Will All Converge in the Year 2041**

We will next present the incredible very long time gap event-patterns that will all converge in 2041. We suspect that the significance of these event-patterns would be vastly magnified for the following reason. These patterns reflect either 10 times or 100 times magnifications of God's original themes associated with his mathematics for dealing with his people on earth. Whew!

### **200 year time gap pattern converging in 2041**

Pattern start year: 3873 BC

Pattern multiplier and theme: x30; judgment, exile, tribulation all involving a major new leader and the temple

### **300 year time gap pattern converging in 2041**

Pattern start year: 3873 BC

Pattern multiplier and theme: x20; a major new leader, the temple in Israel, judgment, exile and tribulation

### **400 year time gap pattern converging in 2041**

Pattern start year: 3873 BC, 1902 BC, 719 BC, AD 70 all apply

Pattern multiplier and theme: x15, x10, x7, x5 times 400 all apply; amplified exile and testing, but also with judgment and tribulation

### **500 year time gap pattern converging in 2041**

Pattern start year: 3873 BC, 2434 BC, AD 70 (32)

Pattern multiplier and theme: x3, x4, x5 times 500 all apply; amplified judgment, extraordinary change of some sort. This was the Global Reset Code. We notice that the following events were all separated by 500 years and all were either in or within one year of being in a Jubilee year; the great flood, the death of Shem, the Jubilee just before the Exodus, the Jubilee just after completion of the first Temple, the reign of Persian King Artaxerxes, the death of Jesus, the start of the 70<sup>th</sup> Jubilee that hosts the year 2041.

### **600 year time gap pattern converging in 2041**

Pattern start year: 3873 BC, 2099 BC both apply

Pattern multiplication factor and theme: x10, x7 times 600 both apply; Theme is sinful man seriously wrestling over the true and complete identity of God.

Possibilities in man's mind include; there is no god, there is only one true God, there are multiple gods, along with other variations. The vast majority of Jews have always believed that YHWH is God, but many have wondered whether or not there might also be other gods which should be worshipped. Their wrestling match over the last 2000

years has been over whether or not Jesus is also their God. Event-patterns suggest that this match could be ending in the period surrounding 2041.

### **700 year time gap pattern converging in 2041**

Pattern start year: 2099 BC, 1409 BC, 719 BC, 29 BC all apply

Pattern multiplication factor and theme: x6, x5, x4, x3 times 700 all apply; This is also a part of mans' wrestling match over the real and true identity of God. In this case God is always and continuously testing his people in this area.

### **800 year time gap pattern converging in 2041**

Pattern start year: 1902 BC

Pattern multiplier and theme: x5 times 800 equals 4000 years; The theme here is a huge new start for mankind after they finally accept Gods' true and only real identity. There will be a huge series of judgments at this time with an incredible reward for those who pass the test.

### **900 year time gap pattern converging in 2041**

Pattern start year: 1507 BC

Pattern multiplication factor and theme: x4 times 900; 1507 BC was the year when a new Pharaoh took command in Egypt when the Jews were in exile there for 400 years. This new leader did not like the Jews and he treated them horribly. 900 is a pattern representing a full and complete season. Thus after a period of 3600 years with the Jews nearly always being in some sort of an exile they will finally come to a time when a new leader, the antichrist, will again be in power in the world and will treat them horribly for a short period of time. Then, suddenly another new leader who loves the Jews, this time their Savior God, Jesus himself will rescue them and they will no longer need to have fear of being exiled from God. This will end a horrible long season of exile for the Jewish people.

### **2000 year time gap pattern converging in 2041**

Pattern start year: 3873 BC, hits 1902 BC, AD 70

Pattern multiplication factor and theme: x2, x3 times 2000. This is the great convergence event-pattern since patterns of 200, 400, 500 and 666.66 years all converge every 2000 years providing events that result in massive judgment, exile and tribulation. The original 400 year exile of the Israelites, the 2800 year exile of the Israelites and the 2000 year exile of the Judeans were all a part of extended punishment periods that eventually converged in the year AD 2041. They all host the menacing 200+70 year periods along with the 12 or so parallel events that accompany them. This menacing pattern is taking place again in our generation and we can only await the final outcome. Might it be the return of Jesus this time?

### **3000 year time gap pattern converging in 2041**

Pattern start year: 3873 BC, hits 916 BC

Pattern multiplication factor and theme: x2 times 3000 converges in our target year of 2041. The theme is a perfect fit for God's end time scenario; a key new leader and

the Jerusalem Temple. God's end time scenario from Dan 9:24-27 and Rev chapters 6-19 call for just such a scenario. Here the antichrist goes into a recently occupied new Temple in Jerusalem, declares himself to be the god of the world and demands to be worshipped by everyone on earth. This is a global reset but it only succeeds in ushering in another global reset just 3 ½ years later with the return of Jesus to earth as King of Kings and Lord of Lords of the whole world. The horrible exile and tribulation that accompanies the 2000 year event-pattern plays perfectly into this scenario.

### **4000 year time gap pattern converging in 2041**

Pattern start year: 1902 BC

Pattern multiplication factor and theme: The principal theme of this pattern is a huge exile. Again this plays perfectly into the 2000 and 3000 year event-pattern themes that result in the end time scenario being fulfilled. The great exile called for in God's end time scenario sees Jews in Israel being told to quickly go into self-exile, apparently in Jordan, when the antichrist enters the Temple in Jerusalem and declares himself to be god, etc. Again, this self-exile will end 3 ½ years later with the return of Jesus to earth at Armageddon in his Second Coming.

### **5000 year time gap pattern converging in 2041**

Pattern start year: 2887 BC

Pattern theme: The theme would involve highly intensified judgment because of the very large length of the period, 5000 years. The judgment would likely involve the ET's, or extra terrestrials, since they were rampant on earth at in the period before the flood. These were Nephilim, a half breed angel/human beings crafted by Satanic activity on earth. They had polluted nearly the whole gene pool on earth by the time of the flood. In the period of the great end time tribulation on earth the Nephilim would again be on earth according to our interpretation of Revelation chapters 13 to 18. This would likely include the antichrist himself. Many of the best prophecy scholars of our time agree with this interpretation. It certainly fits the end time scenario.

### **6000 year time gap pattern converging in 2041**

Pattern start year: 3873 BC

Pattern theme: The theme of this event-pattern would obviously involve the most sinful of all created beings. That would be Satan himself and his unholy trinity. Those accompanying Satan in this trinity were the antichrist and the false prophet of Rev chapters 13-18. Their goal will be to destroy all living Jewish people in order to keep God from being able to fulfill his ultimate plan for mankind. That would be to finally provide a "bride" for Jesus, to have them live together on earth for the next 1000 years in great harmony on a paradise like earth, all while Satan and his cohorts would be chained in Hades for that whole period awaiting their ultimate destruction. Satan has obviously not given up on his plan and will do his best to try to accomplish it in the great tribulation period. Revelation says that this will fail and God will triumph again.

We have just completed presenting and analyzing 13 extremely long duration event-patterns that all converge in our generation in the upcoming year of AD 2041. Possibly the most incredible features of these event-patterns is that they all fit God's end time scenario with impeccable accuracy and completeness. This adds immensely to our narrative that our generation is an incredibly good fit for fulfillment of God's end time scenario. Every time I complete another one of these exercises I am simply overwhelmed by the results. I am not creating anything! I am only pulling together many of the prophetic details presented in the Bible in bits and pieces and assembling them in a fairly simple to understand composite. I hope it helps the reader to grasp what Bible prophecy is telling us.

We have been attempting to demonstrate why the discoveries in our four book series point to the year 2041 as an extremely important year in our generation, and possibly one of the most important events in all of world history. As we got deeper and deeper into those topics it gradually became more and more obvious that a good knowledge of God's Biblical end time scenario would be necessary to fully understand what we were presenting. For that reason we will next present our interpretation of this scenario as we presented it in our fourth book, *Cracking the Twin Global Reset Code*.

## Chapter 9

### Our Interpretation of the End Time Scenario Presented in the Christian Bible

In this chapter we will be summarizing the details of the end time scenario that we have presented in our ET scenario book series. The details of the scenario are presented much more completely in those books so we will leave out the details, the references to prophetic discourses in the Bible containing these details, etc. in this chapter. We simply want to present an easy to understand and well flowing discussion of that scenario.

#### Setting the Scene; Presenting the Global Context, for Understanding the 13 Year End Time Scenario

##### **What was God's original reason for creating the universe and the humans who populate it?**

We spent a whole chapter in our last book in this series on this topic so we will only answer it very briefly here. It is summarized in the book of Ephesians in verses 8-10; to bring everything in heaven and on earth into unity under Jesus when time reaches its fulfillment. We find that God's plan was to create an eternal partner, a bride, for the one called his Son, Jesus. The reason for creating the universe was to prepare the place for nurturing that bride as it matured into to its final form. God created the bride in the image of himself, a spirit that could live and function in both physical and spiritual dimensions.

##### **Where is the plan described?**

The plan is described in detail within the Christian Bible.

##### **Who are the principal characters?**

They are first God who exists as the Father God, Jesus and the Holy Spirit, second his spiritual forces for good which would be created angels for good who do the will of God, third the forces for evil in the universe which try to thwart the will of God, including Satan and the created angels who chose to follow him and fourth the humans created in God's image who are given free will to choose to follow either God or the forces for evil.

##### **How will God choose which humans eventually become a part of the bride?**

God will choose those who choose him and follow his plan as laid out within the Christian Bible. This is those who choose to follow Jesus, to love him and what he stands for, who believe that Jesus died on a cross to pay the penalty for their sins and thus allow them to be forgiven for their sins. This allows them to be seen by God as

perfect in his eyes and fit for becoming a part of the eternal bride of Jesus. These believers will all reach the end of their lives still loving and believing in Jesus in spite of having gone through extremely difficult periods of life and overcoming all of the fiery arrows that the forces of evil have fired at them. It is not easy but it is eternally rewarding in the end.

### **Did God have a timetable for enacting his plan and if so when will it take place?**

We did not undertake the research necessary for writing this book series to try to uncover the timeframe of the end time scenario. We only had a simple goal in mind; to discover the timing of the original Jubilee year cycle. However that search led to not only finding what we believe was that cycle, but also led to the discovery of pattern after pattern that described the way that God was interacting with his people on earth. These patterns first led to the years when God's punishment cycles for all three of the previous Jewish nations, Israel, Judah and lastly Judea would end. They all turned out to end in the same year, 2041. Then I later discovered that every 2000<sup>th</sup> year hosted a large series of events that had the very same topical theme taking place in them. It also turned out that these 2000<sup>th</sup> year event cycles fit the end time scenario painted in the Bible in a near perfect way. It also turned out that the year 2041 was the 6000<sup>th</sup> year in our event database. Our conclusion was that the end time scenario would likely take place in a 2000<sup>th</sup> year. We later learned from Ken Johnson's reporting on the book of Enoch that Enoch claimed over 5000 years ago that the end times would take place in the 6000<sup>th</sup> year. Will 2041 really be the year? Only God knows!

### **Can we look back and see the plan being enacted all throughout history?**

Absolutely. This book series shows that over and over in various ways with the hundreds of event patterns that we have discovered.

### **Was the plan and its timetable presented in plain language or was it encrypted?**

God's plan was presented in plain language to his original patriarchs and they apparently understood it quite well and wrote the details down to pass on to their descendents. However, over the second 2000 year period after the fall these writings gradually became lost or seriously misunderstood. It seems obvious that the original writings of the patriarchs were available to Moses during his lifetime, in the 120 year period surrounding the Exodus. It is obvious that they were still available to the Essenes in the inter-testament period and up to the time of the writing of the New Testament Books. However, they became lost, for the most part, soon after the destruction of Judea by the Romans in the period surrounding the year AD 70.

### **Are God's original plans being re-discovered and made available today?**

The answer to this is clearly yes. In the last few years Bible scholars have rediscovered the book of Enoch, the sixth of the great pre-flood patriarchs. His writings contain formulas that present clear evidence of the details of God's plan for accomplishing his purposes. One of those formulas leads us to understand that God's plan was for the millennium to begin in the period surrounding the year 6000<sup>th</sup> after the end of the seventh day of creation.

### **Was the timetable revealed ahead of time?**

We have discovered and documented in this book series that God had encoded his plan within the Christian Bible. We discovered that God's plan as revealed within the Bible contains a very detailed outline of events and that the timing of the event dates can be derived. When derived it becomes clear that the events have taken place in an extremely precise mathematical set of patterns. This proves that God's plan has been intelligently planned and has been precisely executed up to this very day. See the writings of Ken Johnson of biblefacts.org for much more on the writings of the original patriarchs.

### **What are the end times?**

The end times are the years encompassing the period of time that starts when Israel becomes a nation once more and continuing until the time when Jesus returns at his Second Coming to defeat the worldly forces for evil, set up his millennial kingdom, rebuild the largely destroyed earth and conduct the end time judgments, etc.

## **Key Events in the Years Immediately Preceding the 7 Year Tribulation**

One of the most ominous things that we learn from 2 Thess 2 about the end times is that the secret power of the lawless one, the evil one, will already be at work in the world before the end times begin. We also learn from that passage that there will be a great falling away from God during that period. That is obviously taking place in a major way in the United States and Europe, certainly fueled by the technology explosion forecast by Daniel 12 and the accompanying social media expansion which takes away from having time for the things of God. We have also seen a well orchestrated effort, largely hidden, by anti-God forces to take control of the education curriculum and the accompanying text books in order to mold the minds of young people to accept the humanistic agenda. These pre-tribulation years are addressed by Jesus in Matt 24. One point that he makes is that there will be great fear over what is approaching in the heavens. He may be referring to an asteroid. This is happening at this very moment in time with the apparent close approach of the asteroid Apophis in the Easter season of 2029. It will approach earth again in 2036. Might this be the asteroid that hits the earth in the end time tribulation period presented in Revelation?

Another possibility for the object approaching in the heavens could be UAP's piloted by Extra Terrestrials. Another interesting thing about the approaching years is

that the secular world is well aware that conservative Christians are expecting the end times to take place in the next 20 or so years. They may have a plan to explain the rapture away with a false agenda. We are being told for the first time that aliens have visited the earth in the past and that we have the corpses of aliens who have crashed on earth in UAP's. Might their thought be that they can explain away the rapture with the idea that Christians were simply abducted by Extra Terrestrials?

The last pre-rapture situation that we will present is the very secretive plan by a large number of influential world leaders to use chaos of various kinds to help bring about a new unified global reset consisting of a one world socialist government. This may have had its roots in the 1960's and it is now hitting warp speed since the early 2000's. Those doing this do not know that they are playing right into God's hands. We see that this is necessary to create the agenda that precedes the start of the 7 year period. It is necessary for God to meet the ultimate purpose of his will that is a central theme of this book series. Finally, in Matt 24, Jesus calls the approaching 7 years the worst disaster in history. Nobody should want to be left behind at the rapture, which we will discuss in detail later.

### **EVENT 1, SCENE 1, IN THE CLOUDS ABOVE EARTH AND IN HEAVEN WHERE THE FIRST OF THE GREAT FAMILY REUNIONS WILL TAKE PLACE:**

It appears from our clues that the end time scenario will last for 13 years. It will start with a **RAPTURE** of all living believers in and followers of Jesus. This will result in the first of our **GREAT FAMILY REUNIONS**. The Father God, Jesus the son, the Holy Spirit and God's whole family will be united in the same place for the very first time. Luke 17 says that events surrounding the rapture will be just like those before the flood and destruction of Sodom and Gomorrah in that it will come without notice for the residents of earth and will occur at the very start of the big occasion. When this rapture takes place Jesus will proceed from heaven to earth and bring with him all of those believers who were already in heaven as spirits. Jesus will first give all of these spirits glorified bodies and then call for all believers on earth to come up and meet him in the clouds where he will then give them the same type of glorified, resurrected bodies. This is all described in 1 Thess 4. The glorified bodies are described in 1 Cor 15 starting in verse 51, and in Phil 3:20-21. These bodies are eternal and can function equally well in spiritual and in physical dimensions. Jesus will take these resurrected saints back to heaven with him for the next 7 years. During this 7 year period described in Dan 9:24-27 things will be quite different in heaven and on earth. First on earth the 7 year period of tribulation will be taking place. In heaven Jesus will be with his bride, the church, for the first time. There will also be a second rapture that takes place during the 7 year period. This will be a rapture that is described in Rev 11 of those killed by the antichrist. It seems that this will take place at the end of the 5<sup>th</sup> Trumpet judgment, about 6 to 12 months after mid-tribulation. Rev 7 says that this will include an uncountable number of souls who had come out of the great tribulation. In heaven this will be a glorious time of ceremony ending in the marriage supper of the Lamb described in Rev 19. At the same time, Jesus will be multi-tasking and directing the seal, trumpet and bowl judgments of Revelation that are taking place on earth. At the end of the 7 years

Jesus will return to earth with his army of angels and with his bride at the Second Coming of Jesus to earth.

### **EVENT 1, SCENE 2, ON EARTH AT THE START OF THE 7 YEAR PERIOD OF TRIBULATION:**

Meanwhile, on earth the 7 year period of tribulation started soon after the rapture of the saints to heaven. There are two horrible events that start the tribulation and they seem to come in quick succession. There seems to be an attack on Israel involving nuclear weapons which is quickly followed by a similar counter attack. There is also an asteroid that hits earth in the same general timeframe. It seems to hit either the Mediterranean Sea or the Indian Ocean with catastrophic results. There is huge damage to sea life and loss of the ships on the body of water. At the same time both events cause huge clouds of poisonous material, including radioactive material, to rise up to the upper atmosphere where they spread over a band of the sky. It will encircle the complete earth in a band that covers one third of the sky, from north to south. This debris gradually falls to earth over the next 7 years with dramatic results in the fresh water, vegetation, etc. These are huge health hazards and the effects are disastrous.

### **EVENT 1, SCENE 3, THE RISE OF THE ANTICHRIST:**

Soon after the nuclear exchange involving Israel, an unlikely leader of a small country comes forward with a peace plan that is quickly enacted. This leader turns out to be the one that we call the antichrist. Rev 17-18 seems to refer to him as being a Nephilim. The Nephilim were referred to in Gen 6 as being on earth just before the flood, and were the likely reason for the flood taking place. It seems that they were aliens of sort, a being that was crafted by evil angels by using the eggs of women and fertilizing them with angelic genes to some way create a hybrid being. They were huge, strong beings that met the purpose of Satan and his following angels but were not in God's plans. The Bible tells us that Satan wants to be a God just like the Creator God, that the Jews call YHWH. The Nephilim were apparently all over the earth at that time so God needed a world-wide flood to destroy them. It turns out that Satan attempted this same trick once more when the Israelites were in their Promised Land, but God crafted another plan and rid the earth of them once more. It does seem that this type of behavior is taking place on earth once more and we have been reading reports of women being abducted, sometimes taken on space ships and having eggs stolen from their bodies. Books about these encounters abounded in the 1980's. I have read several of these books but remained quite skeptical about these supposed aliens and UFO's in general. I was an amateur astronomer and spent large amounts of time since my mid-teens studying the heavens with my telescopes. I have personally seen two exploding boloid meteors, but have never seen anything in the heavens that I could not understand and explain. In spite of that I have personally, as a Bible teacher for well over 30 years, had two different women in the early 2000's tell me that they had had encounters with evil angels. One was raped and the other was abducted, taken on a spacecraft, apparently operated on with eggs taken, etc. So I really do not know what to think about this but it does seem to fit the Biblical narrative. Anyway, this supposed Nephilim antichrist gradually becomes the most

powerful leader on earth and by the middle of the 7 year period he is ready to act as we will see next. Anyway, there is a possibility that there may currently be Nephilim on earth posing as humans, but we cannot recognize them as yet.

## **EVENT 2, THE FIRST OF THE TWIN GLOBAL RESETS; THE ANTICHRIST ASSUMES CONTROL OF THE WHOLE EARTH AND DECLARES HIMSELF TO BE GOD:**

This is the first **GLOBAL RESET** since for the first time there is truly a one world government on earth with one ruler, the antichrist in this case. He had just gone into the recently built temple in Jerusalem and declared himself to be the god of the world and demanded that all people serve and worship him as god. Over the next five months he institutes the **MARK OF THE BEAST**. He does so by using the evil angels who Jesus has just allowed Satan to release from the Abyss. Satan had recently been kicked out of heaven and down to earth in the 3<sup>rd</sup> Trumpet judgment, with his fall described in Rev 12. These are the evil angels who had created the Nephilim in the years before the flood and who God had punished by sending them to the Abyss as recorded in Jude. These angels are sent out to visit every one on earth to enact the mark of the beast. They are given 5 months to do their work. They apparently start with the two witnesses and 144,000 Jews. We know this because they show up in heaven in Rev 14 and have been raptured there. These evil angels must not have gotten very far in visiting the other people in the world because we see in Rev 12 that Satan takes them with him to go to the Jews in hiding in Jordan to kill them. Thus we can see that they had not even gotten to Jordan. On the way God intervenes and returns them to the Abyss. As these evil angels are canvassing the people of earth they are allowed to torture those who are not believers in Jesus to force them to take the mark. They are not allowed to torture those who have become believers in Jesus after the rapture but they are allowed to take them to prison in Israel if they refuse to take the Mark. God warns Christians in Rev 13 to go to prison if they are charged but warns them not to take the mark of the beast at any cost. After their ill fated campaign to go to Jordan to kill the Jews in hiding Satan and the antichrist return to Jerusalem, go to the prison where the Christians, including Christian Jews were being held and kill them by beheading them as reported in Rev 11. Satan's goal was to kill all Jews remaining on earth in an effort to keep God from accomplishing the **PURPOSE OF HIS WILL**, which would result in Satan and his angelic followers being cast into the Lake of Fire. These events are immediately followed by a huge earthquake that institutes the sixth trumpet Judgment, a huge woe judgment that sees tremendous death on earth.

## **EVENT 3, THE SECOND COMING OF JESUS TO EARTH WHICH ENACTS THE SECOND OF THE TWIN GLOBAL RESETS.**

Just before Jesus' return at his Second Coming there is a repeat of the first six of the Trumpet judgments, this time called Bowl judgments, all in quick succession and then followed up with all three 7<sup>th</sup> judgments, the Seal, Trumpet and Bowl judgments. This is the greatest catastrophe to ever hit earth, even including the great flood. The last act in this series of judgments includes Jesus returning to earth with

his army of angels and his bride. This thus ends with the **SECOND OF THE TWIN GLOBAL RESETS**. The 7<sup>th</sup> trumpet judgment recorded in Rev 11 says at this time Jesus becomes **KING OF KINGS AND LORD OF LORDS OVER THE ENTIRE EARTH**. This will then bring in the millennium during which Jesus will reign for 1000 years in a renewed paradise like earth. Soon after the Second Coming there would be two **JUDGMENTS**, the Sheep-Goat judgment of Matt 25 and the Daniel 12 judgment of Jews to determine who would be allowed to enter the millennium

#### **EVENT 4, THE ANOINTING OF THE MILLENNIAL TEMPLE WHICH INCLUDES ANOTHER GREAT FAMILY REUNION.**

This event takes place exactly 2300 days after the Second Coming of Jesus as recorded in Dan 8. The temple had to be built after the Second Coming as part of the refurbishment of the earth, which had been literally destroyed in the 7 year period of tribulation. It is a huge temple, one half mile square with huge kitchens on each of the four corners as described in Ezekiel chapters 40-48. Zechariah 14 says that every nation of earth must send its people to visit Jesus at the temple every year during the Feast of Tabernacles. The first such great meeting will be just 6.2 years or 2300 days after the Second Coming and will result in **ANOTHER GREAT FAMILY REUNION AND IT TAKES PLACE EARLY IN THE MILLENNIUM.** During the 1000 years there will be millions of humans still on earth but there may likely be far more living on earth who are the resurrected saints who are now in their glorified, resurrected bodies. These bodies are like the body that Jesus had after his resurrection according to Phil 3: 20-21. Thus we will still be able to eat, drink, and enjoy all of the amenities of a good life during the millennium. We will also have many hugely upgraded senses and abilities. We will likely be able to communicate with Jesus telepathically, will be able to disappear and suddenly reappear in a distant place, etc. The whole period between the rapture and the anointing of the millennial temple will be 13 years. The dates that we postulated for the key events in the study of Hosea and Daniel are as follows:

- 2038 for the rapture and start of the tribulation
- 2041 for the middle of the tribulation period where the antichrist declares himself to be god
- 2044.98 for the Second Coming
- 2051 for the anointing of the millennial temple

#### **THE FINAL ORDER, ETERNITY IN A NEW, UNIFIED HEAVEN AND EARTH**

The millennium will end with the final judgments of all those who have not accepted Jesus down through the ages. After that we come to the eternal order of Revelation chapters 21-22. Thus we now see what the word UNIFIED means in the purpose of God's will stated in Ephesians chapter 1. In the new order the physical and spiritual dimensions will be merged or unified as one 12 dimensional space. The word "unified" has two fulfillments. One is that we will be unified in marriage to Jesus for eternity and the other is that we will then spend eternity on an entirely new

earth like place in a new heaven of sorts, with the two being unified as one. We will be in all 12 dimensions at the same time. Whew!

**If this whole scenario actually plays out in our generation then the following reflects the situation on earth in the year 2051:**

- Israelites are now forgiven after being punished 2800 years
- Judah's people now forgiven after 2520 years
- Judeans now forgiven after 2000 years
- Jesus is now on earth as King of Kings and Lord of Lords
- Gentiles are now forgiven after 4400 years
- Satan and his cohorts are now in the Abyss with no power and no contact with humans
- All unbelievers are in Hades awaiting their final judgment
- The earth is now a paradise once more
- Jesus is ruling with an iron scepter; no unholy behavior will be permitted
- Resurrected saints of all ages will be on earth in their glorified bodies and will use their rewards from Jesus as they live, serve and enjoy paradise for the next 1000 years
- Humans will still be on earth but all must honor Jesus; they will live much longer lives, with 100 years seen as young
- The Jews will live in a much expanded Promised Land and will be the center of activity on earth
- There will be a grand reunion of people from all countries each year during the Feast of Tabernacles
- This celebration will take place in a huge new Temple a few miles north of Jerusalem and will be about ½ mile square with 4 huge kitchens, with one on each corner of the facility

**WHAT ABOUT THE JEWS? WHAT IS LIKELY THE MOST SIGNIFICANT ASPECT OF THE GREAT TRIBULATION PERIOD FOR THEM?**

- Jesus is the life, including symbolically as the "TREE OF LIFE."
- The book of Romans says they were broken off from the tree when they rejected Jesus.
- Christians were grafted in as they accepted Jesus.
- The book of Romans says the Jews were the natural branches and they can easily be grafted back in.
- This grafting currently happens one at a time as the Jews accept Jesus.
- They will be grafted back in mass in the 7 year tribulation period.
- That is the real purpose for the 7 year tribulation period.
- We will then all be "ONE" big happy family and a great family reunion will happen shortly after the Jews are grafted back into the Tree of Life.
- Jews were blinded, in part, as punishment for idol worship in the Old Testament, so a new people group could be grafted in. The blinding will be

removed in about 2041 when the end of their punishment period has been reached.

Israel and the Jewish people have certainly been one of the major focuses of this four book series. It is obvious that they have also been a focus of God himself ever since he made them his chosen people in the latter part of the first 2000 year period of humans on earth. In our first two books in this series we had chapters late in the books that dealt with “the antidote for anti-Semitism.” It certainly appears that the Jews will once more be “the apple of God’s eye” in the whole of the 1000 year millennial period.

### **ARE THERE OTHER POSSIBLE FITS FOR THE 13 YEAR END TIME SCENARIO IN OUR GENERATION?**

One of the major purposes of this four book series has been to demonstrate that the current generation could be a good fit for the 13 year end time scenario. We are homing in on our generation because Israel became a nation once more in 1948 and Jesus seemed to be saying in Matt 24 that the generation which saw this happen would live to see the end time scenario fulfilled. This scenario was laid out in detail in Daniel chapters 8, 9 and 12 and repeated in other chapters in Daniel as well. He told us over and over in various ways that the scenario would last for 13 years. He concentrated on four specific events and clearly told us the specific time gaps between the events. These are the events that we placed in our 13 year scenario. What we did in this chapter was to simply look for four dates in our event-patterns database in our generation that fit this specific scenario. However after doing this we felt that we should look for other possible fits that we could find that might also fit the scenario. We found a couple of others that were not quite as obvious but could also possibly be God’s chosen pattern. In this book we will consider our original 13 year end time scenario to be “our” chosen scenario but we certainly do not know which, if any, of the scenarios that might take place in our generation might be “God’s” chosen scenario.

Are there any contraindications to “our” postulated 13 year end time scenario being the proper end time scenario? Might the “long time” parables that we presented in our previous book, *Cracking the Twin Global Reset Code*, point to the second coming of Jesus rather than the rapture? If so, the whole scenario would then move back seven years. And thus begin in the 2030-31 timeframe. The rapture is a “free agent,” so to speak. In fact, the rapture could move even further back in time. It seems that it will occur either very near the start of the seven year tribulation period or at some time before that start, perhaps even a few years before the start of the tribulation period. That would mean that we could already be in the window in which this event could take place.

The whole scenario moving back seven years would lead us to the following new end time scenario:

- 2030-31 - the rapture
- 2034 - mid-tribulation

2037-38 - Second Coming of Jesus; judgments would take place  
2038-45 - seven year period (from Ezek 39) during which Jewish people would use supplies left from the totally destroyed armies which attacked them to sustain themselves while they rebuilt their infrastructure  
2041 - end of all Jewish punishment patterns; construction of new millennial temple would begin  
2044 - end of 2300 day period; Jesus would anoint the newly completed millennial temple  
2051 - first Jubilee year celebration in Israel's vastly enlarged country; at this time people from all over the world would visit Jesus in Israel for the first great family reunion during the 23 days of the Feast of Tabernacles

During the whole seven year tribulation period and in the judgments immediately following it all unbelieving people on the whole earth will be removed from the earth. The whole earth will be very desolate. The cities will be abandoned with the streets and buildings being completely empty except for a few Christians who had survived. One might ask; what prophecy will this fulfill? Revelation says that during the 1000 years of the millennium all of Jesus' followers of all ages will be on earth with him. Guess what they will inhabit and what they will be doing? Rev 20 says that Jesus' followers will not be just on earth with Jesus but they will also be reigning with him. They (we) will be very busy rebuilding the infrastructure, teaching the new believers (see Rev 14) about Jesus and his requirements for them, setting up the new governmental structure in each of the countries and otherwise doing just what Jesus had assigned to us. We will have supernatural strength, senses, skills and communication abilities in our new resurrected bodies. Wow! I suspect that things will be ready all over the earth to allow the people from all nations to be able to attend the great family reunion during the first Tabernacles celebration in the new millennial temple.

This is all a bit speculative on my part but it could fit into a possible end time scenario in my opinion. The one thing it certainly does is make it possible for the rapture to take place at any time between now and the time of the seven year period of tribulation if they do take place in our current generation!

In our second book in this four book series we were investigating event-patterns with very long time gaps between key events, those from 200 to 6000 years in God's mathematics database. To our great surprise we found that every one of these event-patterns converged in the year 2041. What in the world could that be saying about the year 2041? We were not certain, but by the time we finished the fourth book we very strongly suspected that it was telling us that this year had a very good possibility of being involved in God's end time scenario. Our next question to ourselves was this; If it is a part of God's end time scenario then which one of the 6 or so key events in that 13 year scenario would likely take place in that year? Those six key events were as follows:

1. The rapture of the saints to heaven; this event is a free agent in that it will happen at or before the start of the 7 year tribulation period, but nobody knows its exact timing.

2. The massive attack on Israel by several nations that begins the 7 year period.
3. The middle of the period, 3 ½ years later, when the antichrist commits the abomination of desolation.
4. Armageddon, the battle which ends the 7 year period and hosts the Second Coming of Jesus to earth.
5. The time of the three judgments which take place over the next 75 days.
6. The anointing of the millennial Temple which takes place 2300 days after the end of the judgments.

Since God's mathematical event-patterns seemed to be pointing to the year 2041 as being a very key year in his 13 year end time scenario we were faced with trying to determine which of the six key events would best fit the year 2041 as well as the other two dates surrounding 2041 which were also being pointed to as key events. The other key dates were 2038 and 2051. We had found several clues that 2041 could host the time when the antichrist committed the abomination of desolation pointed to by Daniel 9:24-27. Thus that became our initial and principal end time scenario.

However, there were two situations taking place that led me to reconsider the timing of my principal end time scenario. The first was the fact that so many of the Biblical prophetic clues pointing to the end times seemed to be rapidly taking place in world events. The second was the fact that every one of the dozen or so well known Bible prophecy scholars that we follow regularly all seemed to be saying that they believed that we were already in the birth pangs of the end times. All of this led me to ponder whether or not my speculated scenario might be too far in the future. Thus I looked for a second possible scenario which could happen sooner but would still contain our three key dates. I could only find one other possible scenario which fit these constraints and it moved the time of the Second Coming of Jesus back seven years to the year 2038. Both of these scenarios were presented in our discussion of the end time scenario above. But of course neither one may be correct; only God really knows.

So what then would take place in the year 2041 in this second scenario? We must admit that we do not know. There are just too many possibilities from which to choose. The whole scenario that we have been describing in this chapter is presented in vastly more detail on our website, [www.proofthruprophecy.com](http://www.proofthruprophecy.com) under the Revelation header.

## Chapter 10

# 9/11 Revisited and It's Tie to Our Key Question; Why 2041?

### A Summary of the Reasons for Concluding That 2041 Could be an Incredibly Important Date

We have recently completed writing a four book series called *the ET 2041 Series of Books* and we are in the publication process for the fourth book in that series. As we were in that publication process we wrote this current book to add to the series. Since this is the last chapter in that book and in fact the last chapter in the whole series we felt that we should begin that last chapter with a review of why we wrote this book series and a list of a few of the key discoveries that we made as we studied and wrote the five books. Our initial reason for writing those books goes back to two books written by Jonathan Cahn, *The Mystery of the Shemitah* and *The Harbinger*. In those books I got the impression that the Jewish Rabbis are not certain about the particular years on which the Jubilee year is to be celebrated. That led me to do my own search in the Bible for some possible dateable year that had the characteristics of a Jubilee year celebration. I simply documented my search for clues concerning the date of the original Jubilee year and then the length of each Jubilee year event cycle that was to follow that year. We believe that we found very good evidence for both the initial year and the timing of the event cycle that God directed the Jewish people to use for all of their days. That success soon led to finding a second event cycle, one with a different theme, that God appeared to be using, a cycle that dealt with the periods of punishments that God used to punish his people for not keeping his original guidelines for living that he gave them through Moses. We called that cycle of event-patterns the Tribulation Code and we thus called the book that led to these two discoveries *The Search for the Tribulation Code*.

It turned out that both of these event cycles or patterns had very similar characteristics. The key events in both event cycles were equally spaced in that one occurred in cycles of 50 years and the other in cycles of 66.666 years. It also turned out that the events in each cycle had the same theme being repeated over and over within them. One theme was judgments by God and the other the start of punishment periods that lasted for some multiple of 66.666 years and involved some kind of tribulation. Thus we called these patterns *equally spaced similarly themed event-patterns*. We found that every time God judged his people or began punishment periods for his people they occurred in these types of event cycles or patterns.

Our success in finding these two patterns quickly led to finding very similar patterns with other unique themes tied to them. We eventually found dozens upon dozens of these patterns. The number of like patterns became so huge and their

consequences so impactful that this eventually led to a full five book series totaling nearly 1000 pages.

When we say that the consequences were so impactful we primarily mean the following. A huge number of the event-patterns were all leading to the same place in the future. That place was our generation with the key year being 2041. The *ET* in the name of our book series stands for both *end times* and *extra terrestrials*. Our concentration in these books was on the *end times* rather than the *extra terrestrials* since there are already so many books written by well known Bible prophecy experts on extra terrestrials involvement in the end times available on the market. Two of these authors are *Tim Chaffey and Ryan Pitterson*. We were already studying and teaching our findings on the Biblical extra terrestrials in about the year 2002. Our material is included on my website for those who might be interested, [www.proofthruprophecy.com](http://www.proofthruprophecy.com) .

In contrast, this last section of this book will deal with the major conclusion of our five book series. That conclusion is that the vast majority of the event-patterns that we discovered seem to indicate that the year 2041 has a high probability of being a very significant year for the people of this world. We show that our generation, in particular the 13 years surrounding the year 2041, fit the end time scenario presented in the Christian Bible extremely well. There are five particularly important events in this end time scenario and we cannot be certain which one best fits the year 2041, although we do speculate on this quite a bit. The event-patterns that we found also show that a large parallel set of events takes place every 2000 years, so of course it is possible that the end time scenario is still 2000, 4000, etc. years in the future.

What we are doing here is simply concentrating on the huge number of event-patterns that are converging in the year 2041.

I first became aware that sometime around the year 2041 could be a significant year in the end time scenario when I read a book written by Grant Jeffrey in the late 1990's, *Armageddon, Earth's Last Days*. What Grant showed was that there were several event-patterns that took place in the years of the Babylonian conquest and exile of the nation of Judah in the years from about 612 BC to 443 BC that involved punishment sentences for the Jews that are converging in our generation. These punishment periods were based upon prophecies in Jeremiah and Ezekiel. These patterns were very convincing and concluded in the year AD 2040, one year before the patterns that I discovered ended. In Grant's findings 2040 would be the year when the Jewish people would finally be forgiven, their punishment sentence would end after 7 times 360 or 2520 years lasting 360 days each.

### **Asking an Extremely Difficult Question in Retrospect**

Why will there be different end time judgments for Jews and Christians? Could it have something to do with *blind spots*? Will God be giving special allowances for the Jews? Might this be because he has placed *blind spots* in their subconscious minds that makes it very difficult for them to see the truth about Jesus, about his real identity? Romans 10-11 says that he did this and that it will continue until "the full number of Gentiles have come into his kingdom."

In answering this and other very difficult questions we must keep one thought in mind; apparently God's principal reason for creating the whole of the physical universe was just this, to provide a *bride* for his Son, Jesus, with that bride needing to prove under very difficult and trying conditions that they love Jesus above everything else. They will continue *in* him no matter the circumstances. In light of this will God still make special allowances for the Jews since he apparently placed a built in *bias* against Jesus within them?

Another key insight that must also be considered in thinking about these *blind spots* is that 2 Cor 4:4 says that God also may allow Satan to place blind spots into certain individuals. With that in mind might all of these blind spots be tools used by both forces for good and forces for evil that will result in God being able to meet the ultimate purpose for his will, "to bring everything both in heaven and on earth into unity under Jesus when time reaches its fulfillment" (Eph 1:8-10)?

Might this be a key to the way that God has made hundreds of his prophecies about the future come about in spite of the *free will* that he gave humans? We have just finished writing a four book series that demonstrates that there are hundreds of events throughout history that have a clear design built into the spacings between them. This all seems impossible but it has happened and happened in such a way that God has kept it basically hidden until this very generation. Might that say something about what will take place in this generation? We believe that this whole discussion helps explain why God will have separate judgments for Jews and Gentiles.

## Finally, Why 2041?

As we look back over what is now a five book series we realize that we have presented several incredible conclusions. Possibly the very most important of those conclusions is that the God of the Christian Bible is in charge. He had a plan at the very beginning of his creation and he is apparently bringing that plan to a conclusion in our generation, with 2041 being a very important date in his end time scenario. Another very important realization in light of the complete set of event-patterns that we have discovered is that God has been and is still proving that he is the one and only God of this universe. Notice that I said "proving." In fact God said over and over in Isaiah chapters 41 to 46 that he would do just that. He said that he would announce to his prophets of old just what he would do and when he would do it. He said that he would prove to anyone who was paying attention that he was their God by telling them in advance what would take place in the future and then bring it about exactly as he said he would.

Well, that past is now the future and we are living in that future. We are witnessing that the events that he proclaimed would take place in the end times are now taking place, and in exactly the way and at the time that he prophesied. What can we conclude from this with absolute certainty? It is just this:

*We have absolute proof that the God of the Christian Bible is the one and only God, the Creator God, and that Jesus is a part of the Trinitarian Godhead!!*

The fact that the year 2041 appears to be the target date for a vast majority of his prophecies, some of which started nearly 6,000 years ago, is the key answer to the question “Why 2041?”

Another very valid reason for God choosing this date would likely be because 2041 is the 6000<sup>th</sup> year after the end of the 7<sup>th</sup> day of creation. The number 6000 is unique in God’s mathematics because it is the number in which the very largest number of his two, three and four digit event spacing patterns up to the number 6000 could possibly converge. We have certainly demonstrated that over and over in this book series.

It is also very interesting that about six months ago we became aware that several books that were written by the pre-flood patriarchs, including Enoch, are now available for purchase. The very existence of these documents became known when fragments of them were discovered among the Dead Sea Scrolls. The book of Enoch is now available in English. We purchased the English translation of this book prepared by Ken Johnson of BibleFacts.org. We learned from that book and from Ken Johnson’s utube broadcasts that Enoch had apparently been given many prophecies including end time prophecies by God. One of those prophecies was the fact that the Messiah would come to earth. It accurately gave the year in which he would be killed. Enoch also prophesied that the end times would take place in the 6000<sup>th</sup> year of man on earth. That is apparent confirmation of our discoveries that we were not expecting. That also confirms the answer to our question, Why 2041?

In this book series we have seen pattern after pattern converging in the year 2041, the apparent 6000<sup>th</sup> year and also in each of the 2000<sup>th</sup> years which preceded it. This had to be God ordained. In fact God said repeatedly in the Bible that he had appointed the specific times of many of the events involving specific people or people groups. A couple of examples of this taking place are presented in Acts 17:26 and Habakkuk 2:3.

## **Revisiting 9/11 and its Tie to the Year 2041**

### **Asking a Series of Questions**

We will next ask a series of questions. We must admit that we cannot be certain about the answer to many of the questions, but they are very important questions to ask.

1. Did 9/11 of 3 BC occur during a Jewish feast celebration? Would it have been Tabernacles? John did say in his book that Jesus came to earth and “tabernacled” among men.
2. Did God purposely pick this date? It was 70(69) years before the start of the seven year Roman/Jewish war. Jerusalem and the Temple were destroyed near the middle of that seven year war in AD 70. That very year started a 50x40=2000 year period of Israel being exiled from God for rejecting Jesus as their Messiah. Will that exile end in 2041? Matthew 23:39 says that that exile will end during a Jewish celebration of Tabernacles when they utter the phrase “Blessed is he who comes in the name of the Lord,” a phrase that is a part of each Tabernacles celebration (see Psalm 118). Does this all tie 9/11 to 2041?

3. Did the perpetrators of AD 9/11 in 2001 pick this date on purpose? Were they aware of the original 9/11 event, the date of Jesus' conception? If not, were they subconsciously inspired by spiritual forces to pick this day. Eph 6 says that spiritual forces play a key role in many human situations.
4. Are there *hidden* reasons for 2001, the year of 9/11, being a special year to God and to his people? The 9/11 event in our generation took place in 2001. The end of that year marked the end of the 69<sup>th</sup> Jubilee and start of the 70<sup>th</sup> Jubilee periods since the Jews' first Jubilee year, 1399/1400 BC. The 70<sup>th</sup> Jubilee was the 120<sup>th</sup> Jubilee since the end of the 7<sup>th</sup> day of creation in 3873 BC according to the event-pattern database that we discovered.
5. Could 9/11 be tied to the end times? 9/11 took place in AD 2001.
  - a. 2001 is tied to both 2041 and 2051 by our event-pattern strings. It is one exile period before 2041 and one Jubilee period before 2051.
  - b. 2041 is the 6000<sup>th</sup> year after the end of the 7<sup>th</sup> day of creation in the Gentile pattern while 2051 is the 6000<sup>th</sup> year in the Witness event-pattern.
  - c. The original patriarch, Enoch, said that the 6000<sup>th</sup> year would be the time of the Second Coming of the Messiah.
  - d. 40 years before a 2000<sup>th</sup> year in our parallel patterns implies a time of great death. This was the death of Shem 40 years before the 2000<sup>th</sup> year, the death of Jesus 40 years before the 4000<sup>th</sup> year and the death of over 3000 in the 9/11 catastrophe before the 6000<sup>th</sup> year.
  - e. Another pair of events involving exile took place both on and then 70 years after the 2000<sup>th</sup> and 4000<sup>th</sup> years for the Jewish people. Might both the 6000<sup>th</sup> and the 70<sup>th</sup> year after the 6000<sup>th</sup> year produce another pair of parallel exile events? That would be in 2041 and then in about the year 2110. I would interpret this in the following way. In 2041 it would involve a short 3 ½ year exile for Jews in mid-tribulation and also a great release from exile for all of the Jews who had suddenly become believers in Jesus. Another one during the tribulation period would involve a judgment followed by a possible exile for those who became instant believers in Jesus as a result of the Rev 14 visit by an angel to all of those still living just before Jesus' Second Coming. It would be my expectation that Jesus might give the instant believers 70 years to prove that they were serious about their sudden conversion into believers. There could be another sheep/goat judgment for these instant believers. Those who failed would then be exiled to Hades awaiting their final judgments.
  - f. The seven year Roman/Jewish war began 70 years after the conception of Jesus in 9/11 of 3 BC. Might the next great war involving the Jewish people, the end time war, also start 70 years after a 9/11 event? If so that takes us to the year AD 2070. Is that telling? Are we 30 years off in our end time scenario?
  - g. The 70<sup>th</sup> Jubilee ends in 2051. Would that mean the end of periods of testing and judgment for God's people? If so that could mean that our original scenario might be spot on.

As one can see we still have many questions. Some of them lead to slightly different answers for our key question, Why 2041? Our final question will then be this; do the questions themselves provide answers?

However, none of these questions invalidate the findings of the incredible event-patterns presented in this ET 2041 book series. They are far too extensive, exhaustive, complimentary, prophecy fulfilling and accurate to not be valid. However, there will always be questions when we try to extend the patterns into the future. We might know the themes of coming events but we do not nor can we be certain about the details of those coming events. Only God knows.

It may also be that God simply wants to keep us guessing about the time of Jesus' return. The Bible says that nobody will know the day or the hour of Jesus' return. It also says that we should be able to tell the season of his return. God further says that some who see the return of Israel as a nation (1948) will still be alive when Jesus returns, Matt 24. That may be the key reason why every Bible prophecy expert that I know or know of is openly saying that they believe that we are now living in the end times, with the soon return of Jesus.

### **Are You Ready for This? The Final Answer to Our Quiz; Why 2041?**

The answer is just this; it is all about sin! God created the physical universe for one key purpose, to prepare a "Bride" for his son, Jesus. There is one key blockade that stands in the way of him doing this. That blockade is "Sin." The world is completely full of sin, of those things that are deplorable to God and what he stands for. Absolutely no human is immune to this disease as we see in Matt 5-7 in the Sermon on the Mount. So then, just what is the problem? The problem is that the candidates for becoming the bride of Jesus are all attracted to several of the items that are deplored by God and to become a part of the bride we must be "perfect." We must be sinless in God's eyes. So we see that this presents a huge problem that seems to be beyond solution to humans.

However, God's plan for mankind had a built in solution for the problem. That solution had many facets to it that we have been describing in the ET 2041 book series, but there are two key events that would be the antidote for sin for mankind for all who would take the antidote.

The most critical event, the one that would provide the antidote for sin was this. Jesus would come to earth as a man, live the sinless life that humans are incapable of living, then allow himself to be sacrificed as the "perfect Lamb", the perfect offering for the sins of all mankind, past, present and future. Then three days after his death Jesus would be resurrected back to life, but with a different kind of body, a glorified body incapable of sinning. But, how was that an antidote for sin for humans?

God's plan was that any and all humans that would accept Jesus' sacrifice as payment for their sins and then live the rest of their lives with a love for Jesus, for what he taught and make a truthful effort to follow his teachings would have their sins totally forgiven. God would then see them as "perfect" in his eyes and acceptable to be a part of the eternal bride for Christ (Heb 10:14). Then at a future time all of those who had been followers of Jesus would be given the second antidote,

glorified bodies incapable of sinning and caught up into the heavens to meet Jesus, who had come to earth to collect his “bride.”

All of the event-patterns that we have been describing in the ET 2041 book series are a part of God’s execution of his plan to create the perfect bride for Jesus. We have simply been attempting to discover the details of how God has been enacting his plan over the last 6000 years by controlling the themes and outcome of events that would lead to his success. Our conclusion is that our generation would be a good fit for the time when he would bring his plan to a conclusion and the event-patterns that we have discovered seem to be pointing primarily to two key years, 2041 and 2051. God seems to have been using two separate sets of event-pattern strings separated by 10 years over the last 6000 years. One is tied to the people group that we call Gentiles and the other to those he refers to as his witnesses, or his people. These two years are the 6000<sup>th</sup> years in those two pattern strings.

Our next question might be, why would God choose the year 6000 to bring his plan for creating a bride for Jesus to a conclusion?

Why 6000 years? Why 2041? It is just this. It is tied at the hip to God’s mathematics and the way he has apparently been using it. In the scenario that we are presenting there are two overarching short time periods. Those periods are:

AD 30-32, the 30<sup>th</sup> Jubilee year and the apparent timeframe of Jesus’ crucifixion.

2041 and the 13 year period surrounding it from 2038 to 2051.

These are very special time periods in God’s mathematics and his event-pattern strings. Both are closely associated with the number 60, the number for sinful man. We will explain why and how.

First, AD 30-32. God’s Jubilee year cycle for his people, the Jews, began in 1399.4 BC. From that year to AD 30-32 was as follows:

5x5x60 years

That means that it would be the number for Judgment squared times the number for sinful man or 1500 years from the beginning of the Jewish nation when they first entered into their Promised Land in 1399 BC until the time when Jesus would die for their sins. That means that there would be an end for sin, from separation from God for those who would accept it. Wow!

Second, AD 2041. That year is the speculated time for the middle of the seven year tribulation period of the end time scenario. From our calculations the year for the end of the end of the 7<sup>th</sup> day of creation occurred in 3873 BC. From that year until the speculated mid-point of the seven year end time tribulation period would be as follows:

10x10x60 or 4x5x5x60 years

That means that it would be God’s multiplier for enhanced effects squared times God’s number for sinful man or 6000 years for the timeframe between the beginning until the end for sinful man on earth.

We see that both formulas contain the numbers for sinful man and God's judgment for sinful man. This same formula also works for the Jewish people and the Jubilee year that ends in 2051 if we use the Witness event-pattern string and begin in 3863 BC.

As we see the big problem is sin and needing to receive forgiveness for that sin. In our end time scenario that we presented earlier the event taking place involves the timeframe when a huge number of Jewish people finally accept Jesus as their Messiah and thus receive forgiveness for their sins. However they are soon thereafter executed by the antichrist, then suddenly resurrected and raptured to heaven to be a part of the bride of Jesus.

In God's apparent plan we see that the rejection of Jesus by the Jewish people in large part led to the Gentile people becoming the principal believers in and followers of Jesus. Thus we see both Jews and Gentiles being key parts of both of the key date time periods, 30-32 and AD 2038-2051. Finally, and once more 2041 is by far the centerpiece of the convergences of God's event-pattern strings for bringing about the purpose of his will, to bring everything both in heaven and on earth into unity under Jesus, when time reaches its fulfillment, Eph 1:8-10.

We will next present a few examples of why the timeframe surrounding the year 2041 is so key in God bringing about the ultimate purpose of his will.

The first of these examples is simply because 2041 is in the 70<sup>th</sup> Jubilee year. We will explain the reason why below:

- God always uses a 360 day calendar in his dealings with his people on earth while his people always use a 365.24 day/year calendar. That means that when God gives humans directions on when and how to celebrate feast days, etc. humans will interpret those directions as though they applied to a 365 day calendar. God apparently did this to keep humans from being able to easily see his plan for them, that it was well organized and predictable. Apparently he did not want them to easily see the future.
- In the case of the Jubilee year celebrations that means that the years celebrated in heaven and on earth will gradually drift apart. However in every 70<sup>th</sup> celebration of those 50 year periods the years will come together. They will only be about 1.5 days apart. This cycle will continue meaning that in every 70<sup>th</sup> Jubilee celebration thereafter God and man will celebrate the Jubilees together.
- Thus in the 70<sup>th</sup> Jubilee in our generation God and man will again be celebrating Tabernacles at about the same time. This would be the 50<sup>th</sup> such occurrence since they take place every 70 years and there are 50 periods of 70 years from 1399 BC until AD 2051. However, God's people, the Jews do not recognize this because they quit celebrating Jubilees at least 120 years before the birth of Jesus. It appears that they no longer know the correct Jubilee year cycle.
- A Jubilee cycle was ordained for the Israelites shortly after the Exodus event. God's apparent aim was to show his people how to protect their environment. In fact that was a part of one of the 3 commands on the King's Scroll that we presented earlier. God set a cycle for their planting and harvesting of their crops. It involved giving the land a year of rest every 7<sup>th</sup> year. They were to

do this for 7 straight cycles totaling 49 years and then in the 50<sup>th</sup> year they were to give the land a second year of rest in a row. That is a 50 year Jubilee cycle.

- Thus Jubilees are all about planting and harvesting. We are now in the midst of the 70<sup>th</sup> such cycle; this time the 70<sup>th</sup> 50 year cycle. However we can also interpret this in terms of God's end time scenario in this way. It would be the 50<sup>th</sup> occurrence of a 70<sup>th</sup> Jubilee, the Jubilees in which God and mankind would be celebrating Jubilees together. So what is the significance of that? It would be a Jubilee of Jubilee cycles during which man and God were cooperating, planting and harvesting together.
- So what kind of planting and harvesting business is God involved in? It is planting his Word in human hearts and then harvesting *saved* souls. Might this Jubilee of Jubilees be a period in which Man cooperates with God to produce the *soul harvest of all soul harvests*? God's end time scenario is the only time that we are aware of in God's plan for mankind in which there are multiple soul harvests in a short time period. And 2041 is right in the midst of that period. Amen! This discussion gives us the perfect ending for the ET scenario series. We have been saying over and over in this book series that God's reason for creation was to prepare the perfect bride for Jesus as a gift. Eph 1:8-10 says that time will reach fulfillment when the bride is ready for harvesting. Will that be in the 70<sup>th</sup> Jubilee period? In 2041??

We will next present several of the incredible discoveries that have led us to the conclusion that our generation and the year 2041 are good fits for our postulated 13 year end time scenario. Again we will remind the reader that although it is a very good fit that does not ensure that it is God's ultimate fit. Only he knows. As we do this we again remind the reader that the time gaps that we are using are based upon a 360 day per year calendar, i.e. 200 years is really 197.13 years.

We will concentrate on 2041 but we also want to bring *our generation* and *the 13 year end time scenario* into the discussion. The way in which we use the word generation is as a lifetime, a period of about 100 years or less. The year 1948 is considered the start of our generation in Biblical terms since Israel became a nation once more in that year and that is the critical year for allowing the end time scenario to take place according to Matt 24. The critical dates in the 13 year end time scenario that we have postulated are the years 2038, 2041, 2045 and 2051. We will present key information about each of those years below starting with 1948 and ending with 2041.

1948 is the year when Israel became a nation for the first time in over 1800 years. The seeds for that nation were first planted in 1902 BC with the birth of Joseph. The whole 4000 year life of the Jewish people starting in that year can be summed up in three words, judgment, exile and tribulation. That 4000 years would start with a 70 year period of judgment followed by 400 years of exile in slavery in Egypt, followed by 70 periods of 50<sup>th</sup> year Jubilee judgments leading to the start of the 70<sup>th</sup> Jubilee period at the end of AD 2001 in our generation. That generation is the home of our end time scenario.

1948 is closely tied to tribulation in a very impressive way. That is through an incredible event-pattern that involves all of God's people, not just the Jews. That is because it begins at the very end of the great flood in 2333.345 BC. From that very time until the year AD 1948.37 it is exactly 66.666666 multiplied by 65.7102 years. That is the time period from the end of the great flood until 1948.37. Folks, that represents tribulation in 360 day years multiplied by tribulation in calendar years. Incredibly that seems to be saying that the lives of all of God's people all the way from the great flood to the generation of the end time scenario would be lived in times of great tribulation on earth. As we look back in history we can see the truth of that. It seems that God wants those who will one day be a part of the bride of Jesus to demonstrate that they will continue to believe in and follow him in spite of all of the tribulation that will come in their lives. The Jewish people have seemed to have had to endure this much more extensively and for a much longer time than other people groups in history.

We will next explore this last statement regarding the Jewish people a bit further using insights we received early in the morning of 16 July, 2024, the day when my wife and I were to complete the final review of the last five pages of this book. We will presume that it was from the Holy Spirit.

This insight concerned the way in which God uses tribulation to bring about the purpose of his will. This insight was that God would remove his *hedge of protection* from his people during these periods of tribulation. That would leave Satan and his evil forces with a window of opportunity during which they could do their dirty deeds. So what have been Satan's highest priority deeds to accomplish over the many years of his ongoing battle with God's people on earth? History shows that it is this; apparently Satan feels that if he can kill every Jewish person on earth God will not be able to accomplish his ultimate purpose. He knows that if God is able to fulfill his purpose that he and his forces face an eternity in a lake of fire. Thus he and his forces must have a huge compulsion to kill every single Jewish person. That is apparently the reason for why there are currently about 30 Arabs on earth for every one Jew, even though they both had a similar beginning over 4000 years ago.

We presented the incredible event pattern that showed that it was exactly a tribulation of tribulations from the end of the flood to the year 1948 just above. What we did not say was that this is really a twin pattern with one pattern starting at the end of the flood, a witness pattern, and the other starting 10 years earlier, a Gentile event pattern. That pattern would hit the year 1939, the year that began the horrendous Holocaust of the Jewish people. That was certainly a tribulation of tribulations for the Jewish people. However, God intervened and that horrible period was an enabler for the Jewish people finally being able to become a nation once more, at the very end of this horrendous 10 year twin tribulation of tribulations pattern. Incredible!

We can see this tribulation scenario involving the Jewish people being repeated over and over during the last 4000 years. It appears that when God needs to punish his people all he needs to do may be to lower his hedge of protection, Job 1:10-12, for those that he is punishing and then Satan will begin another effort to destroy all of God's people. As we have seen over and over in this book series God generally begins his punishment 40 years after a Jubilee year and in a Gentile 50<sup>th</sup> year period. That is

when Satan and his followers will begin doing their dirty deeds, once more trying to bring about the destruction of the Jewish people and nation.

1948 will also be 100 years before the postulated time of the end time judgments following the Second Coming of Jesus at the very end of 2045.

2038 is the postulated time of the start of the seven year period of great tribulation and also a year being pointed to by one of our event-patterns as the year for the rapture of the church to heaven by Jesus. We discovered this and covered it extensively in our book, *Cracking the Twin Global Reset Code*, so we will only present it briefly here. We used two parables that discuss the comings of Jesus to earth, one in Matthew and the other in Luke. They give us a means to calculate the time frame from the fall of man to Jesus' first visit to earth, 2006 earth years. We simply added that 2006 years to AD 32 to calculate a time span until his next coming. That took us to the year 2038. That is one reason for starting the 13 year end time scenario with that date.

2044/2045 is the date that resulted from assuming that the whole tribulation scenario would last exactly 7 years as presented by Daniel in his book several times. It actually calculated to 2044.98.

2051 is the postulated time of the end of the 13 year end time scenario. That date, 2051.39 is 1300 days from the time of the Second Coming and matches the prophecy of Daniel 8 that there would be an anointing of a new temple in Israel that would take place at that time. It is amazing just how easily and how well all of these dates came together and matched various Bible prophecies.

2051 is also a twin to 2041 in several ways. There are twin 6000 and 7000 year patterns that started at the end of the 7<sup>th</sup> day of creation. They were separated by exactly 10 years and one applied to the Gentile people group and the other to the people group which closely followed God and his teachings all down through history. Thus every pattern that we will show that converges is 2041 has a twin that converges in 2051. God's forgiveness patterns are a good example of this. That could mean that the time of Jesus' anointing the millennial temple in 2051 might also include a ceremonial washing away of all sins for his people at the time of that anointing.

2041 is exactly the 200<sup>th</sup> year as well as the 4x50<sup>th</sup> judgment year, the 5x40<sup>th</sup> exile year and the 3x66.666<sup>th</sup> tribulation year since the year AD 1844. That year was the year of the Ottoman Turkish empire edict of toleration for the Jews.

2041 is exactly 100 years after AD 1943, the year of the "final solution" to the "Jewish problem," a solution that called for complete extermination of all Jewish people from the world.

2041 is far and away the date in which the event-patterns with the very largest time gaps and the most important event themes seem to converge. We will simply provide a list of several of these event-patterns without discussion since they were covered extensively in Chapter 8.

These event-pattern strings are those with spacings of 200, 300, 400, 500, 600, 666.66, 700, 800, 900, 1000, 2000, 3000, 4000, 5000, 6000 years along with several others. Those which would be the very most interesting to our topic, the end time scenario, would be the following:

The 300/3000 year pattern which would involve some powerful new leader and the Temple in Jerusalem. That new leader would be the antichrist and the Temple would be a newly constructed Temple in Jerusalem which the antichrist would enter and commit an abomination of desolation at the mid-point of the 7 year period.

The 400 year exile pattern since the end times are said to host several exile events.

The 500/5000 year patterns since the end time scenario is said to host several massive end time judgments.

The 600/6000 year patterns since the end time scenario judgments would involve everyone on earth who is guilty of unforgiven sin. They would be sent to a holding place for the next 1000 years while awaiting their final judgments.

The 666.66 year pattern of tribulation since Jesus says in Matt 24 that the 7 year end time scenario will host the very worst tribulation and destruction period in history, which would include the great flood.

For any questions the reader can go to my previous books in the ET scenario series or to my website [www.proofthruprophecy.com](http://www.proofthruprophecy.com) where we have an extensive presentation on Revelation and the end times. It also contains excerpts from my first three books in the ET series.

## **Coming Signs in the Heavens That Could Point to the Next Coming of Jesus**

### **If There are Future Signs in the Heavens That Could Point to the Next Coming of Jesus to Earth What Might They Be?**

The cover of this book and in fact the whole first section of this book dealt with a marvelous sign in the heavens that was pointing to the very conception of Jesus. This sign involved the constellations in the Zodiac representing Mary, the mother of Jesus, her baby son and also the nova called the Day Star, sun and the moon with everything in alignment and encircled by the great dragon, Satan, who was waiting to devour the son when he was born. This chapter will deal with the possibility that there might also be an incredible sign that could be pointing to the next coming of Jesus to earth that mainly involves the Jewish people. We did discover a possible sign that will appear in 2040 that could be that sign. Before presenting that sign we first need to provide some background to make it much easier to see the sign in the proper context.

The fact that God used signs in the Jewish Mazzaroth as a prophetic witness of key coming events affecting God's people on earth, including the Gospel story is well documented in the following books, *The Witness of the Stars* by E. W. Bullinger and *The Gospel in the Stars* by Joseph A. Seiss. These books demonstrate how God used the heavenly alignment of stars and other heavenly bodies to create a "picture book,"

so to speak that would present the story of his future interactions with his people on earth.

The sign that we found will take place during the Feast of Trumpets, the first two days in the Feast of Tabernacles, a 23 day long celebration also called the Feast of Booths. It celebrates the time after the Exodus when the Israelites were wandering in a desert for 40 years with no permanent place to be called home. They slept in booths, makeshift shelters, during that whole period. It eventually led to their permanent homeland, their Promised Land. That would lead to a **New Day**, a **New Year**, so to speak, for the Israelites. In fact, The Feast of Trumpets starts on the first new moon of the fall season. The Jews also begin their new year on this same day. The Jews traditionally celebrate the Feast of Trumpets over a two day period since there may be some confusion about which of the two days would be the day when the new moon would actually first take place.

The key points that we want to take from this is that the Feast of Trumpets would represent the time when the Jews would have a new permanent dwelling in a new land of their own. Thus if we find a sign in the heavens at some time in the future that would in some way represent these features we might be on to something worth paying attention to. Well, we might have found something quite interesting to ponder. We will explain what we mean.

We began our search for some astronomical sign that might take place in the Mazzaroth during the timeframe of our postulated 13 year end time scenario in May, 2024. There were three particular timeframes of six months or so in length that would be of particular interest to us. These all involved the times when Jesus would be visiting the earth during either one of two rapture events or at the Second Coming event. These would be as follows if our postulated 13 year end time scenario is accurate:

- The general rapture in the last six months of 2037.
- The rapture of the two witnesses and those who were redeemed by their witness, then captured and killed by the forces of the antichrist; see Rev 6, 7, 11, 13, 14, 20. This period could stretch over the whole period from 2039 until 2042 depending on whether it involved a rapture or simply the return of Jesus to the Jews in spirit as they accepted him as their Messiah and Savior.
- The short period from late 2045 through early 2046 which would encompass the Second Coming of Jesus.

We will next present the sign that we found in the heavens in that timeframe that did seem to possibly be a good fit for our scenario in several ways. The particulars that we will present below were primarily found in the following sites,

**World Atlas.com and starwalk.space.** This sign involved a straight line alignment of the planets Mercury, Venus, Mars, Jupiter, Saturn and the crescent moon as seen from earth. There were several factors involved in this alignment and its timing that make it seem to be an incredibly good and enticing fit. We will break these factors down into two categories as follows: Category 1 will be associated with the timing of the sign itself and what that timing might mean. Category 2 will be associated with how the sign fits into the seven year tribulation period and 13 year end time scenario.

#### Category 1:

- We will first discuss the timing of the sign relative to the events in our 13 year end time scenario. The sign itself will take place on 8 September 2040. It will feature an alignment of the five planets in the constellation Libra, representing the scales of Justice in the Jewish Mazzaroth. In God's end time scenario this justice would be ultimate justice for all of those of all ages who have been believers in and followers of God and the one who he calls his son, Jesus the Christ. Ever since the fall of man, humans have been under a curse, so to speak, in that they have been constantly under attack from the forces for evil in the universe, all working under the red dragon, the one called Satan. All believers of all ages will finally be released from bondage from a body and mind that is constantly prone to the enticement of sinful behavior.
- Next we will discuss the timing of the sign relative to Jewish Feast Days. It turns out that the Feast of Trumpets takes place on 7-9 September in 2040. This feast starts the 23 day long Feast of Tabernacles celebration for the Jews in this particular year. As we said earlier that means that the Jewish new year will start at that time, coinciding with the sign that we are addressing. We recall that the sign will take place on 8 September and the Feast of Trumpets during 7-9 September, both in 2040. That may tell it all. If this really does turn out to be during the 13 year end time scenario then the new year that would be taking place would not only be a literal new year on the Jewish earthly calendar but it would be only a few months before the start of an entirely new type of new year. It would herald the soon arrival of the Second Coming of Jesus and the start of the 1000 year millennial period. That would mean a new home in a hugely enlarged state of Israel, a return to favor with God, a start of a new relationship with their Messiah, Jesus, and life in an entirely new body, their eternal glorified body. If our timing is close to being correct, the timing would be an incredibly good fit.
- Another correlation between the sign and the Feast of Trumpets is that the trumpeters blow their horn when they first see the sliver of a new moon. That would mean seeing a very small crescent moon. Guess what? The sign on 8

Sept 2040 will include a small crescent moon within the alignment of five planets.

- Another sign that this could be an incredibly good fit is from the fact that the sign takes place during the Feast of Trumpets. One key factor during the Feast of Trumpets is that it features the blowing of trumpets to signal that a new moon has been seen indicating the start of both a new month and also in this case a new year. 1 Cor 15:51-53 says that the blowing of the last trumpet is the signal that the rapture is about to take place. That again correlates with our sign which takes place during the Feast of Trumpets. Whew!!
- The Feast of Trumpets is the initial phase of the 23 day Feast of Tabernacles. In the year 2040 9/11 will take place right after the Feast of Trumpets during the Days of Awe, also early in the Feast of Tabernacles.

#### Category 2:

- From ancient times the Jewish people were taught that the Mazzaroth contained the story of a coming Messiah, a Savior, who would be the Son of the Father God, who would be born and live on earth as a human. The story included the fact that there would be a force for evil, a red dragon, who would oppose their Messiah in everything that he did. It is an incredibly accurate story that told what is now the past, the present and the future of the battle between God and evil and how the Jews would be involved. Each of the planets, the sun, moon, the constellations in and around the Mazzaroth and some of the brightest stars all had special meaning in this story. Much of this is presented in section 1 of this book. The symbolic meaning represented by objects in the sign that we will present below fits the narrative of their place in the future seven year tribulation period and 13 year end time scenario quite well as we will show.
- The moon represents the ruler of the darkness while the sun represents the ruler of the light.
- The planets represent the following in the order that they are placed in the solar system; Mercury as the messenger for Jesus, Venus as the mother of Jesus, Mars as the red dragon who is the opponent of Jesus, Jupiter as the ruler of the universe and Saturn as the protector of the Jewish people.
- There is one very interesting facet about the way in which the five planets are aligned. The planets Jupiter, representing the ruler of the universe and Saturn, representing the protector of the Jews are so close together that they appear to be becoming one. This is taking place during a time on earth when the Jewish people in mass are finally merging with Jesus. They are finally seeing the light of Jesus in all of its splendor and merging into that light. This

seems to make the sign an incredibly good fit for both the timeframe and the events taking place on earth as presented in Revelation.

- Another way of expressing this merger is as follows. Hosea says that God divorced himself from the Jewish people after a very long time during which they were committing adultery with false gods or idols. Hosea also says that God will remarry the Jews in the end times when they finally return to him. That seems to be taking place already, little by little, and will peak in the end times. When they are remarried to God the Father he will again become their protector, acting in his husbandly role. Meanwhile, Jesus will become their ruler on earth as he assumes his role as King of Kings and Lord of Lords of the whole earth as expressed in Revelation. Thus we again see the sign being played out as the ruler of the world is merged with the protector of the Jews. The Bible says over and over that as part of the Trinity, God the Father and Jesus the Son are One.

Overall these factors represent the continuously ongoing battle between the forces for good and evil in the world. Ultimately this is a battle between God, who is in the process of bringing about a conclusion to his plan to ultimately create an eternal bride for Jesus, his Son and Satan, the leader of the forces who are opposing God's plan and who ultimately want to become the rulers of the universe, replacing God and his forces.

The 13 year end time scenario and the 7 year period of great tribulation which starts the period are the timeframe for the ultimate battle between the forces for good and evil in the universe. Jesus and his army of angels will win this battle at the very end of the 7 year period and Satan will be thrown into the Abyss, along with his angels, for the next 1000 years according to Revelation 20.

If the timeframe for our 13 year end time scenario is really accurate then the sign that we are presenting would be about nine months before the middle of the tribulation period. That means that the two witnesses and the 144,000 newly sealed Jewish believers together would have had almost 3 years to be witnessing to and converting Jews to belief in Jesus. In Revelation we see them all being killed and raptured to heaven about 6 months past mid-tribulation. Anyway, this means that the sign would indicate that Jesus was coming to earth in spirit within a massive number of newly believing Jews. The timeframe does not quite fit the time for a rapture event if our 13 year end time scenario is accurate and our interpretation of Revelation is correct.

The other possibility is that we are a few months off in the time of the 7 year period of tribulation and the sign is pointing to the rapture of the new believers. We could also be 3 or 4 years off and the sign could then be pointing to either the original

rapture of the saints or the Second Coming of Jesus. So it seems that we may have possibly identified a good candidate for an end times sign that may point to Jesus' return.

As we are about to bring this book to a close we would like to summarize what we have covered in the two sections of this book. In the first section we presented several amazing signs that appeared in the heavens at events during and surrounding the conception and birth of Jesus. In the second section we presented a summary of the many reasons why the events during and surrounding the year 2041 are a good fit for the Biblical end time scenario. The material that we presented in the second section also demonstrated the following:

- clear evidence that the key events in the history of God's people were pre-planned,
- events that show that just as there were amazing signs in the heavens at the time of Jesus' First Coming there may also be signs in the heavens that will point to events surrounding his Second Coming to earth, and
- evidence that 9/11 calendar events may be clearly involved in both Jesus' First and Second Comings.

We have presented our evidence and made our case. The rest is up to the judge and the jury. Oh! In this case God is both the Judge and the Jury!

### **A Question for the Reader as we Close:**

What do you consider the most jaw-dropping event pattern that we have presented? From my personal perspective the most awesome event-patterns were those that were so preposterous that they proved beyond a shadow of a doubt that they had to be pre-planned and then intelligently executed by some higher power. It was very difficult for me to choose one pattern since so many of them were really incredible. After a good bit of intense thinking I finally chose the Global Reset event-pattern. This pattern relied heavily on a 500 year pattern that covered the whole 6000 years from the end of the Seventh Day of Creation until the 6000<sup>th</sup> year in 2041. Globally speaking it certainly had the biggest impact on the whole of the world's population all down through history. It featured the ongoing battle between the forces for good in the universe and the forces for evil led by the one the Bible refers to as "the dragon, the red dragon and the serpent." Our speculated end time scenario hosts the "Twin Global Reset Code" that is featured in this book.

There is a second, separate, 500 year event-pattern that we did not cover in this book that may be just as impactful as the twin global reset event pattern. We will present that equally incredible pattern as we close this book. That pattern revolves around the Jubilee year in the third year of Jesus' ministry on earth. That year ended just a few months before Jesus' crucifixion. We refer to that pattern as the "King of Kings Mega-Jubilee Event-Pattern." We call it the Mega-Jubilee event-pattern because it involves spacings of  $10 \times 50 = 500$  year time gaps between key events. We also call it the King of Kings event pattern because it converges in the timeframe when Jesus will become King of Kings of the whole earth according to our speculated 13 year end time scenario. It is very closely related to the global reset event-pattern because both are based on 500 year time gaps and both eventually converge in the time frame of the year 2041, and specifically in the same Jubilee pattern, the 70<sup>th</sup> Jubilee year pattern.

One of the most important features of this event pattern is that it rotates around the Jubilee year that took place in the third year of Jesus' ministry in AD 30 and it was the 30<sup>th</sup> such 50 year Jubilee period since 1399.4 BC. This was the time when the Israelites first entered their Promised Land and celebrated their first crop harvest. Other very key features about this event pattern are presented below.

All of the key events in the pattern take place in a series of precisely 500 year time gaps. The time gaps preceding the Jubilee year just before Jesus' death were as follows. It was precisely:

- One 500 year time gap back to the Jubilee year in 463.025 BC, the year when Artaxerxes became king of Persia; he would issue edicts allowing Ezra and Nehemiah to return to Jerusalem with the valuables the Babylonians had taken from the Temple and then to rebuild the city walls.
- Two 500 year time gaps back to the Jubilee year in 955.85, thus marking the first time that a Jubilee year could be celebrated in a Temple in Jerusalem since the building of the first Temple had recently concluded.
- Three 500 year time gaps back to the Jubilee year in 1448.68 BC, precisely two 500 year Patriarchal Mega-Jubilee periods after the start of the great flood and one more 50 year period until the Israelites would celebrate their first Jubilee in their new Promised Land; it was also nearing the end of the 400 year exile in slavery in Egypt and exactly 10 years before the Exodus.
- Four 500 year time gaps back to 1941.5 BC, the year of the death of Shem, the last living original patriarch who had been on the Ark with Noah and his family; this would thus mark the start of a totally new witness group for God on earth, the descendents of Abraham.

- Five 500 year time gaps back to the Jubilee year in 2434.33 BC, the time of the start of the great flood.
- Eight 500 year time gaps back to 3912.8 BC, precisely one 40 year exile period after the end of the seventh 1000 year day of creation and one 50 year Jubilee period after the start of God beginning his countdown of 40 year judgment periods for his people on earth.
- We said that this 500 year event pattern revolved around the death of Jesus and the Jubilee year just preceding it. We have so far only presented the events that occurred in this pattern as we went backwards in time from Jesus' death to the end of the creation event nearly 4000 years before it. Now we need to present the pattern heading forward in time from the death of Jesus to the still future 6000<sup>th</sup> year after the creation event. That is another period of 4 500 year Mega-Jubilee periods. That would take us to the start of the 70<sup>th</sup> Jubilee period that runs from AD 2001 to 2051. This is the home for our speculated 13 year end time scenario and the time when Jesus will return to earth to set up his millennial kingdom. We can see that this pattern covers the whole 6000 years since the end of the 7<sup>th</sup> day of creation.

This particular set of event patterns is clearly revolving around one particular date and one particular person and event. That person is Jesus, the one called the Son of God, the Messiah, the Lion of the tribe of Judah, the King of Kings and Lord of Lords, the Lamb, etc. Jesus himself said in John 14:6 that he was “the Way, the Truth and the Life; that nobody could come to the Father except through him.” He further said in 1John 1 that he was the Word and was with God from the beginning and in fact that he was God. He went on to say that he became flesh, a man, and that he came to earth to live among humans.

At the very end of his earthly life he allowed himself to be sacrificed as an offering for the sins of all people, past, present and future. In the book of Hebrews, in Chapter 10, it clearly says that God had one criteria for entering heaven; a person must be perfect in his eyes. It also says that if a person accepts Jesus' sacrifice for the forgiveness of their sins that God will then look at them as perfect in his eyes, as sinless, since the blood of Jesus had washed away all of their sins. That sacrifice offered by Jesus is painted as the one and only antidote for sin.

This incredible event pattern again shows us that there is clearly some incredibly powerful mastermind behind the event patterns that we have presented in this now five book series. We have demonstrated over and over in this book series that it is clearly and absolutely the God of the Christian Bible. Simply go to my website, [www.proofthruprophecy.com](http://www.proofthruprophecy.com) if you would like to find out how you can

become a follower of the creator of every one of these event-patterns, in fact the whole universe in which we live as well as the future paradise like kingdom that we have been describing in this book.

**The Revelation of What Should Be a**

**Great Expectation**  
**for**  
**Bible Believing**  
**Christians**

The Great Expectation is that Jesus will soon return to this earth and in a timeframe all spelled out within hidden Bible codes. This book reveals that timeframe. It reveals that the Christian Bible contains a set of over 100 key events that have taken place over the last 6000 years. These events took place in precise patterns involving their themes and spacing's. This information was coded in a way that would make it difficult to find. This book reveals the codes that unlock the nature and timeframe of that Great Expectation. It also reveals the supernatural nature of God through discovery of many of the secret means that God has been using to accomplish his ultimate purpose for the people of earth.

## WHY YOU SHOULD READ THIS BOOK

1. It demonstrates that a vast number of events involving God's people, first the pre-flood patriarchs, then the descendents of Abraham, Isaac and Jacob and finally the Christians had to be predestined by showing that they have occurred in predictable patterns involving the time spacing between key events. These events have taken place in patterns that are equally-spaced, similarly-themed with their start being at the end of the seventh day of creation and continuing for the whole 6000 years leading to our generation.
2. There are two sets of these equally-spaced similarly-themed event patterns that are spaced exactly ten years apart that travel together all the way through the 6000 years of recorded human history on earth. The first set of patterns always involves those referred to as Gentiles while the second set of patterns applies to those called God's chosen people. It seems that future events are very likely to fall into these same two sets of predictable patterns.
3. The themes of these patterns all fit the thematic way that God used the numbers denoting the time spacings between events within the Bible in a perfect way. For example 40 and 400 stand for periods of exile for God's people and 50 and 500 stand for periods of Judgment.
4. A database of about 200 historical and prophesied future events of great importance to God's people that all fit into these precise event patterns is presented in the book. The precise times when many of these events would occur was prophesied by the pre-flood patriarch Enoch, including some of the yet future events. Enoch was apparently raptured to heaven without dying in about the year 3100 BC. Many of these events that have already taken place occurred at the precise time prophesied by Enoch.
5. Also, several prophecies made by Ezekiel have been fulfilled precisely in the last 200 years, to the very year. These are all presented in detail. A couple more of Ezekiel's prophecies are to be fulfilled within the next 20 years or so. Will they be fulfilled as precisely as those already fulfilled?
6. Precise fits for several of Daniel's puzzling end time prophecies were discovered and presented in the book. These included the 2300 days end time prophecy of Daniel 8 and the 7+62+1 prophecy of Daniel 9. These are incredible.
7. A precise fit for an event pattern that runs from the great flood to the year 1948 and the rebirth of Israel is presented. It fits perfectly in both theme and timeframe.
8. An event pattern associated with the Angel of Death was discovered and it seems to have an upcoming convergence later in our generation. When will that be and how really ominous will it be?
9. An event pattern that could be associated with both the First and Second comings of Jesus to earth was discovered. It could be associated with Jesus' next coming to earth, which will be the rapture of the Saints. Does this pattern point to our generation in the future years?

10. In Matthew 24 Jesus seems to be saying that the generation that sees the rebirth of Israel as a nation will also see his return to earth. That led us to ask: what is the length of a generation in the Bible? Are you curious about the answer to that question? Ninety is God's number for a full season. 2038 will be 90 years since 1948. Will the rapture of the saints take place at the end of a full season?

11. To find the answer to these and many other puzzling questions simply read the book. The major theme to the book is simply trying to answer this question. Is our generation a good fit for the Biblical end time scenario?

Why are we compiling this list of questions that we attempt to answer in our book, *Cracking the Twin Global Reset Code*? It is simply to create an interest in the book in both the Bible prophecy scholar and the Bible prophecy novice. I believe that my career as a senior scientist in DoD may give me a different perspective. I believe that I have discovered some things that should be of interest to even the greatest prophecy experts.

Also I believe that anyone living in today's world who is paying even a little attention to world events must be wondering "where is this world headed?" They are seeing flying saucers, artificial intelligence, countries being overrun by illegal aliens, teens dying by the tens of thousands from illegal drugs, former respectable media sources that can no longer be trusted to present the truth. We seem to be experiencing the knowledge explosion prophesied by the prophet Daniel in about 535 BC. Simply stated, the book may help answer many of these questions. I hope you are one of the enlightened who are asking one of these questions. Our conclusion after attempting to answer all of these questions along with several other similar questions and then pondering the answers can only be this; all of the event patterns taking place in our event database could not have all simultaneously taken place by mere accident or chance.

All of the major events occurring in these patterns had to be pre-planned even before the creation of the world. All of the major events, their outcomes and exact timing had to be precisely pre-planned. Foreknowledge alone could not possibly yield what we are seeing in the precise themes and spacings in the event patterns that have taken place over the last 6000 years. That clearly proves that God used pre-destination. It also proves that he pre-ordained these events to take place precisely when he wanted them to take place. What else do you think that this incredible set of patterns proves? We believe that this book is well worth your reading and pondering.
